Consolidated Appropriations Act of 2021 Notice

Consolidated Appropriations Act of 2021 (CAA)

The Consolidated Appropriations Act of 2021 (CAA) is a federal law that includes the No Surprises Act as well as the Provider transparency requirements that are described below.

The CAA provisions within this Plan apply unless state law or any other provisions within this Plan are more advantageous to you.

Federal Surprise Billing Claims

Federal Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- Out-of-Network Air Ambulance Services.

No Surprises Act Requirements

Out-of-Network Air Ambulance Services

When you receive Covered Services from an Out-of-Network Air Ambulance Provider, your Out-of-Pocket costs will be limited to amounts that would apply if the Covered Service had been furnished by an In-Network Air Ambulance Provider.

How Cost Shares Are Calculated

Your cost shares for Federal Surprise Billing Claims will be calculated based on the Recognized Amount. Any Out-of-Pocket cost shares you pay to an Out-of-Network Provider for Covered Services provided by an Out-of-Network Provider at an In-Network Facility or for Covered Services provided by an Out-of-Network Air Ambulance Service Provider will be applied to your In-Network Out-of-Pocket Limit.

Appeals

If you receive Out-of-Network Air Ambulance Services and believe those services are covered by the No Surprises Act, you have the right to appeal that claim. If your appeal of a Federal Surprise Billing Claim is denied, then you have a right to appeal the adverse decision to an Independent Review Organization as set out in the "Grievance and External Review Procedures" section of this Benefit Book.

Provider Directories

Anthem is required to confirm the list of In-Network Providers in its Provider Directory every 90 days. If you can show that you received inaccurate information from Anthem that a Provider was In-Network on a particular claim, then you will only be liable for In-Network cost shares (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your In-Network cost shares will be calculated based upon the Maximum Allowed Amount.

Transparency Requirements

Anthem provides the following information on its website (i.e., www.anthem.com):

- Protections with respect to Federal Surprise Billing Claims by Providers, including information on how to contact state and federal agencies if you believe a Provider has violated the No Surprises Act.

You may also obtain the following information on Anthem's website or by calling Member Services at the phone number on the back of your ID Card:

- Cost sharing information for covered items, services, and drugs, as required by the Centers for Medicare & Medicaid Services (CMS); and
- A listing / directory of all In-Network Providers.

In addition, Anthem will provide access through its website to the following information:

- In-Network negotiated rates; and
- Historical Out-of-Network rates.

Federal Patient Protection and Affordable Care Act Notices

Choice of Primary Care Physician

We generally allow the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in our network and who is available to accept you or your family members. For information on how to select a PCP, and for a list of PCPs, contact the telephone number on the back of your Identification Card or refer to our website, www.anthem.com. For children, you may designate a pediatrician as the PCP.

Access to Obstetrical and Gynecological (ObGyn) Care

You do not need prior authorization from us or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services or following a pre-approved treatment plan. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the telephone number on the back of your Identification Card or refer to our website, www.anthem.com.

Additional Federal Notices

Statement of Rights under the Newborns' and Mother's Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Statement of Rights under the Women's Cancer Rights Act of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. (See the "Schedule of Benefits" for details.) If you would like more information on WHCRA benefits, call us at the number on the back of your Identification Card.

Coverage for a Child Due to a Qualified Medical Support Order ("QMCSO")

If you or your spouse is required, due to a QMCSO, to provide coverage for your child(ren), you may ask the Group to provide you, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on Mental Health and Substance Use Disorder benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering Mental Health and Substance Use Disorder benefits cannot set day/visit limits on Mental Health and Substance Use Disorder benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on Mental Health and Substance Use Disorder benefits offered under the Plan.

The Mental Health Parity and Addiction Equity Act also provides for parity in the application of nonquantitative treatment limitations (NQTL). An example of a nonquantitative treatment limitation is a precertification requirement.

Also, the Plan may not impose Deductibles, Copayment, Coinsurance, and out of pocket expenses on Mental Health and Substance Use Disorder benefits that are more restrictive than Deductibles, Copayment, Coinsurance and out of pocket expenses applicable to substantially all other medical and surgical benefits in the same classification. Medical Necessity criteria and other plan documents showing comparative criteria, as well as the processes, strategies, evidentiary standards, and substantially all factors used to apply an NQTL are available upon request.

Statement of ERISA Rights

Please note: This section applies to employer sponsored plans **other than** Church employer groups and government groups. If you have questions about whether this Plan is governed by ERISA, please contact the Plan Administrator (the Group).

The Employee Retirement Income Security Act of 1974 (ERISA) entitles you, as a Member of the Group under this Contract, to:

- Examine, without charge, at the Plan Administrator's office and at other specified locations such as worksites and union halls, all plan documents, including insurance contracts, collective bargaining agreements and copies of all documents filed by this plan with the U.S. Department of Labor, such as detailed annual reports and plan descriptions;
- Obtain copies of all plan documents and other plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for these copies; and
- Receive a summary of the plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for you and other employees, ERISA imposes duties on the people responsible for the operation of your employee benefit plan. The people who operate your plan are called plan fiduciaries. They must handle your plan prudently and in the best interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your right under ERISA. If your claim for welfare benefits is denied, in whole or in part, you must receive a written explanation of the reason for the denial. You have the right to have your claims reviewed and reconsidered.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan Administrator and do not receive them within 30 days, you may file suit in a federal court. In such case, the court may require the Plan Administrator to provide you the materials and pay you up to $110 a day until you receive the materials, unless the materials are not sent because of reasons beyond the control of the Plan Administrator. If your claim for benefits is denied or ignored, in whole or in part, you may file suit in a state or federal court. If plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or may file suit in a federal court. The court will decide who should pay court costs and legal fees. It may order you to pay these expenses, for example, if it finds your claim is frivolous. If you have any questions about your plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Notices Required by State Law

Some Hospitals and other Providers do not provide one or more of the following services that may be covered under your Plan Contract and that you or your Dependent might need:

- **Family planning;**
- **Contraceptive services, including Emergency contraception;**
- **Sterilization, including tubal ligation at the time of labor and delivery;**
- **Infertility treatments; or**
- **Abortion.**

You should obtain more information before you enroll. Call your prospective Doctor, Medical Group, independent practice association, or clinic, or call Member Services toll free at the telephone number on the back of your Identification Card to ensure that you can obtain the health care services that you need.

Notice of Non-Discrimination

Anthem Blue Cross does not discriminate on the basis of race, color, national origin, ancestry, religion, sex, marital status, gender, gender identity, sexual orientation, age, or disability.

For information on how to file a complaint, please see "Grievance And External Review Procedures." To file a discrimination complaint, please see "Getting Help In Your Language" at the end of this Booklet.

Confidential Communications of Medical Information

Any Member, including an adult or a minor who can consent to a health care service without the consent of a parent or legal guardian, pursuant to state or federal law, may request confidential communication, either in writing or electronically. A request for confidential communication can be sent in writing to Anthem Blue Cross, P.O. Box 60007, Los Angeles, CA 90060-0007. An electronic request can be made by following steps at our website, www.anthem.com. You may also call Member Services at the phone number on the back of your Identification Card for more details.

The confidential communication request will apply to all communications that disclose medical information, including mental health, reproductive or sexual health application information, or a Provider's name and address related to the medical services received by the individual requesting the confidential communication.

A confidential communication request will be valid until either a revocation of the request is received from the Member who initially requested the confidential communication, or a new confidential communication request is received.

Anthem will implement the confidential communication request within seven (7) calendar days of receiving an electronic request or a request by phone, or within fourteen (14) calendar days from the date we receive a written request by first-class mail. We will also acknowledge that we received the request and will provide status if the Member contacts us.

Telehealth Provider Visits

Seeing a Provider by phone or video is a convenient way to get the care you need. Anthem contracts with telehealth companies to give you access to this kind of care. We want to make sure you know how your health benefits work when you see one of these Providers:

- Your Plan covers the telehealth visit just like an office visit with a Provider in your Plan's network.
- Any out-of-pocket costs you have from the telehealth visit count toward your Plan's Deductible and Out-of-Pocket Limit, just like any other care you receive.
- You have a right to review the medical records from your telehealth visit.
- If we have the necessary information, your medical records from your telehealth visit will be shared with your current and established Primary Care Provider as permitted by state and federal law, unless you tell us not to share them.

Our top priority is making sure you can get the healthcare you need, when you need it. If you have questions about how your Plan covers telehealth visits, log in to www.anthem.com to view your benefits. Or call us at the Member Services number on your ID Card.

Community Assistance, Recovery, and Empowerment (CARE) Act

Benefits are provided for all health care services or Prescription Drugs a Member receives when required or recommended for the Member pursuant to a CARE agreement or CARE plan approved by a court in accordance with the court's authority under Sections 5977.1, 5977.2, 5977.3, and 5982 of the Welfare and Institutions Code. Anthem will cover the cost of developing an evaluation pursuant to Section 5977.1 of the Welfare and Institutions Code and the provision of all healthcare services for a Member when required or recommended for the Member pursuant to a CARE agreement or a CARE plan approved by a court in accordance with the court's authority, regardless of whether the service is provided by an In Network or Out of Network Provider.

Precertification is not required for Covered Services in this provision, except for Prescription Drugs which will still require prior authorization. Covered Services under this provision are subject to post claims review, however, to determine appropriate payment of a claim. Payment for Covered Services in this provision may be denied only if we reasonably determine that you were not insured at the time of service, that the services were never performed, or that the services were not provided by a health care Provider appropriately licensed to provide the services.

Services provided to a Member pursuant to a CARE agreement or CARE plan, excluding Prescription Drugs, are not subject to a Copayment, Coinsurance or Deductible. Members cannot be billed for any services pursuant to a CARE agreement or CARE plan, regardless if the services are received from In-Network or Out-of-Network Providers.

Cost shares for Prescription Drugs are subject to your Plan's benefits. Please see the "Schedule of Benefits" for details on your cost shares. Also, for more information on covered Prescription Drugs, please refer to your Plan's "Prescription Drug Retail Pharmacy and Home Delivery (Mail Order)" and "Prescription Drugs Administered by a Medical Provider" benefits.

Notice of Reproductive Rights When Plan Exclusions Exist for Contraceptives, Abortion, and/or Sterilization

If you're enrolled with us through a religious employer that does not include coverage and benefits for abortion and contraception, this Plan does not include the below listed benefits. However, the below listed benefits may be available at no cost through the California Reproductive Health Equity Program.

Abortion

Abortion and abortion-related services, including pre-abortion and follow-up services.

Contraception

All FDA-approved contraceptive drugs, devices, and other products, including all FDA-approved contraceptive drugs, devices, and products available over-the-counter; clinical services related to the provision or use of contraception, including consultations, examinations, procedures, device insertion, ultrasound, anesthesia, patient education, referrals, and counseling; follow-up services related to the FDA-approved contraceptive drugs, devices, products, and procedures, including, but not limited to, management of side effects, counseling for continued adherence, and device removal; sterilization services, such as vasectomy and tubal ligation.

Mental Health and Substance Use Disorder (Chemical Dependency) Services

You have a right to receive timely and geographically accessible Mental Health/Substance Use Disorder (MH/SUD) services when you need them. If Anthem fails to arrange those services for you with an appropriate provider who is in the health plan's network, the health plan must cover and arrange needed services for you from an out-of-network provider. If that happens, you do not have to pay anything other than your ordinary in-network cost-sharing.

If you do not need the services urgently, your health plan must offer an appointment for you that is no more than 10 business days from when you requested the services from the health plan. If you urgently need the services, your health plan must offer you an appointment within 48 hours of your request (if the health plan does not require prior authorization for the appointment) or within 96 hours (if the health plan does require prior authorization).

If your health plan does not arrange for you to receive services within these timeframes and within geographic access standards, you can arrange to receive services from any licensed provider, even if the provider is not in your health plan's network. To be covered by your health plan, your first appointment with the provider must be within 90 calendar days of the date you first asked the plan for the MH/SUD services.

If you have questions about how to obtain MH/SUD services or are having difficulty obtaining services you can: 1) call your health plan at the telephone number on the back of your health plan identification card; 2) call the California Department of Managed Care's Help Center at 1-888-466-2219; or 3) contact the California Department of Managed Health Care through its website at www.healthhelp.ca.gov to request assistance in obtaining MH/SUD services.

Timely Access to Care

Anthem has contracted with health care service Providers to provide Covered Services in a manner appropriate for your condition, consistent with good professional practice. Anthem ensures that its contracted Provider networks have the capacity and availability to offer appointments within the timeframes specified below. Where there is no In-Network Provider available for a Medically Necessary Covered Service, an Authorized Referral for an Out-of-Network Provider may be provided at the In-Network cost share amounts (Deductible, Copayment, and/or Coinsurance). If you receive prior authorization for an Out-of-Network Provider due to network adequacy issues, you will not be responsible for the difference between the Provider's Out-of-Network charge and the Maximum Allowed Amount. Please contact Member Services at the telephone number on the back of your Identification Card for Authorized Referrals information or to request authorization.

For Medical care:

- **Non-Urgent follow up appointments with Mental Health and Substance Use Disorder providers who are not psychiatrists:** within ten (10) business days of the prior appointment for those undergoing a course of treatment for an ongoing Mental Health or Substance Use Disorder condition. This does not limit coverage to once every 10 business days;
- **Non-Urgent appointments with Mental Health and Substance Use Disorder providers who are psychiatrists:** within fifteen (15) business days of the request for an appointment. Due to accreditation standards, the date will be ten (10) business days for the initial appointment only.

If a health care Provider determines that the waiting time for an appointment can be extended without a detrimental impact on your health, the Provider may schedule an appointment for a later time than noted above.

Anthem arranges for telephone triage or screening services for you twenty-four (24) hours per day, seven (7) days per week with a waiting time of no more than thirty (30) minutes. If Anthem contracts with a health care service Provider for telephone triage or screening services, the Provider will utilize a telephone answering machine and/or an answering service and/or office staff, during and after business hours, to inform you of the wait

time for a return call from the Provider or how the Member may obtain Urgent or Emergency Care or how to contact another Provider who is on-call for telephone triage or screening services.

For Vision care:

- **Urgent Care appointments:** within seventy-two (72) hours of the request for an appointment;
- **Non-Urgent appointments:** within thirty-six (36) business days of the request for an appointment;

- **After-hours care (when a vision provider's office is closed):** In-Network Providers are required to have an answering service or a telephone answering machine during non-business hours, which will provide instructions on how you can obtain Urgent or Emergency Care including, when applicable, how to contact another vision provider who has agreed to be on-call to triage or screen by phone, or if needed, deliver Urgent or Emergency Care;
- **Question for Anthem's Member Services by telephone on how to get care or solve a problem:** ten (10) minutes to reach a live person by phone during normal business hours.

For Medical and Vision care:

If you need the services of an interpreter, the services will be coordinated with scheduled appointments and will not result in a delay of an In-Network appointment.

Introduction

Welcome to Anthem!

We are pleased that you have become a Member of our health benefit Plan. We want to make sure that our services are easy to use. We've designed this Booklet to give a clear description of your benefits, as well as our rules and procedures.

The Booklet explains many of the rights and duties between you and us. It also describes how to get health care, what services are covered, and what part of the costs you will need to pay. Many parts of this Booklet are related. Therefore, reading just one or two sections may not give you a full understanding of your coverage. You should read the whole Booklet to know the terms of your coverage. **This Booklet constitutes only a summary of the health Plan. The health Plan Contract (Group Contract) must be consulted to determine the exact terms and conditions of coverage.**

Please read this Booklet completely and carefully. Individuals with special health care needs should carefully read those sections that apply to them. YOU HAVE THE RIGHT TO VIEW THE BOOKLET PRIOR TO ENROLLMENT.

Your Group has agreed to be subject to the terms and conditions of Anthem's Provider agreements which may include pre-service review and utilization management requirements, coordination of benefits, timely filing limits, and other requirements to administer the benefits under this Plan.

This Booklet replaces any Booklet issued to you in the past. The coverage described is based upon the terms of the Group Contract issued to your Group, and the Plan that your Group chose for you. The Agreement, this Booklet, and any endorsements, amendments or riders attached, form the entire legal Contract under which Covered Services are available.

Many words used in the Booklet have special meanings (e.g., Group, Covered Services, and Medical Necessity). These words are capitalized and are defined in the "Definitions" section. See these definitions for the best understanding of what is being stated. Throughout this Booklet you will also see references to "we," "us," "our," "you," and "your." The words "we," "us," and "our" mean Blue Cross of California dba Anthem Blue Cross (Anthem) or any of our subsidiaries, affiliates, subcontractors, or designees. The words "you" and "your" mean the Member, Subscriber and each covered Dependent.

If you have any questions about your Plan, please be sure to call Member Services at the number on the back of your Identification Card. Also be sure to check our website, www.anthem.com for details on how to find a Provider, get answers to questions, and access valuable health and wellness tips. Thank you again for enrolling in the Plan!

High-Deductible Health Plan for Use with Health Savings Accounts

This Plan is meant to be federally tax qualified and used with a qualified health savings account. Approval by the California Department of Managed Health Care (DMHC) does not guarantee tax qualification and this Plan has not been submitted for approval by the IRS. Please seek the advice of a tax advisor.

How to Get Language Assistance

Anthem introduced its Language Assistance Program to provide certain written translation and oral interpretation services to California Members with limited English proficiency.

The Language Assistance Program makes it possible for you to access oral interpretation services and certain written materials vital to understanding your health coverage in a timely manner. Interpretation services are offered to you at no cost, even if you are accompanied by a family member or friend who can provide interpretation services.

Written materials available for translation include Grievance and appeal letters, consent forms, claim denial letters, and explanations of benefits. These materials are available in the top 15 languages as determined by state law.

Oral interpretation services are also available in these languages.

In addition, appropriate auxiliary aids and services, including qualified interpreters for individuals with disabilities and information in alternate formats are also available, free of charge and in a timely manner, when those aids and services are necessary to ensure an equal opportunity for individuals with disabilities to effectively communicate with us.

Requesting a written or oral translation is easy. Just contact Member Services by calling the phone number on your Identification Card to update your language preference to receive future translated documents or to request interpretation assistance. Anthem also sends/receives TDD/TTY messages at (866) 333-4823 or by using the National Relay Service through 711. A special operator will get in touch with us to help with your needs. For more information about the Language Assistance Program visit www.anthem.com.

Table of Contents

Schedule of Benefits

In this section you will find a Schedule of Benefits that sets forth a summary of common benefits available under your Plan. The Schedule of Benefits does not list all benefits available under your Plan or their cost shares, or explain benefits, exclusions, limitations, cost shares, Deductibles or out of pocket limits. For a complete explanation, you should read the whole Booklet to know the terms of your coverage because many parts of this Booklet are related. Therefore, reading just one or two sections may not give you a full understanding of your coverage. Please read the "What's Covered" and Prescription Drugs section(s) for more details on the Plan's Covered Services. Read the "What's Not Covered" section for details on Excluded Services.

All Covered Services must be Medically Necessary and are subject to the conditions, Exclusions, limitations, and terms of this Booklet including any endorsements, amendments, or riders.

IMPORTANT NOTE: To get the highest benefits at the lowest out-of-pocket cost, you must get Covered Services from an In-Network Provider. Benefits for Covered Services are based on the Maximum Allowed Amount, which is the most the Plan will allow for a Covered Service. Except for Federal Surprise Billing Claims, when you use an Out-of-Network Provider you may have to pay the difference between the Out-of-Network Provider's billed charge and the Maximum Allowed Amount in addition to any Coinsurance, Copayments, Deductibles, and non-covered charges. This amount can be substantial. Please read the "Claims Payment" section for more details.

If we fail to arrange services for the Medically Necessary treatment of a Mental Health or Substance Use Disorder, you may arrange to obtain care from any appropriately licensed Provider(s), regardless of whether the Provider is In-Network or Out-of-Network, so long as your first appointment with the Provider or admission to the Provider occurs no more than 90 calendar days after the date the request for covered Medically Necessary Mental Health or Substance Use Disorder services was initially submitted to us. If an appointment or admission to a Provider is not available within 90 calendar days of initially submitting a request, you may arrange an appointment or admission for the earliest possible date outside the 90-day window so long as the appointment or admission was confirmed within 90 days.

Additionally, if you receive services for the Medically Necessary treatment of a Mental Health or Substance Use Disorder from an Out-of-Network Provider, we will reimburse all claims from the Provider(s) for the Medically Necessary treatment of a Mental Health or Substance Use Disorder services delivered to you by the Provider(s). You will pay no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider.

Certain services require prior authorization in order for benefits to be provided. In-Network Providers will initiate the review on your behalf. An Out-of-Network Provider may or may not initiate the review for you. In both cases, it is your responsibility to initiate the process and ask your Physician to request prior authorization. You may also call us directly. Please see "Getting Approval for Benefits" for more details.

Deductibles, Coinsurance, and Benefit Period Maximums are calculated based upon the Maximum Allowed Amount, not the Provider's billed charges. Cost sharing for services with Copayments is the lesser of the Copayment amount or the Maximum Allowed Amount.

If you have a question about your condition or about a plan of treatment which your Physician has recommended, you may receive a second medical opinion from another Physician. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this Plan. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose an In-Network Provider. You may also ask your Physician to refer you to an In-Network Provider to receive a second opinion.

Once the Out-of-Pocket Limit is satisfied, you will not have to pay any additional Deductibles, Coinsurance or Copayments for the rest of the Benefit Period, except for the services listed above. The In-Network and Out-of-Network Out-of-Pocket Limits are separate and do not apply toward each other.		

Important Notice about Your Deductible and Out of Pocket Limit Accrual Balances

We are required to provide you with the accrual towards your Deductible(s), if any, and Out of Pocket Limit balance(s) every month in which your benefits were used until the accrual balances equal the full amount of the Deductible(s) and/or Out of Pocket Limit(s). If you have questions or wish to opt-out of these mailed accrual notifications and receive the notifications electronically, call the Member Services number on the back of your ID Card or access our website at www.anthem.com.

Important Notice about Your Cost Shares

In certain cases, if we pay a Provider amounts that are your responsibility, such as Deductibles, Copayments or Coinsurance, we may collect such amounts directly from you. You agree that we have the right to collect such amounts from you.

When you receive Emergency services (except certain ambulance services) from an Out-of-Network Provider within California, you will not be responsible for amounts in excess of the Reasonable and Customary Value.

The tables below outline common Covered Services and the cost shares you must pay. The table does not list all Covered Services available under your Plan, nor does it list within each Covered Service all settings where that service may be received. If a benefit is available in another setting you may determine the applicable cost shares you must pay by referring to that setting. For example, you might get physical therapy in a Doctor's office, an outpatient Hospital Facility, or during an inpatient Hospital stay. For services in the office, look up "Office and Home Visits." For services in the outpatient department of a Hospital, look up "Outpatient Facility Services." For services during an inpatient stay, look up "Inpatient Services." For services involving mental health, substance use disorder, or behavioral health treatment for autism spectrum disorders, look up "Mental Health and Substance Use Disorder (Chemical Dependency) Services."

If the retail price for a covered Prescription and/or refill is less than the applicable Copayment amount, you will not be required to pay more than the retail price. The retail price paid will constitute the applicable cost sharing and will apply toward the Deductible, if any, and the Out-of-Pocket Limit in the same manner as a Copayment or Coinsurance. **Day Supply Limitations –** Prescription Drugs will be subject to various day supply and quantity limits. Certain Prescription Drugs may have a lower day-supply limit than the amount shown below due to other Plan requirements such as prior authorization, quantity limits and/or age limits and utilization guidelines including clinical criteria and recommendations of state and federal agencies. If the quantity of the drug dispensed is reduced due to clinical criteria and/or recommendations of governmental agencies, the Prescription is considered complete.

Please see “Specialty Pharmacy” in the section “Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy” for further details. When you get Specialty Drugs from the Specialty Pharmacy, you will have to pay the same Copayments / Coinsurance you pay for a 30-day supply at a Retail Pharmacy. Schedule II Controlled Substances

Prescription Orders for Schedule II controlled substances may be partially filled by a pharmacist, if requested by you or your Physician. A partial fill means a part of a Prescription Order filled that is of a quantity less than the entire prescription. For oral, solid dosage forms of prescribed Schedule II controlled substances that are partially filled, your cost share will be prorated accordingly.

How Your Plan Works

Introduction

Your Plan is a PPO plan. The Plan has two sets of benefits: In-Network and Out-of-Network. If you choose an In-Network Provider, you will pay less in out-of-pocket costs, such as Copayments, Deductibles, and Coinsurance. If you use an Out-of-Network Provider, you will have to pay more out-of-pocket costs. (**Note:** If you receive services from an In-Network Facility in California, at which or as a result of which, you receive non-Emergency Covered Services provided by an Out-of-Network Provider, you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see "Member Cost Share" in the "Claims Payment" section for more information.) Cost sharing for services with Copayments is the lesser of the Copayment amount or the Maximum Allowed Amount.

To find an In-Network Provider for this Plan, please see "How to Find a Provider in the Network," later in this section.

Choice of Hospital, Skilled Nursing Facility, Attending Physician and Other Providers of Care

Nothing contained in this Booklet restricts or interferes with your right to select the Hospital, Skilled Nursing Facility, attending Physician or other Providers of your choice. However, your choice may affect the benefits payable according to this Plan.

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED.

In-Network Services

To maximize your benefits, be sure to confirm that the Provider you wish to see is an In-Network Provider with your Plan. Do not assume that an Anthem Provider is participating in the network of Providers participating on your Plan. Claims paid for Out-of-Network Provider services may mean a higher financial responsibility for you. However, if you receive services from an In-Network Facility in California, at which or as a result of which, you receive non-Emergency Covered Services provided by Out-of-Network Providers, you will pay no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see "Member Cost Share" in the "Claims Payment" section for more information.

When you use an In-Network Provider or get care as part of an Authorized Referral, Covered Services will be covered at the In-Network level. Benefits will be denied for care that is not a Covered Service.

If you receive Covered Services from an Out-of-Network Provider after we failed to provide you with accurate information in our Provider Directory, or after we failed to respond to your telephone or web-based inquiry within the time required by federal law, your cost share for Covered Services will be based on the In-Network level.

Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service.

In-Network Providers include Primary Care Physicians / Providers (PCPs), Specialists (Specialty Care Physicians / Providers – SCPs), other professional Providers, Hospitals, and other Facilities who contract with us to care for you. Referrals are never needed to visit an In-Network Specialist, including behavioral health Providers.

It is important to understand that you may be referred by Anthem In-Network Providers to other Providers who may be contracted with Anthem, but are not part of your Plan's network of In-Network Providers.

It is your responsibility to confirm that the Provider you are seeing or have been referred to see is an In-Network Provider with your Plan. While your Plan has provided a network of In-Network Providers, it is important to understand that Anthem has many contracting Providers who are not participating in the network of Providers for your Plan. Any claims incurred with an Anthem participating Provider, who is not participating in your network panel of Providers, will be paid as Out-of-Network Provider services, even if you have been referred by another Anthem participating Provider. However, if you receive services from an In-Network Facility in California at which, or as a result of which, you receive non-Emergency Covered Services provided by an Out-of-Network Provider, you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see "Member Cost Share" in the "Claims Payment" section for more information.

To see a Doctor, call their office:

- Tell them you are an Anthem Member,
- Have your Member Identification Card handy. The Doctor's office may ask you for your group or Member ID number,
- Tell them the reason for your visit.

When you go to the office, be sure to bring your Member Identification Card with you.

For services from In-Network Providers:

- You will not need to file claims. In-Network Providers will file claims for Covered Services for you. (You will still need to pay any Coinsurance, Copayments, and/or Deductibles that apply.) You may be billed by your In-Network Provider(s) for any non-Covered Services you get or when you have not followed the terms of this Booklet.

- Precertification will be done by the In-Network Provider. (See the "Getting Approval for Benefits" section for further details.)

Please read the "Claims Payment" section for additional information on Authorized Referrals.

After Hours Care

If you need care after normal business hours, your Doctor may have several options for you. You should call your Doctor's office for instructions if you need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens. If you have an Emergency, call the 911 Emergency response system or the 988 suicide and crisis lifeline or go to the nearest Emergency Room.

Out-of-Network Services

When you do not use an In-Network Provider or get care as part of an Authorized Referral, Covered Services are covered at the Out-of-Network level, unless otherwise indicated in this Booklet.

For services from an Out-of-Network Provider:

- The Out-of-Network Provider can charge you the difference between their bill and the Plan's Maximum Allowed Amount, except for Emergency Care, and certain non-Emergency Covered Services that you

receive from an Out-of-Network Provider while you are at an In-Network Facility, as described under "Member Cost Share" in the "Claims Payment" section, unless your claim involves a Federal Surprise Billing Claim;

- You may have higher cost sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments), unless your claim involves a Federal Surprise Billing Claim;
- You will have to pay for services that are not Medically Necessary;
- You will have to pay for non-Covered Services;
- You may have to file claims; and
- You must make sure any necessary Precertification is done. (Please see "Getting Approval for Benefits" for more details.)
- After Coinsurance is applied, certain Out-of-Network benefits, such as inpatient and outpatient Facilities, are payable based on a maximum Anthem payment. If your Out-of-Network Deductible has not been satisfied and you submit a claim for services which have a maximum Anthem payment (e.g., per day, visit or admission), we will apply only up to the applicable maximum Anthem payment, not the Maximum Allowed Amount, toward your Out-of-Network Deductible. For all other Out-of-Network benefits that are **not** payable based on a maximum Anthem payment, we will apply only up to the Maximum Allowed Amount toward your Out-of-Network Deductible.

Federal Surprise Billing Claims

Federal Surprise Billing Claims are described in the "Consolidated Appropriations Act of 2021 Notice" at the beginning of this Booklet. Please refer to that section for further details.

Connect with Us Using Our Mobile App

As soon as you enroll in this Plan, you should download our mobile app. You can find details on how to do this on our website, www.anthem.com.

Our goal is to make it easy for you to find answers to your questions. You can chat with us live in the app, or contact us on our website, www.anthem.com.

How to Find a Provider in the Network

There are several ways you can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

- See your Plan's directory of In-Network Providers at www.anthem.com, which lists the Doctors, Providers, and Facilities that participate in this Plan's network. **Please Note: It is very important that you select your specific Plan to receive an accurate list of In-Network Providers for your Plan.**
- Search for a Provider in our mobile app.
- Contact Member Services to ask for a list of Doctors and Providers that participate in this Plan's network, based on specialty and geographic area. Member Services can help you determine the Provider's name, address, telephone number, professional qualifications, specialty, medical school attended, and board certifications.
- Check with your Doctor or Provider.

If you need details about a Provider's license or training, or help choosing a Doctor who is right for you, call the Member Services number on the back of your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.

Second Opinions

If you have a question about your condition or about a plan of treatment which your Physician has recommended, you may receive a second medical opinion from another Physician. This second opinion visit would be provided according to the benefits, limitations and Exclusions of this Booklet. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose an In-Network Provider. You may also ask your Physician to refer you to an In-Network Provider to receive a second opinion.

Triage or Screening Services

If you have questions about a particular condition or you need someone to help you determine whether or not care is needed, triage or screening services are available to you from us by telephone. Triage or screening services are the evaluation of a Member's health by a Doctor or nurse who is trained to screen or triage for the purpose of determining the urgency of the Member's need for care. Please contact the 24/7 NurseLine at the telephone number listed on your Anthem Identification Card 24 hours a day, 7 days a week.

Continuity of Care

Transition Assistance for New Members

Transition Assistance is a process that allows for continuity of care for new Members receiving services from an Out-of-Network Provider. If you are a new Member, you may request Transition Assistance if any one of the following conditions applies:

- An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of Covered Services shall be provided for the duration of the acute condition.
- A serious chronic condition. A serious chronic condition is a medical condition due to a disease, illness or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of Covered Services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another Provider, as determined by us in consultation with the Member and the Out-of-Network Provider and consistent with good professional practice. Completion of Covered Services shall not exceed twelve (12) months from the time the Member enrolls with us.
- A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of Covered Services shall be provided for the duration of the pregnancy. For purposes of an individual who presents written documentation of being diagnosed with a Maternal Mental Health Condition from the individual's treating health care provider, completion of covered services for the Maternal Mental Health Condition shall not exceed twelve (12) months from the diagnosis or from the end of pregnancy, whichever occurs later. A Maternal Mental Health Condition is a mental health condition that can impact a woman during pregnancy, peri or postpartum, or that arises during pregnancy, in the peri or postpartum period, up to one year after delivery.
- A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of Covered Services shall be provided for the duration of the terminal illness.

- The care of a newborn child between birth and age thirty-six (36) months. Completion of Covered Services shall not exceed twelve (12) months from the time the Member enrolls with us.
- Performance of a surgery or other procedure that we have authorized as part of a documented course of treatment and that has been recommended and documented by the Provider to occur within 180 days of the time the Member enrolls with Anthem.

Please contact Member Services at the telephone number on the back of your Identification Card to request Transition Assistance or to obtain a copy of the written policy. Eligibility is based on the Member's clinical condition; it is not determined by diagnostic classifications. Transition Assistance does not provide coverage for services not otherwise covered under the Agreement.

We will notify you by telephone, and the Provider by telephone and fax, as to whether or not your request for Transition Assistance is approved. If approved, the Member will be financially responsible only for applicable Deductibles, Coinsurance and/or Copayments under this plan. Financial arrangements with Out-of-Network Providers are negotiated on a case-by-case basis. We will request that the Out-of-Network Provider agree to negotiate reimbursement and/or contractual requirements that apply to In-Network Providers, including payment terms. If the Out-of-Network Provider does not agree to negotiate said reimbursement and/or contractual requirements, we are not required to continue that Provider's services. If the Member does not meet the criteria for Transition Assistance, the Member is afforded due process including having a Physician review the request.

Continuation of Care after Termination of Provider

Subject to the terms and conditions set forth below, we will pay benefits to a Member at the In-Network Provider level for Covered Services (subject to applicable Copayments, Coinsurance, Deductibles and other terms) rendered by a Provider whose participation in Anthem's Provider network has terminated. If your In-Network Provider leaves our network for any reason other than termination of cause, retirement or death, or if coverage under this Plan ends because your Group's Contract ends, or because your Group changes plans, and you are in active treatment, you may be able to continue seeing that Provider for a limited period of time and still get the In-Network benefits.

- The Member must be under the care of the In-Network Provider at the time of our termination of the Provider's participation. The terminated Provider must agree in writing to provide services to the Member in accordance with the terms and conditions of his/her agreement with Anthem prior to termination. The Provider must also agree in writing to accept the terms and reimbursement rates under his/her agreement with Anthem prior to the termination. If the Provider does not agree with these contractual terms and conditions, we are not required to continue the Provider's services beyond the contract termination date.

- We will furnish such benefits for the continuation of services by a terminated Provider only for any of the following conditions (includes treatment for Mental Health and Substance Use Disorder, where applicable):

  - An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of Covered Services shall be provided for the duration of the acute condition.
  - A serious chronic condition. A serious chronic condition is a medical condition due to a disease, illness or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of Covered Services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another Provider, as determined by Anthem in consultation with the Member and the terminated Provider and consistent with good professional practice. Completion of Covered Services shall not exceed twelve (12) months from the Provider's contract termination date.

- A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of Covered Services shall be provided for the duration of the pregnancy. For purposes of an individual who presents written documentation of being diagnosed with a Maternal Mental Health Condition from the individual's treating health care provider, completion of covered services for the Maternal Mental Health Condition shall not exceed twelve (12) months from the diagnosis or from the end of pregnancy, whichever occurs later. A Maternal Mental Health Condition is a mental health condition that can impact a woman during pregnancy, peri or postpartum, or that arises during pregnancy, in the peri or postpartum period, up to one year after delivery.
- A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of Covered Services shall be provided for the duration of the terminal illness.
- The care of a newborn child between birth and age thirty-six (36) months. Completion of Covered Services shall not exceed twelve (12) months from the Provider's contract termination date.
- Performance of a surgery or other procedure that we have authorized as part of a documented course of treatment and that has been recommended and documented by the Provider to occur within 180 days of the Provider's contract termination date.

- Such benefits will not apply to Providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

- Please contact Member Services at the telephone number on the back of your Identification Card to request continuation of care or to obtain a copy of the written policy. Eligibility is based on the Member's clinical condition; it is not determined by diagnostic classifications. Continuation of care does not provide coverage for services not otherwise covered under the Agreement.

We will notify you by telephone, and the Provider by telephone and fax, as to whether or not your request for continuation of care is approved. If approved, the Member will be financially responsible only for applicable Deductibles, Coinsurance and/or Copayments under this plan. Financial arrangements with terminated Providers are negotiated on a case-by-case basis. We will request that the terminated Provider agree to negotiate reimbursement and/or contractual requirements that apply to In-Network Providers, including payment terms. If the terminated Provider does not agree to negotiate said reimbursement and/or contractual requirements, we are not required to continue that Provider's services. If you disagree with our determination regarding continuation of care, please refer to the "Grievance and External Review Procedures" section for additional details.

Your Cost Shares

Your Plan may involve Copayments, Deductibles, and/or Coinsurance, which are charges that you must pay when receiving Covered Services. Your Plan may also have an Out-of-Pocket Limit, which limits the cost shares you must pay. Please read the "Schedule of Benefits" for details on your cost shares. Also read the "Definitions" section for a better understanding of each type of cost share.

Crediting Prior Plan Coverage

If you were covered by the Group's prior carrier / plan immediately before the Group signs up with us, with no break in coverage, then you will get credit for any accrued Deductible and, if applicable and approved by us, Out-of-Pocket Amounts under that other plan. This does not apply to people who were not covered by the prior carrier or plan on the day before the Group's coverage with us began, or to people who join the Group later.

If your Group moves from one of our plans to another (for example, changes its coverage from HMO to PPO), and you were covered by the other product immediately before enrolling in this product with no break in

coverage, then you may get credit for any accrued Deductible and Out-of-Pocket Amounts, if applicable and approved by us. Any maximums, when applicable, will be carried over and charged against the benefit maximums under this Plan.

If your Group offers more than one of our products, and you change from one product to another with no break in coverage, you will get credit for any accrued Deductible and, if applicable, Out-of-Pocket Amounts and any maximums will be carried over and charged against any benefit maximums under this Plan.

If your employer offers coverage through other products or carriers in addition to ours, and you change products or carriers to enroll in this product with no break in coverage, you will get credit for any accrued Deductible and any Out-of-Pocket Limit under this Plan.

This Section Does Not Apply To You If:

- Your Group moves to this Plan at the beginning of a Benefit Period;
- You change from one of our individual policies to a group plan;
- You change employers; or
- You are a new Member of the Group who joins the Group after the Group's initial enrollment with us.

The BlueCard Program

Like all Blue Cross & Blue Shield plans throughout the country, we participate in a program called “BlueCard,” which provides services to you when you are outside our Service Area. For more details on this program, please see “Inter-Plan Arrangements” in the “Claims Payment” section.

Identification Card

We will give an Identification Card to each Member enrolled in the Plan. When you get care, you must show your Identification Card. Only a Member who has paid the Premiums for this Plan has the right to services or benefits under this Booklet. If anyone gets services or benefits to which they are not entitled to under the terms of this Booklet, he/she must pay for the actual cost of the services.

Getting Approval for Benefits

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Booklet. Utilization Review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Reviewing Where Services Are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be Medically Necessary if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not Medically Necessary for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for Medical Necessity. At times a different Provider or Facility may need to be used in order for the service to be considered Medically Necessary. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a Hospital but may be approvable if provided on an outpatient basis at a Hospital.
- A service may be denied on an outpatient basis at a Hospital but may be approvable at a free standing imaging center, infusion center, Ambulatory Surgery Center, or in a Physician's office.
- A service may be denied at a Skilled Nursing Facility but may be approvable in a home setting.

Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. Anthem may decide that a treatment that was asked for is not Medically Necessary if a clinically equivalent treatment that is more cost effective is available and appropriate. "Clinically equivalent" means treatments that for most Members, will give you similar results for a disease or condition.

If you have any questions about the utilization review process, the medical policies or clinical guidelines, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if we decide your services are Medically Necessary. For benefits to be covered, on the date you get service:

- You must be eligible for benefits;
- The service or supply must be a Covered Service under your Plan;
- The service cannot be subject to an Exclusion under your Plan; and
- You must not have exceeded any applicable limits under your Plan.

Types of Reviews

- **Pre-service Review –** A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.

    - **Precertification** – A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental / Investigational as those terms are defined in this Booklet.

For admissions following Emergency Care, you, your authorized representative or Doctor must tell us of the admission as soon as possible.

For childbirth admissions, Precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require Precertification.

For inpatient Hospital stays for mastectomy surgery, including the length of Hospital stays associated with mastectomy, Precertification is not needed.

- **Continued Stay / Concurrent Review** – A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

  Both Pre-Service and Continued Stay / Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any Doctor with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post service Review** – A review of a service, treatment or admission for a benefit coverage determination that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

Services for which Precertification is required (i.e., services that need to be reviewed by us to determine whether they are Medically Necessary) include, but are not limited to, the following:

- All inpatient Hospital admissions;
- Inpatient Facility treatment for Mental Health and Substance Use Disorder Services and residential treatment (including detoxification and rehabilitation);
- Skilled Nursing Facility stays;
- Human Organ and Tissue Transplants (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services and similar procedures;
- Bariatric surgical procedures;
- All Infusion Therapy (in any setting) inclusive of Specialty Drugs and related services (for each Course of Therapy) in any setting, including, but not limited to: Physician's office, infusion center, outpatient Hospital or clinic, or your home or other residential setting;
- Home Health Care;
- Specific outpatient services, including diagnostic treatment and other services;
- Specific surgical procedures, wherever performed, as specified by us;
- All interventional spine pain, elective hip, knee, and shoulder arthroscopic / open sport medicine, and outpatient spine surgery procedures;
- Specific diagnostic procedures, including advanced imaging procedures, wherever performed;
- Specific medical supplies and equipment;
- Genetic testing;
- Air ambulance services for non-Emergency Hospital to Hospital transfers;

- Certain non-Emergency ground ambulance services;
- Behavioral health treatment for autism spectrum disorders;
- Acupuncture after 20 visits. Services received from an Out-of-Network Provider require prior authorization after your 5th visit for benefits to be provided. While there is no limit on the number of covered visits for Medically Necessary services, additional visits in excess of the stated number of visits require Precertification;
- Chiropractic / Osteopathic / Manipulative Therapy after 30 visits. Services received from an Out-of-Network Provider require prior authorization after your 5th visit for benefits to be provided. While there is no limit on the number of covered visits for Medically Necessary services, additional visits in excess of the stated number of visits require Precertification;
- Gender affirming services, including gender affirming travel expense, as specified under the "Gender Affirming Services" provision of "What's Covered." A Physician must diagnose you with Gender Dysphoria;
- Partial hospitalization, intensive outpatient programs, transcranial magnetic stimulation (TMS);
- Second opinion;
- Certain Prescription Drugs under the section "Prescription Drugs Administered by a Medical Provider"; and
- Other specific procedures, wherever performed, as specified by us.

For a list of current procedures requiring Precertification, please call the toll-free number for Member Services printed on your Identification Card.

Who is Responsible for Precertification?

Typically, In-Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician and other In-Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending Doctor ("requesting Provider") will get in touch with us to ask for a Precertification review. However, you may request a Precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

Provider Network Status	Responsibility to Get Precertification	Comments
In-Network	Provider	• The Provider must get Precertification when required
Out-of-Network/ Non-Participating	Member	• Member must get Precertification when required. (Call Member Services.) • Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and or setting is found to not be Medically Necessary.
BlueCard Provider	Member	• Member must get Precertification when

(Call Member Services.) • Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found to not be Medically Necessary. • **BlueCard Providers must obtain precertification for all Inpatient Admissions.**
NOTE: For an Emergency Care admission, precertification is not required. However, you, your authorized representative, or Doctor must tell us of the admission as soon as possible.		

How Decisions are Made

We use our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section "**Prescription Drugs Administered by a Medical Provider**". Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the Precertification phone number on the back of your Identification Card. You can also find our medical policies on our website at www.anthem.com.

If you are not satisfied with our decision under this section of your benefits, please refer to the "Grievance and External Review Procedures" section to see what rights may be available to you.

Decision and Notice Requirements

We will review requests for Medical Necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, we will follow state laws. If you live in and/or get services in a state other than the state where your Contract was issued other state-specific requirements may apply. You may call the phone number on the back of your Identification Card for more details.

Type of Review	Timeframe Requirement for Decision
Urgent Pre-service Review	72 hours from the receipt of the request
Non-Urgent Pre-service Review	5 business days from the receipt of the request
Urgent Continued Stay / Concurrent Review when hospitalized at the time of the request and no previous authorization exists	24 hours from the receipt of the request. We may request additional information within the first 24 hours and then extend to 72 hours
Urgent Continued Stay / Concurrent Review when request is received at least 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous authorization	72 hours from the receipt of the request

Non-urgent Continued Stay / Concurrent Review	5 business days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make our decision, we will tell the requesting Provider of the specific information needed to finish the review. If we do not get the specific information we need by the required timeframe, we will make a decision based upon the information we have.

We will notify you and your Provider of our decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

For a copy of the Medical Necessity Review Process, please contact Member Services at the telephone number on the back of your Identification Card.

Revoking or modifying a Precertification Review decision. Anthem will determine **in advance** whether certain services (including procedures and admissions) are Medically Necessary and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- Your coverage under this Plan ends;
- The Agreement with the Group terminates;
- You reach a benefit maximum that applies to the service in question;
- Your benefits under the Plan change so that the service is no longer covered or is covered in a different way.

Important Information

Anthem may, from time to time, waive, enhance, change or end certain medical management processes (including utilization management, case management, and disease management) and/or offer an alternate benefit if such change furthers the provision of cost effective, value based and/or quality services.

We may also select certain qualifying Providers to take part in a program or a Provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt your claim from medical review if certain conditions apply.

Just because Anthem exempts a process, Provider or Claim from the standards which otherwise would apply, it does not mean that Anthem will do so in the future, or will do so in the future for any other Provider, claim or Member. Anthem may stop or change any such exemption with advance notice.

You may find out whether a Provider is taking part in certain programs or a Provider arrangement by contacting the Member Services number on the back of your ID card.

We also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then we may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to this Plan's Members.

Health Plan Individual Case Management

Our health plan individual case management programs (Case Management) help coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs

coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any Covered Services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and team work with you and/or your chosen authorized representative, treating Doctor(s), and other Providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, we may provide benefits for alternate care that is not listed as a Covered Service. We may also extend Covered Services beyond the Benefit Maximums of this Plan. We will make our decision case-by-case, if the alternate or extended benefit is in the best interest of you and Anthem and you or your authorized representative agree to the alternate or extended benefit. For alternate care, we will ask you or your authorized representative to agree in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify you or your authorized representative in writing.

What's Covered

This section describes the Covered Services available under your Plan. Covered Services are subject to all the terms and conditions listed in this Booklet, including, but not limited to, Benefit Maximums, Deductibles, Copayments, Coinsurance, Exclusions and Medical Necessity requirements. Please read the "Schedule of Benefits" for details on the amounts you must pay for Covered Services and for details on any Benefit Maximums. Also be sure to read "How Your Plan Works" for more information on your Plan's rules. Read the "What's Not Covered" section for important details on Excluded Services. In addition, read "Getting Approval for Benefits" to determine when services require Precertification.

Your benefits are described below. Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to your claims. For example, if you have inpatient surgery, benefits for your Hospital stay will be described under "Inpatient Hospital Care" and benefits for your Doctor's services will be described under "Inpatient Professional Services." As a result, you should read all sections that might apply to your claims.

You should also know that many of Covered Services can be received in several settings, including a Doctor's office or your home, an Urgent Care Facility, an Outpatient Facility, or an Inpatient Facility. Benefits will often vary depending on where and from whom you choose to get Covered Services, and this can result in a change in the amount you need to pay. Please see the "Schedule of Benefits" for more details.

Acupuncture

Please see "Therapy Services" later in this section.

Allergy Services

Your Plan includes benefits for Medically Necessary allergy testing and treatment, including allergy serum and allergy shots.

Ambulance Services

Medically Necessary ambulance services are a Covered Service as described in this section when you are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. Ambulance services include medical and mental health Medically Necessary non-Emergency ambulance transportation, including psychiatric transportation for safety issues. Ambulance Services do not include transportation by car, taxi, bus, gurney van, wheelchair van and any other type of transportation (other than a licensed ambulance), even if it is the only way to travel to a Provider.

Ambulance services are a Covered Service when one or more of the following criteria are met:

- For ground ambulance, you are taken:
  - From your home, the scene of an accident or medical Emergency to a Hospital;
  - Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital;
  - Between a Hospital and a Skilled Nursing Facility or other approved Facility.
- For air (fixed wing and rotary wing air transportation) or water ambulance, you are taken:
  - From the scene of an accident or medical Emergency to a Hospital;

- Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital;
- Between a Hospital and an approved Facility.

Non-Emergency ambulance services are subject to Medical Necessity reviews by us. Emergency ground ambulance services do not require Precertification and are allowed regardless of whether the Provider is an In-Network or Out-of-Network Provider.

When using ground or air ambulance for non-Emergency transportation, we reserve the right to select the ambulance Provider. Out-of-Network ambulance services are covered in a non-Emergency when Precertification is obtained. If you do not use the ambulance Provider we select, benefits may not be available.

For Emergency and non-Emergency air and ground ambulance services, Out-of-Network Providers cannot bill you for more than your applicable In-Network Deductible, Coinsurance, and/or Copayment. You must be taken to the nearest Facility that can give care for your condition. In certain cases we may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals from an ambulance service, even if you are not taken to a Facility.

Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family or Doctor are not a Covered Service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A Doctor's office or clinic;
- A morgue or funeral home.

If provided through the 911 Emergency response system or the 988 suicide and crisis lifeline call, ambulance charges are covered if it is reasonably believed that a medical Emergency existed even if you are not transported to a Hospital. Payment of benefits for air ambulance services may be made directly to the Provider of service unless proof of payment is received by us prior to the benefits being paid.

IN SOME AREAS A 911 EMERGENCY RESPONSE SYSTEM OR A 988 SUICIDE AND CRISIS LIFELINE HAS BEEN ESTABLISHED. THESE SYSTEMS ARE TO BE USED ONLY WHEN THERE IS AN EMERGENCY MEDICAL CONDITION THAT REQUIRES AN EMERGENCY RESPONSE.

IF YOU REASONABLY BELIEVE THAT YOU ARE EXPERIENCING AN EMERGENCY, YOU SHOULD CALL 911, 988 OR GO DIRECTLY TO THE NEAREST HOSPITAL EMERGENCY ROOM.

Important Notes on Air Ambulance Benefits

Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if you are in an area that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility or a rehabilitation facility), or if you are taken to a Physician's office or your home.

Hospital to Hospital Transport

If you are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the Hospital that first treats cannot give you the medical services you need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, you must be taken to the closest Hospital that can treat you. **Coverage is not available for air ambulance transfers simply because you, your family, or your Provider prefers a specific Hospital or Physician.**

If one or more In-Network Providers is conducting an approved clinical trial, your Plan may require you to use an In-Network Provider to utilize or maximize your benefits if the In-Network Provider accepts you as a clinical trial participant. It may also require that an approved clinical trial be located in California, unless the clinical trial is not offered or available through an In-Network Provider in California.

Emergency Care Services

If you are experiencing an Emergency please call the 911 Emergency response system or 988 suicide and crisis lifeline or visit the nearest Hospital for treatment.

When you receive Emergency services (except certain ambulance services, see "Schedule of Benefits") from an Out-of-Network Provider within California, you will not be responsible for amounts in excess of the Reasonable and Customary Value.

Emergency Services

Benefits are available for services and supplies to treat the onset of symptoms for an Emergency, which is defined below.

Emergency (Emergency Medical Condition)

Emergency or Emergency Medical Condition means a medical or behavioral health condition manifesting itself by acute symptoms of sufficient severity including severe pain such that the absence of immediate medical attention could reasonably be expected to result in any of the following:

- Placing the patient's health or the health of another person (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
- Serious impairment to bodily functions; or
- Serious dysfunction of any bodily organ or part.

Emergency includes being in active labor when there is inadequate time for a safe transfer to another Hospital prior to delivery, or when such a transfer would pose a threat to the health and safety of the Member or unborn child.

Emergency Medical Condition includes a Psychiatric Emergency Medical Condition, which is a mental disorder that manifests itself by acute symptoms of sufficient severity that it renders the patient as being either of the following: a) an immediate danger to himself or herself or to others, or b) immediately unable to provide for, or utilize, food, shelter, or clothing, due to the mental disorder.

Emergency Care

"Emergency Care" means a medical or behavioral health exam including services routinely available to evaluate an Emergency Medical Condition. It includes any further medical or behavioral health exams and

treatment required to stabilize the patient. Emergency Care may also include necessary services, including observation services, provided as part of the Emergency visit regardless of the department in which the services are provided.

Medically Necessary Emergency services will be covered whether you get care from an In-Network or Out-of-Network Provider. Emergency Care you get from an Out-of-Network Provider will be covered as an In-Network service, and will not require Precertification. For Federal Surprise Billing claims, the Out-of-Network Provider can only charge you any applicable Deductible, Coinsurance, and/or Copayment and cannot bill you for the difference between the Maximum Allowed Amount and their billed charges until your condition is stable and the Out-of-Network Provider has complied with the notice and consent process as described in the "Consolidated Appropriations Act of 2021 Notice" at the front of this Booklet. Your cost shares will be based on the Recognized Amount and will be applied to your In-Network Deductible and In-Network Out-of-Pocket Limit. If Emergency Care is rendered within California by an Out of Network Provider, you will not be responsible for any amount in excess of the Reasonable and Customary Value and you will only pay your Copayment or Coinsurance and any applicable Deductible. For Emergency Services rendered outside of California by an Out of Network provider, reimbursement is based on the Inter-Plan Arrangements for Out-of-Area Services. However, certain Out-of-Network ambulance Providers may bill you for the charges in excess of the Reasonable and Customary Value (see "Schedule of Benefits").

The Maximum Allowed Amount for Emergency Care from an Out-of-Network Provider will be determined using the median Plan In-Network contract rate we pay In-Network Providers for the geographic area where the service is provided for the same or similar services.

If you are admitted to the Hospital from the Emergency Room, be sure that you or your Doctor calls us as soon as you are stabilized. We will review your care to decide if a Hospital stay is needed and how many days you should stay. See "Getting Approval for Benefits" for more details.

Treatment you get after your condition has stabilized is not Emergency Care. Please refer to the "Consolidated Appropriations Act of 2021 Notice" at the front of this Booklet for more details on how this will impact your benefits. (**Note**: If you receive services from an In-Network Facility in California, at which or as a result of which, you receive non-Emergency Covered Services provided by an Out-of-Network Provider (State Surprise Billing Claims), you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see "Member Cost Share" in the "Claims Payment" section for more information.)

Fertility Preservation Services

Fertility preservation services to prevent iatrogenic infertility when Medically Necessary are covered. Iatrogenic infertility means infertility caused directly or indirectly, as a possible side effect, by surgery, chemotherapy, radiation, or other covered medical treatment. "Caused directly or indirectly" means medical treatment with a possible side effect of infertility, as established by the American Society of Clinical Oncology or the American Society for Reproductive Medicine. Note that this benefit covers fertility preservation services only, as described. Fertility preservation services under this section do not include testing or treatment of infertility.

Gender Affirming Services

Benefits are provided for services and supplies in connection with Gender Transition when a Physician has diagnosed you with Gender Dysphoria. This coverage is provided according to the terms and conditions of this Booklet that apply to all other medical conditions, including Medical Necessity requirements, utilization management, and exclusions for Cosmetic Services.

Coverage includes, but is not limited to, Medically Necessary services identified in the most recent edition of the Standards of Care developed by the World Professional Association for Transgender Health (WPATH)

related to Gender Transition such as gender affirming surgery, hormone therapy, psychotherapy, and vocal training. Coverage is provided for specific services according to benefits under this Booklet that apply to that type of service generally, if the Plan includes coverage for the service in question. For example, gender affirming surgery would be covered on the same basis as any other covered, Medically Necessary surgery; hormone therapy would be covered under this Booklet's Prescription Drug benefits.

Some services are subject to prior authorization in order for coverage to be provided. Please refer to "Getting Approval for Benefits" for information on how to obtain the proper reviews.

Gender Affirming Surgery Travel Expense. Certain travel expenses incurred by the Member, up to a maximum **$10,000** Anthem payment per gender affirming surgery or series of surgeries (if multiple surgical procedures are performed), will be covered. All travel expenses are limited to the maximum set forth in the Internal Revenue Code, not to exceed the maximum specified above, at the time services are rendered and must be approved by Anthem in advance.

Travel expenses include the following for the Member and one companion:

- Ground transportation to and from the approved Facility when the Facility is 75 miles or more from the Member's home. Air transportation by coach is available when the distance is 300 miles or more.

When you request reimbursement of covered travel expenses, you must submit a completed travel reimbursement form and itemized, legible copies of all applicable receipts. Credit card slips are not acceptable. Covered travel expenses are not subject to Copayments. Please call Member Services at the phone number on the back of your Identification Card for further information and/or to obtain the travel reimbursement form.

Travel expenses that are not covered include, but are not limited to: meals, alcohol, tobacco, or any other non-food item; child care; mileage within the city where the approved Facility is located, rental cars, buses, taxis or shuttle services, except as specifically approved by us; frequent flyer miles, coupons, vouchers or travel tickets; prepayments or deposits; services for a condition that is not directly related to, or a direct result of, the gender affirming procedure; telephone calls; laundry; postage; or entertainment.

Benefits are also available for Intensive In-Home Behavioral Health Services. These do not require confinement to the home. These services are described in the "Mental Health and Substance Use Disorder Services" section below.

Home Infusion Therapy

Please see "Therapy Services" later in this section.

Hospice Care

You are eligible for hospice care if your Doctor and the Hospice medical director certify that you are terminally ill and likely have less than twelve (12) months to live. You may access hospice care while participating in a clinical trial or continuing disease modifying therapy, as ordered by your treating Provider. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are Covered Services when given by a Hospice for the palliative care of pain and other symptoms that are part of a terminal disease. Palliative care means care that controls pain and relieves symptoms, but is not meant to cure a terminal illness. Covered Services include:

- Care from an interdisciplinary team with the development and maintenance of an appropriate plan of care.
- Nursing care services on a continuous basis or short-term Inpatient Hospital care when needed in periods of crisis.
- Short-term respite care for the Member only when necessary to relieve the family members or other persons caring for the Member.
- Skilled nursing services, home health aide services, and homemaker services given by or under the supervision of a registered nurse.

Bereavement services are available to the patient and those individuals who are closely linked to the patient, including the immediate family, the primary or designated care giver and individuals with significant personal ties, for one year after the Member's death.
- Volunteer services provided by trained Hospice volunteers under the direction of a Hospice staff member.
- Medical direction, with the medical director being also responsible for meeting the general medical needs of the Member to the extent that these needs are not met by an attending Physician.

Your Doctor must agree to care by the Hospice and must be consulted in the development of the care plan. The Hospice must keep a written care plan on file and give it to us upon request.

Benefits for services beyond those listed above that are given for disease modification or palliation, such as but not limited to chemotherapy and radiation therapy, are available to a Member in Hospice. These services are covered under other parts of this Plan.

Human Organ and Tissue Transplant (Bone Marrow / Stem Cell), Cellular and Gene Therapy Services

Your Plan includes coverage for Medically Necessary human organ and tissue transplants as well as certain cellular and gene therapies. **To be eligible for coverage, we must approve the benefits in advance through Precertification and services must be performed by an approved In-Network Provider to be covered at the In-Network level**.

Certain transplants (e.g., cornea and kidney) are covered like any other surgery, under the regular inpatient and outpatient benefits described elsewhere in this Booklet.

In this section you will see some key terms, which are defined below:

Covered Procedure

A Covered Procedure includes:

- Any Medically Necessary human solid organ, tissue, and stem cell / bone marrow transplants and infusions, and
- Any Medically Necessary cellular or other gene therapies, and
- Any Medically Necessary acquisition procedures, mobilization, collection and storage. It also includes Medically Necessary myeloablative or reduced intensity preparative chemotherapy, radiation therapy, or a combination of these therapies,

Approved In-Network Provider

A Provider who has entered into an agreement with us to provide Covered Procedures to you. The agreement may only cover certain Covered Procedures or all Covered Procedures. Approved In-Network Providers may include the following:

- **Blue Distinction Center (BDC) Facility**: Blue Distinction facilities have met or exceeded national quality standards for transplant care delivery.

- **Centers of Medical Excellence (CME) Facility:** Centers of Medical Excellence facilities have met or exceeded quality standards for transplant care delivery.

All Other Providers

Any Provider that is NOT an Approved In-Network Provider. This includes In-Network Providers who participate in the Plan's networks, but who are not an Approved In-Network Provider for a Covered Procedure, as well Out-of-Network Providers.

Prior Approval and Precertification

To maximize your benefits, you should call our Transplant Department as soon as you think you may need a Covered Procedure to talk about your benefit options. You must do this before you receive services. We will help you maximize your benefits by giving you coverage information, including details on what is covered as well as information on any clinical coverage guidelines, medical policies, Approved In-Network Provider rules, or Exclusions that apply. Call the Member Services phone number on the back of your Identification Card and ask for the transplant coordinator.

You or your Provider must call our Transplant Department for Precertification prior to the Covered Procedure whether this is performed in an Inpatient or Outpatient setting. Your Doctor must certify, and we must agree, that the Covered Procedure is Medically Necessary. Your Doctor should send a written request for Precertification to us as soon as possible to start this process. Not getting Precertification will result in a denial of benefits.

Please note that there are cases where your Provider asks for approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final decision as to what Covered Procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search and/or collection and storage is NOT an approval for the later Covered Procedure. A separate Medical Necessity decision will be needed for the Covered Procedure.

Donor Benefits

Benefits for an organ donor are as follows:

- When both the person donating the organ and the person getting the organ are our covered Members, each will get benefits under their Plan.

- When the person getting the organ is our covered Member, but the person donating the organ is not, benefits under this Plan are limited to benefits not available to the donor from any other source. This includes, but is not limited to, other insurance, grants, foundations, and government programs.

- If our covered Member is donating the organ to someone who is not a covered Member, benefits are not available under this Plan.

Transportation and Lodging

We will cover the cost of reasonable and necessary travel costs when you get prior approval and need to travel more than 75 miles from your permanent home to reach the Facility where the Covered Procedure will be performed. Our help with travel costs includes transportation to and from the Facility, and lodging for the patient and one companion. If the Member receiving care is a minor, then reasonable and necessary costs

for transportation and lodging may be allowed for two companions. You must send itemized receipts for transportation and lodging costs in a form satisfactory to us when claims are filed. Call us for complete information or refer to IRS Publication 502.

For lodging and ground transportation benefits, we will cover costs up to the current limits set forth in the Internal Revenue Code.

If approved, Covered Services will include the obstetrical care given by that Provider through the end of the pregnancy and the immediate post-partum period. For additional information on the Continuation of Care process and how to begin, see the Transition Assistance for New Member provision in the section titled Continuity of Care.

Important Note About Maternity Admissions: Under federal law, we may not limit benefits for any Hospital length of stay for childbirth for the mother or newborn to less than 48 hours after vaginal birth, or less than 96 hours after a cesarean section (C-section). However, federal law as a rule does not stop the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours, or 96 hours, as applicable. If the mother or newborn is discharged early, benefits include a post-discharge follow-up visit within 48 hours of the discharge, when prescribed by the treating Provider. In any case, as provided by federal law, we may not require a Provider to get authorization from us before prescribing a length of stay which is not more than 48 hours for a vaginal birth or 96 hours after a C-section.

Coverage for treatment of PKU shall include those formulas and special food products that are part of a diet prescribed by a licensed Physician and managed by a health care professional in consultation with a Physician who specializes in the treatment of metabolic disease and who participates in or is authorized by the Plan. The diet must be deemed Medically Necessary to avert the development of serious physical or mental disabilities or to promote normal development or function as a consequence of PKU.

The cost of the necessary formulas and special food products is covered only as it exceeds the cost of a normal diet. “Formula” means an enteral product or products for use at home. The formula must be prescribed by a Physician or nurse practitioner, or ordered by a registered dietician upon Referral by a health care Provider authorized to prescribe dietary treatments, and is Medically Necessary for the treatment of PKU. Formulas and special food products used in the treatment of PKU that are obtained from a Pharmacy are covered under your plan’s Prescription Drug benefits. Physical Therapy

Please see “Therapy Services” later in this section.

Preventive Care

Preventive care includes screenings and other services for adults and children. All recommended preventive services will be covered as required by the Affordable Care Act (ACA) and applicable state law. This means many preventive care services are covered with no Deductible, Copayments or Coinsurance when you use an In-Network Provider.

Certain benefits for Members who have current symptoms or a diagnosed health problem may be covered under the “Diagnostic Services” benefit instead of this benefit, if the coverage does not fall within the state or ACA-recommended preventive services.

Covered Services fall under the following broad groups:

- Services with an “A” or “B” rating from the United States Preventive Services Task Force. Examples include screenings for:
  - Breast cancer,
  - Cervical cancer,
  - Colorectal cancer screenings, including preventive colonoscopy, anesthesia, polyp removal and pathology tests in connection with the preventive screening. This also includes a preventive

screening following a positive non-invasive stool-based screening test or following a positive direct visualization test (i.e., flexible sigmoidoscopy, CT colonography),

- High blood pressure,
- Type 2 Diabetes Mellitus,
- Cholesterol,
- Child and adult obesity.

- Immunizations for children, adolescents, and adults recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;

It also includes follow-up services related to the Drugs, devices, products and procedures, including but not limited to management of side effects, counseling for continued adherence, and device insertion and removal.

    At least one form of contraception in each of the methods identified in the FDA's Birth Control Guide will be covered as Preventive Care under this section. If there is only one form of contraception in a given method, or if a form of contraception is deemed not medically advisable by the Physician, the prescribed FDA-approved form of contraception will be covered as Preventive Care under this section.

    Some categories and classes of contraceptives do not have Generics commercially available in the market and, in each of these categories, at least one Brand Drug is available at $0 cost sharing when you receive it from an In-Network Provider. If your Provider determines that a Brand Drug with an available Generic therapeutic equivalent commercially available in the market is Medically Necessary because a Generic equivalent drug is not appropriate for you, you may obtain coverage of the Brand Drug with $0 Cost Sharing if your Provider submits an exception request. Your Doctor must complete a contraceptive exception form and return it to us. You or your Doctor can find the form online at https://file.anthem.com/Anthem_ABC_BrandContraceptiveCopayWaiverForm.pdf or by calling the number listed on the back of your ID Card. If Medical Necessity has been determined by your Provider, an exception will be granted and coverage of the Drug will be provided at $0 Cost Sharing. Otherwise, Brand Drugs will be covered as a Preventive Care benefit when Medically Necessary according to your attending Provider, otherwise they will be covered under the "Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy."

    In order to be covered as Preventive Care, contraceptive Prescription Drugs must be Generic oral contraceptives. Brand Drugs will be covered under the "Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy."

    For FDA-approved, Self-Administered Hormonal Contraceptives, up to a 12-month supply is covered when dispensed or furnished at one time by a Provider or pharmacist, or at a location licensed or otherwise authorized to dispense Drugs or supplies.

    The Plan will not impose any restrictions or delays on your coverage of FDA-approved contraceptive Drugs, devices, and other products, including prior authorization requests, any utilization controls or any other form of medical management restrictions.

Note that a prescription will not be required to trigger coverage of over-the-counter FDA-approved contraceptive Drugs, devices, and products; and point-of-sale coverage for over-the-counter FDA-approved contraceptive Drugs, devices, and products will be provided at In-Network pharmacies with no cost sharing or medical management restrictions.

Preventive Care for Chronic Conditions (per IRS guidelines)

Members with certain chronic health conditions may be able to receive preventive care for those conditions prior to meeting their Deductible, when services are provided by an In-Network Provider. These benefits are available if the care qualifies under guidelines provided by the Treasury Department, Internal Revenue Service (IRS), and Department of Health and Human Services (HHS) (referred to as "the agencies"). Details on those guidelines can be found on the IRS's website at the following link:

https://www.irs.gov/newsroom/irs-expands-list-of-preventive-care-for-hsa-participants-to-include-certain-care-for-chronic-conditions

The agencies will periodically review the list of preventive care services and items to determine whether additional services or items should be added or if any should be removed from the list. You will be notified if updates are incorporated into your Plan.

Urgent Care Services

Often an urgent rather than an Emergency health problem exists. Urgent Care benefits are for those services necessary to prevent serious deterioration of your health or, in the case of pregnancy, the health of the unborn child, resulting from an unforeseen illness, injury or complication of an existing condition, including pregnancy. An urgent health problem is an unexpected illness or injury that calls for care that cannot wait until a regularly scheduled office visit. Urgent health problems are not life threatening and do not call for the use of an Emergency Room. Urgent health problems include earache, sore throat, and fever (not above 104 degrees).

Benefits for Urgent Care include:

- X-ray services;
- Care for broken bones;
- Tests such as flu, urinalysis, pregnancy test, rapid strep;
- Lab services;
- Stitches for simple cuts; and
- Draining an abscess.

Virtual Visits (Telehealth / Telemedicine Visits)

Covered Services include virtual Telehealth / Telemedicine. This includes visits with Providers who also provide services in person, as well as virtual care-only Providers.

- "Telehealth / Telemedicine" means the delivery of health care or other health services using electronic communications and information technology, including: live (synchronous) secure videoconferencing or secure instant messaging, interactive store and forward (asynchronous) technology, facsimile, audio-only telephone or electronic mail. Covered Services are provided to facilitate the diagnosis, consultation and treatment, education, care management and self-management of a patient's physical and/or mental health. Benefits for Telehealth are provided on the same basis and to the same extent as the same Covered Services provided through in-person contact. In-person contact between a health care Provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. Coverage under this section is not limited to services delivered to select third-party corporate telehealth Providers.

Please Note: Not all services can be delivered through virtual visits. Certain services require equipment and/or direct physical hands-on care that cannot be provided remotely. Also, please note that not all Providers offer virtual visits.

Benefits do not include the use of texting or non-secure instant messaging. Benefits also do not include reporting normal lab or other test results, requesting office visits, getting answers to billing, insurance coverage or payment questions, asking for referrals to Providers outside our network, benefit precertification, or Provider to Provider discussions except as approved under "Office and Home Visits."

If you have any questions about this coverage, please contact Member Services at the number on the back of your Identification Card.

Vision services provided under this benefit will not also be provided under “Vision Services For Members to the End of the Month in Which They Turn Age 19” or “Vision Services (All Members / All Ages).”

Routine Eye Exam

Your Plan covers a complete eye exam with dilation as needed. The exam is used to check all aspects of your vision. An eye exam does not include a contact lens fitting fee.

Benefits include medical and surgical treatment of injuries and illnesses of the eye.

Certain vision screenings required by Federal law are covered under the “Preventive Care” benefit.

Benefits do not include glasses or contact lenses except as listed in the “Prosthetics” section of this Booklet.

Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs, including Specialty Drugs that must be administered to you as part of a Doctor's visit, home care visit, or at an outpatient Facility when they are Covered Services. This may include Drugs for Infusion Therapy, chemotherapy, blood products, certain injectables, and any Drug that must be administered by a Provider. This section applies when a Provider orders the Drug and a medical Provider administers it to you in a medical setting. Benefits for Drugs that you inject or get through your Pharmacy benefits (i.e., self-administered Drugs) are not covered under this section. Benefits for those Drugs are described in the "Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy" section.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, as written. As part of these features, your prescribing Doctor may be asked to give more details before we can decide if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements based on one or more of the following:

- Specific clinical criteria and/or recommendations made by state or federal agencies (including, but not limited to, requirements regarding age, test result requirements, presence of a specific condition or disease, quantity, dose and/or frequency of administration);

- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies) as recommended by the FDA;

- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated.

- Use of an Anthem Prescription Drug List (a formulary developed by Anthem) which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness.

If you or your prescribing Doctor disagree with our decision, you may file an exception request. Please see the subsection "Exception Request for a Quantity, Dose or Frequency Limitation, Step Therapy, or a Drug not on the Prescription Drug List" under the section "Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy."

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Compound ingredients within a compound drug are a Covered Service when a commercially available dosage form of a Medically Necessary medication is not available, ingredients of the compound Drug are FDA approved in the form in which they are used in the Compound Drug, require a prescription to dispense and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Precertification and Step Therapy Exceptions

Precertification may be required for certain Prescription Drugs to help make sure proper use and guidelines for Prescription Drug coverage are followed. A step therapy exception means a decision to override a generally applicable step therapy protocol in favor of covering the Prescription Drug prescribed by your Provider. Requests for precertification must be submitted by your Provider using the required uniform prior authorization form. If you're requesting an exception to the step therapy process, your Provider must use the same form.

Upon receiving the completed form, for either precertification or step therapy exceptions, we will review the request and give our decision to both you and your Provider within the following time periods:

- 72 hours for non-urgent requests, or
- 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a Drug not covered by the Plan.

For a list of Prescription Drugs that need precertification, please call the phone number on the back of your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

If precertification is denied you have the right to file a Grievance as outlined in the "Grievance and External Review Procedures" section of this Booklet.

Note that antiretroviral Drugs that are Medically Necessary for the prevention of AIDS/HIV, including preexposure prophylaxis (PrEP) or postexposure prophylaxis (PEP), are not subject to Precertification or step therapy. Also, if the United States Food and Drug Administration has approved one or more therapeutic equivalents of a Drug, device, or product for the prevention of AIDS/HIV, then at least one therapeutically equivalent version will be covered without Precertification or step therapy.

Designated Pharmacy Provider

Anthem may establish one or more Designated Pharmacy Provider programs which provide specific pharmacy services (including shipment of Prescription Drugs) to Members. An In-Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the In-Network Provider must have signed a Designated Pharmacy Provider Agreement with us. You or your Provider can contact Pharmacy Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to you or your Provider and administered in your Provider's office, you and your Provider are required to order from a Designated Pharmacy Provider. A Patient Care coordinator will work with you and your Provider to obtain Precertification and to assist shipment to your Provider's office.

We may also require you to use a Designated Pharmacy Provider to obtain Prescription Drugs for treatment of certain clinical conditions. We reserve our right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to you. Anthem may, from time to time, change with or without advance notice, the Designated Pharmacy Provider for a Drug if such change can help provide cost effective, value based and/or quality services.

If you are required to use a Designated Pharmacy Provider and you choose not to obtain your Prescription Drug from a Designated Pharmacy Provider, coverage will be provided at the Out-of-Network level.

You can get the list of the Prescription Drugs covered under this section by calling Pharmacy Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com.

Therapeutic Equivalents

Therapeutic equivalents is a program that tells you and your Doctor about alternatives to certain prescribed Drugs. The Plan may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic equivalent is right for you. For questions or issues about therapeutic Drug equivalents call Member Services at the phone number on the back of your Identification Card.

Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy

Your Plan also includes benefits for Prescription Drugs you get at a Retail or Mail Order Pharmacy. We use a Pharmacy Benefits Manager (PBM) to manage these benefits. The PBM has a network of Retail Pharmacies, a Home Delivery (Mail Order) Pharmacy, and a Specialty Pharmacy. The PBM works to make sure Drugs are used properly. This includes checking that Prescriptions are based on recognized and appropriate doses and checking for Drug interactions or pregnancy concerns.

Please note: Benefits for Prescription Drugs, including Specialty Drugs, which are administered to you by a medical Provider in a medical setting (e.g., Doctor's office visit, home care visit, or outpatient Facility) are covered under the **"**Prescription Drugs Administered by a Medical Provider**"** benefit. Please read that section for important details.

This section applies also to Prescription Drugs needed for treatment of Mental Health and Substance Use Disorder (Chemical Dependency).

Prescription Drug Benefits

Prescription Drug benefits may require prior authorization to determine if your Drugs should be covered. Your In-Network Pharmacist will be told if prior authorization is required and if any additional details are needed for us to decide benefits.

Prior Authorization and Step Therapy Exceptions

Prior authorization is the process of getting benefits approved before certain Prescriptions can be filled. A step therapy exception means a decision to override a generally applicable step therapy protocol in favor of covering the Prescription Drug prescribed by your Provider.

Prescribing Providers must obtain prior authorization in order for you to get benefits for certain Drugs. At times, your Provider will initiate a prior authorization on your behalf before your Pharmacy fills your Prescription. At other times, the Pharmacy may make you or your Provider aware that a prior authorization or other information is needed. In order to determine if the Prescription Drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements based on one or more of the following:

- Specific clinical criteria and/or recommendations made by state or federal agencies (including, but not limited to, requirements regarding age, test result requirements, presence of a specific condition or disease, quantity, dose and/or frequency of administration);

- Specific Provider qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies) as recommended by the FDA;

- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated;

- Use of a Prescription Drug List (as described below).

You or your Provider can get the list of the Drugs that require prior authorization by calling Pharmacy Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a Prescription Drug or

related item on the list does not guarantee coverage under your Plan. Your Provider may check with us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Requests for prior authorization and step therapy exceptions must be submitted by your Provider using the required uniform prior authorization form.

Upon receiving the completed form, for either precertification or step therapy exceptions, we will review the request and give our decision to both you and your prescribing Provider, or notify your prescribing Provider that we need more information within the following time periods:

- 72 hours for non-urgent requests, or
- 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a Drug not covered by the Plan.

If we fail to notify the prescribing Provider of our decision or that we need more information within these time periods from receipt of a prior authorization or step therapy exception request, the prior authorization or step therapy exception request will be deemed approved for the duration of the Prescription, including refills.

Your Provider may submit a step therapy exception if they do not agree with the Prescription Drug we are requiring. The prescribing Provider should submit necessary justification and supporting clinical documentation supporting their determination that the Prescription Drug Anthem requires is inconsistent with good professional practice for providing Medically Necessary covered services, taking into consideration your needs and medical history, along with the professional judgment of your Provider.

The basis of the prescribing Provider's determination may include, but is not limited to, any of the following criteria:

1. The Prescription Drug Anthem requires is contraindicated or is likely, or expected, to cause an adverse reaction or physical or mental harm to the Member in comparison to the requested Prescription Drug, based on the known clinical characteristics of the Member and the known characteristics and history of the Member’s Prescription Drug regimen.
2. The Prescription Drug Anthem requires is expected to be ineffective based on the known clinical characteristics of the Member and the known characteristics and history of the Member’s Prescription Drug regimen.
3. The Member has tried the Prescription Drug Anthem requires while covered by their current or previous health coverage or Medicaid, and that Prescription Drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse reaction. Anthem may require documentation demonstrating that the Member tried the required Prescription Drug before it was discontinued.
4. The Prescription Drug Anthem requires is not clinically appropriate for the Member because the required drug is expected to do any of the following, as determined by the Member’s prescribing Provider:
    a. Worsen a comorbid condition.
    b. Decrease the capacity to maintain a reasonable functional ability in performing daily activities.
    c. Pose a significant barrier to adherence to, or compliance with, the Member’s drug regimen or plan of care.
5. The Member is stable on a Prescription Drug selected by the Member’s prescribing Provider for the medical condition under consideration while covered by their current or previous health coverage or Medicaid.

Anthem will approve the step therapy exception request if any of the above criteria is met.

Anthem may, from time to time, waive, enhance, change or end certain prior authorization and/or offer alternate benefits, if such change furthers the provision of cost effective, value based and/or quality services.

If the prior authorization or step therapy exception request is denied, you have the right to file a Grievance as outlined in the "Grievance and External Review Procedures" section of this Booklet.

If we approve coverage for that the Drug originally prescribed, you will be provided the Drug originally requested at the applicable cost share. If approved, Drugs requiring prior authorization will be provided to you after you make the required Copayment/Coinsurance. (If, when you first become a Member, you are already being treated for a medical condition with a Drug that has been appropriately prescribed and is considered safe and effective for your medical condition and you underwent a prior authorization process under a prior plan which required you to take different Drugs, we will not require you to try a Drug other than the one you are currently taking.)

Note that antiretroviral Drugs that are Medically Necessary for the prevention of AIDS/HIV, including preexposure prophylaxis (PrEP) or postexposure prophylaxis (PEP), are not subject to prior authorization or step therapy. Also, if the United States Food and Drug Administration has approved one or more therapeutic equivalents of a Drug, device, or product for the prevention of AIDS/HIV, then at least one therapeutically equivalent version will be covered without prior authorization or step therapy.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and you must get them from a licensed Pharmacy. Controlled Substances must be prescribed by a licensed Provider with an active Drug Enforcement Administration (DEA) license.

Benefits are available for the following:

- Prescription Drugs from either a Retail Pharmacy or the PBM's Home Delivery Pharmacy;
- Specialty Drugs;
- Self-administered Drugs. These are Drugs that do not require administration or monitoring by a Provider in an office or Facility. Injectables and infused Drugs that require Provider administration and/or supervision are covered under the "Prescription Drugs Administered by a Medical Provider" benefit;
- Self-injectable insulin and supplies and equipment used to administer insulin;
- Continuous glucose monitoring systems, including monitors designed to assist the visually impaired;
- Orally administered anti-cancer medications used to kill or slow the growth of cancerous cells;
- Compound ingredients within compound drugs when a commercially available dosage form of a Medically Necessary medication is not available, ingredients of the compound Drug are FDA approved in the form in which they are used in the Compound Drug, require a prescription to dispense and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.
- Self-administered contraceptives, including oral contraceptive Drugs, self-injectable contraceptive Drugs, contraceptive patches, and contraceptive rings. Coverage is also provided for up to a 12-month supply of FDA-approved, Self-Administered Hormonal Contraceptives, when dispensed or furnished at one time by a Provider or pharmacist, or at a location licensed or otherwise authorized to dispense Drugs or supplies. Certain contraceptives are covered under the "Preventive Care" benefit. Please see that section for more details. If your Physician determines that none of these contraceptive methods are appropriate for you based on your medical or personal history, coverage will be provided for at least one other prescription contraceptive method at $0 cost sharing that is approved by the Food and Drug Administration (FDA) and prescribed by your Physician and obtained at an In-Network Pharmacy.

Note that a prescription shall not be required to trigger coverage of over-the-counter FDA-approved contraceptive Drugs, devices, and products and point-of-sale coverage for over-the-counter FDA-approved contraceptive Drugs, devices, and products shall be provided at in-network pharmacies without cost sharing or medical management restrictions.

The Plan will not impose any restrictions or delays on your coverage of FDA-approved contraceptive drugs, devices, and other products, including prior authorization requests, any utilization controls or any other form of medical management restrictions.

- Special food products, formulas or supplements (e.g., for the treatment of Phenylketonuria (PKU)) when prescribed by a Doctor if they are Medically Necessary.
- Flu Shots (including administration). These will be covered under the "Preventive Care" benefit.
- Immunizations (including administration) required by the "Preventive Care" benefit.
- AIDS vaccine (when approved).
- Prescription Drugs that help you stop smoking or reduce your dependence on tobacco products. These Drugs will be covered under the "Preventive Care" benefit.
- FDA-approved smoking cessation products, including over-the-counter nicotine replacement products, when obtained with a Prescription for a Member age 18 or older. These products will be covered under the "Preventive Care" benefit.
- Prescription Drugs used to treat sexual or erectile dysfunctions or inadequacies.

Where You Can Get Prescription Drugs

In-Network Pharmacy

You can visit one of the local Retail Pharmacies in our network. Give the Pharmacy the prescription from your Doctor and your Identification Card and they will file your claim for you. You will need to pay any Copayment, Coinsurance, and/or Deductible that applies when you get the Drug. If the retail price for a covered Prescription and/or refill is less than the applicable Copayment amount, you will not be required to pay more than the retail price. The retail price paid will constitute the applicable cost sharing and will apply toward the Deductible, if any, and the Out-of-Pocket Limit in the same manner as a Copayment or Coinsurance. If you do not have your Identification Card, the Pharmacy will charge you the full retail price of the Prescription and will not be able to file the claim for you. You will need to ask the Pharmacy for a detailed receipt and send it to us with a written request for payment.

Important Note: If our records show that you may be using Prescription Drugs, such as narcotics, anxiolytics, skeletal muscle relaxants, sedative hypnotics, and/or amphetamines, in a harmful or abusive manner, or with harmful frequency, we will inform you in writing that if you continue to use Prescription Drugs in this manner, you may be enrolled in our Pharmacy Home Program. This letter will also tell you how to appeal our assessment. The Pharmacy Home Program uses a single Pharmacy, known as your Pharmacy Home, to provide and coordinate all of your Pharmacy services for the next 12 months and benefits will only be paid if you use your Pharmacy Home. If review of our records 60 days after the above notification shows that use of a single In-Network Pharmacy is still needed, we will notify you of the date you will be enrolled in the Pharmacy Home Program and provide you with a list of Pharmacies from which to select an In-Network Pharmacy Home within 15 days. We will also inform you how you can appeal our decision. If you do not select an In-Network Pharmacy within 15 days, we will select a Pharmacy Home for you. You will be given 30 days from our notice of enrollment to appeal our decision before your enrollment in a Pharmacy Home becomes effective. (For more information regarding appealing our decision, please see the section entitled "Grievance and External Review Procedures.") If you are enrolled in the Pharmacy Home Program, we will review our decision in 12 months and notify you that we have discontinued your enrollment in the Pharmacy Home Program if the review shows that you are not using Prescription Drugs in a harmful or abusive manner. If you have an Emergency, we will exempt you from the Pharmacy Home Program for at least 72 hours. You

may be removed from the Program if it is Medically Necessary for you to use more than one Pharmacy or if your Physician requests that you be removed from the Program.

In addition, if we determine that you may be using Controlled Substance Prescription Drugs in a harmful or abusive manner, or with harmful frequency, your selection of In-Network Providers for Controlled Substance Prescription may be limited. If this happens, we may require you to select a single In-Network Provider that will provide and coordinate all Controlled Substance Prescriptions. Benefits for Controlled Substance Prescriptions will only be paid if you use the single In-Network Provider. We will contact you if we determine that use of a single In-Network Provider is needed and give you options as to which In-Network Provider you may use. If you do not select one of the In-Network Providers we offer within 31 days, we will select a single In-Network Provider for you. If you disagree with our decision, you may ask us to reconsider it as outlined in the "Grievance and External Review Procedures" section of this Booklet.

Maintenance Pharmacy

You may also obtain a 90-day supply of Maintenance Medications from a Maintenance Pharmacy. A Maintenance Medication is a Drug you take on a regular basis to treat or control a chronic illness such as heart disease, high blood pressure, epilepsy, or diabetes. If you are not sure if the Prescription Drug you are taking is a Maintenance Medication or need to determine if your Pharmacy is a Maintenance Pharmacy, please call Pharmacy Member Services at the number on the back of your Identification Card or check our website at www.anthem.com for more details.

Specialty Pharmacy

We keep a list of Specialty Drugs that may be covered based upon clinical findings from the Pharmacy and Therapeutics (P&T) Process, and where appropriate, certain clinical economic reasons. This list will change from time to time. We may require you or your doctor to order certain Specialty Drugs from the PBM's Specialty Pharmacy.

When you use the PBM's Specialty Pharmacy, its patient care coordinator will work with you and your Doctor to get prior authorization and to ship your Specialty Drugs to your home or your preferred address. Your patient care coordinator will also tell you when it is time to refill your prescription.

You can get the list of covered Specialty Drugs by calling Pharmacy Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com.

Specified Specialty Drugs must be obtained through the specialty pharmacy program unless you qualify for an exception. When the specified Specialty Drugs are not obtained through the specialty pharmacy program (and you don't have an exception), you will not receive any benefits for these Drugs under this plan. You will have to pay the full cost of Specialty Drugs you get from a retail Pharmacy that should have been obtained from the specialty pharmacy program. If you order through the home delivery program a Specialty Drug that must be obtained through the specialty pharmacy program, the order will be forwarded to the specialty pharmacy program for processing and will be processed according to the specialty pharmacy program rules.

Exceptions to the specialty pharmacy program

This requirement does not apply to:

- The first month's supply of a specified Specialty Drug which is available through a retail In-Network Pharmacy (limited to a 30-day supply);
- Drugs, which, due to Medical Necessity, are needed urgently and must be administered to the Member immediately.

How to obtain an exception to the specialty pharmacy program
If you believe that you should not be required to get your medication through the specialty pharmacy program, for any of the reasons listed above or others, you or your Physician must complete an "Exception to the Specialty Pharmacy Program" form to request an exception and send it to us. The form can be faxed or mailed to us. If you need a copy of the form, you may call the Pharmacy Member Services number listed on your Identification Card to request one. You can also get the form online at www.anthem.com. If we have given you an exception, it will be good for a limited period of time. The exception period will be determined based on the reason for the exception. When the exception period ends, if you believe that you should still not be required to get your medication through the specialty pharmacy program, you must again request an exception. If we deny your request for an exception, it will be in writing and will tell you why we did not approve the exception.

Urgent or Emergency need of a Specialty Drug subject to the specialty pharmacy program. If you are out of a Specialty Drug which must be obtained through the specialty pharmacy program, we will authorize an override of the specialty pharmacy program requirement for 72 hours, or until the next business day following a holiday or weekend, to allow you to get a 72-hour Emergency supply of medication, or the smallest packaged quantity, whichever is greater, if your Doctor decides that it is appropriate and Medically Necessary. You may have to pay the applicable Copayment or Coinsurance, if any.

If you order your Specialty Drug through the specialty pharmacy program and it does not arrive, if your Physician decides that it is Medically Necessary for you to have the Drug immediately, we will authorize an override of the specialty pharmacy program requirement for a 30-day supply or less to allow you to get an Emergency supply of medication from an In-Network Pharmacy near you. A Pharmacy Member Services representative from the specialty pharmacy program will coordinate the exception and you will not be required to pay an additional Copayment.

Home Delivery Pharmacy

The PBM also has a Home Delivery Pharmacy that lets you get certain Drugs by mail if you take them on a regular basis. You will need to contact the PBM to sign up when you first use the service. You can have your Doctor send Prescriptions electronically, via fax or phone call, or you can submit written Prescriptions from your Doctor to the Home Delivery Pharmacy.

Out-of-Network Pharmacy

You may also use a Pharmacy that is not in our network. You will be charged the full retail price of the Drug and you will have to send your claim for the Drug to us. (Out-of-Network Pharmacies won't file the claim for you.) You can get a claims form from us or the PBM. You must fill in the top section of the form and ask the Out-of-Network Pharmacy to fill in the bottom section. If the bottom section of this form cannot be filled out by the pharmacist, you must attach a detailed receipt to the claim form. The receipt must show:

- Name and address of the Out-of-Network Pharmacy;
- Patient's name;
- Prescription number;
- Date the prescription was filled;
- Name of the Drug;
- Cost of the Drug;
- Quantity (amount) of each covered Drug or refill dispensed.

You must pay the amount shown in the "Schedule of Benefits." This is based on the Maximum Allowed Amount as determined by our normal or average contracted rate with network Pharmacies on or near the date of service.

What You Pay for Prescription Drugs

Tiers

Your share of the cost for Prescription Drugs may vary based on the tier the Drug is in.

- Tier 1a Drugs have the lowest Coinsurance or Copayment. This tier contains low cost and preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, or Interchangeable Biologic Products.
- Tier 1b Drugs have a higher Coinsurance or Copayment than those in Tier 1a. This tier contains low cost and preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, or Interchangeable Biologic Products.
- Tier 2 Drugs have a higher Coinsurance or Copayment than those in Tier 1a and 1b. This tier may contain higher cost, preferred, and non-preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, or Interchangeable Biologic Products.
- Tier 3 Drugs have a higher Coinsurance or Copayment than those in Tier 2. This tier may contain higher cost, preferred, and non-preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, or Interchangeable Biologic Products.
- Tier 4 Drugs have a higher Coinsurance or Copayment than those in Tier 3. This tier may contain higher cost, preferred, and non-preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, or Interchangeable Biologic Products.

We assign drugs to tiers based on clinical findings from the Pharmacy and Therapeutics (P&T) Process. We may cover one form of administration instead of another, or put other forms of administration in a different tier.

As part of your Pharmacy benefit, you may be required to try an AB-rated Generic equivalent, Biosimilar (Interchangeable Biosimilar Product) before receiving coverage for the equivalent Brand Name Drug.

Note: If there is a Generic equivalent to a Brand Name Drug, the lowest Cost Sharing will be applied.

Prescription Drug List

We also have an Anthem Prescription Drug List (a formulary), which is a list of Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness. The formulary is updated quarterly to ensure that the list includes Drugs that are safe and effective. Benefits may not be covered for certain Drugs if they are not on the Prescription Drug List. You can get a copy of the list by calling us at the phone number on the back of your Identification Card or visiting our website at www.anthem.com. See “Prior Authorization” in the section “Prescription Drugs Administered by a Medical Provider” for information about Drugs that are not on our Prescription Drug List.

The Drug List is developed by us based upon clinical findings, and where proper, the cost of the Drug relative to other Drugs in its therapeutic class or used to treat the same or similar condition. It is also based on the availability of over-the-counter medicines, Generic Drugs, the use of one Drug over another by our Members, and where proper, certain clinical economic reasons.

We retain the right to decide coverage based upon medication dosage, dosage forms, manufacturer, and administration methods (i.e., oral, injection, topical, or inhaled) and may cover one form instead of another as Medically Necessary.

You may request a copy of the covered Prescription Drug list by calling the Pharmacy Member Services telephone number on the back of your Identification Card or visiting our website at www.anthem.com. The covered Prescription Drug list is subject to periodic review and amendment. Inclusion of a Drug or related item on the covered Prescription Drug list is not a guarantee of coverage.

Exception Request for a Quantity, Dose or Frequency Limitation, Step Therapy, or a Drug not on the Prescription Drug List

Your Prescription Drug benefit covers those Drugs listed on our Prescription Drug List. This Prescription Drug List contains a limited number of Prescription Drugs, and may be different than the Prescription Drug List for other Anthem products.

If you or your Doctor believe you need an exception to a limit to a quantity, dose or frequency limitation, to step therapy, or need a Prescription Drug that is not on the Prescription Drug List, please have your Doctor or pharmacist get in touch with us. We will grant the exception request if we agree that it is Medically Necessary and appropriate.

Your Doctor must complete an exception form and return it to us. You or your Doctor can get the form online at www.anthem.com or by calling the number listed on the back of your ID card.

When we receive an exception request, we will make a coverage decision within a certain period of time, depending on whether exigent circumstances exist.

Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a Drug not covered by the Plan. In this case, we will make a coverage decision within 24 hours of receiving your request. If we approve the exception request, coverage of the Drug will be provided for the duration of the Prescription Order, including refills, or duration of the exigency, as applicable. If we deny the request, you have the right to request an external review by an Independent Review Organization (IRO). The IRO will make a coverage decision within 24 hours of receiving your request. If the IRO approves the request, coverage will be provided for the Prescription Order, including refills, or duration of the exigency, as applicable.

When exigent circumstances do not exist, we will make a coverage decision within 72 hours of receiving your request. If we approve the exception request, coverage of the Drug will be provided for the duration of the Prescription Order, including refills. If we deny the request, you have the right to request an external review by an IRO. The IRO will make a coverage decision within 72 hours of receiving your request. If the IRO approves the request, coverage will be provided for the duration of the Prescription Order, including refills.

If we fail to notify the prescribing Provider of our decision or that we need more information within these time periods from receipt of a prior authorization or step therapy exception request, the prior authorization or step therapy exception request will be deemed approved for the duration of the Prescription, including refills.

Requesting an exception or having an IRO review your request for an exception does not affect your right to submit a grievance or request an Independent Medical Review. Please see the section entitled “Grievance and External Review Procedures” for details.

Coverage of a Drug approved as a result of your request or your Doctor’s request for an exception will only be provided if you are a Member enrolled under the Plan.

PreventiveRx Benefit

Note: The PreventiveRx benefit covers Prescription Drugs in addition to those required by federal law under the “Preventive Care” benefit.

Your Plan includes the PreventiveRx benefit. This benefit waives Copayments, Coinsurance, and Deductibles on Prescription Drugs listed in the PreventiveRx Plus List when you use an In-Network Pharmacy

or Home Delivery (Mail Order). These drugs have been found useful in preventing disease or illness. You can get a copy of this list at www.anthem.com. The list will be reviewed and updated from time to time.

Additional Features of Your Prescription Drug Pharmacy Benefit

Day Supply and Refill Limits

Certain day supply limits apply to Prescription Drugs as listed in the "Schedule of Benefits." In most cases, you must use a certain amount of your Prescription before it can be refilled. In some cases we may let you get an early refill. For example, we may let you refill your prescription early if it is decided that you need a larger dose. We will work with the Pharmacy to decide when this should happen.

If you are going on vacation and you need more than the day supply allowed, you should ask your pharmacist to call our PBM and ask for an override for one early refill. If you need more than one early refill, please call Pharmacy Member Services at the number on the back of your Identification Card.

You may be able to also get partial fills of prescribed Schedule II controlled substances, if requested by you or your Physician. A partial fill means a part of a Prescription Order filled that is of a quantity less than the entire prescription. For oral, solid dosage forms of prescribed Schedule II controlled substances that are partially filled, your cost share will be prorated accordingly.

Therapeutic Equivalents

Therapeutic equivalents is a program that tells you and your Doctor about alternatives to certain prescribed Drugs. The Plan may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic equivalent is right for you. For questions or issues about therapeutic Drug equivalents call Pharmacy Member Services at the phone number on the back of your Identification Card.

Split Fill Dispensing Program

The split fill dispensing program is designed to prevent and/or minimize wasted Prescription Drugs if your Prescription Drugs or dose changes between fills, by allowing only a portion of your prescription to be filled. This program also saves you out of pocket expenses. The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. This program allows you to get your Prescription Drug in a smaller quantity and at a prorated copay so that if your dose changes or you have to stop taking the Prescription Drug, you can save money by avoiding costs for Prescription Drugs you may not use. You can access the list of these Prescription Drugs by calling the toll-free number on your member ID card or log on to the website at www.anthem.com.

Drug Cost Share Assistance Programs

If you qualify for certain non-needs based drug cost share assistance programs offered by drug manufacturers (either directly or indirectly through third parties) to reduce the Deductible, Copayment, or Coinsurance you pay for certain Specialty Drugs, the reduced amount you pay will be the amount we apply to your Deductible and/or Out-of-Pocket Limit.

Special Programs

Except when prohibited by federal regulations (such as HSA rules), from time to time we may offer programs to support the use of more cost-effective or clinically effective Prescription Drugs including Generic Drugs, Home Delivery Drugs, over-the-counter Drugs or preferred products. Such programs may reduce or waive Copayments or Coinsurance for a limited time.

Rebate Impact on Prescription Drugs You get at Retail or Home Delivery Pharmacies

Anthem and/or its PBM may also, from time to time, enter into agreements that result in Anthem receiving rebates or other funds ("rebates") directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others.

You will be able to take advantage of a portion of the cost savings anticipated by Anthem from rebates on Prescription Drugs purchased by you from Retail, Home Delivery, or Specialty Pharmacies under this section. If the Prescription Drug purchased by you is eligible for a rebate, most of the estimated value of that rebate will be used to reduce the Maximum Allowed Amount for the Prescription Drug. Any Deductible or Coinsurance would be calculated using that reduced amount. The remaining value of that rebate will be used to reduce the cost of coverage for all Members enrolled in coverage of this type.

It is important to note that not all Prescription Drugs are eligible for a rebate, and rebates can be discontinued or applied at any time based on the terms of the rebate agreements. Because the exact value of the ultimate rebate will not be known at the time you purchase the Prescription Drug, the amount of the rebate applied to your claim will be based on an estimate. Payment on your claim will not be adjusted if the later determined rebate value is higher or lower than our original estimate.

What's Not Covered

"Clinically equivalent" means Drugs that for most Members, will give you similar results for a disease or condition. If you have questions about whether a certain Drug is covered and which Drugs fall into this group, please call the number on the back of your Identification Card, or visit our website at www.anthem.com.

  If you or your Doctor believes you need to use a different Prescription Drug, please have your Doctor or pharmacist get in touch with us. We will review benefits for the Prescription Drug from time to time to make sure the Drug is still Medically Necessary.

Claims Payment

This section describes how we reimburse claims and what information is needed when you submit a claim. When you receive care from an In-Network Provider, you do not need to file a claim because the In-Network Provider will do this for you. If you receive care from an Out-of-Network Provider, you will need to make sure a claim is filed. Many Out-of-Network Hospitals, Doctors and other Providers will file your claim for you, although they are not required to do so. If you file the claim, use a claim form as described later in this section.

Maximum Allowed Amount

General

This section describes the term "Maximum Allowed Amount*"* as used in this Booklet, and what the term means to you when obtaining Covered Services under this Plan. The Maximum Allowed Amount is the total reimbursement payable under your Plan for Covered Services you receive from In-Network and Out-of-Network Providers. It is our payment towards the services billed by your Provider combined with any Deductible, Coinsurance or Copayment owed by you. In some cases, you may be required to pay the entire Maximum Allowed Amount. For instance, if you have not met your Deductible under this Plan, then you could be responsible for paying the entire Maximum Allowed Amount for Covered Services. Except for Federal Surprise Billing Claims*, when you receive services from an Out-of-Network Provider, you may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. In many situations, this difference could be significant. If you receive services from an In-Network Facility in California, at which or as a result of which, you receive non-Emergency Covered Services provided by an Out-of-Network Provider, you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see "Member Cost Share" below for more information.

** Federal Surprise Billing Claims are described in the "Consolidated Appropriations Act of 2021 Notice" at the front of this Booklet. Please refer to that section for further details.*

We have provided three examples below, which illustrate how the Maximum Allowed Amount works. These examples are for illustration purposes only.

Example: The Plan has a Member Coinsurance of 30% for In-Network Provider services after the Deductible has been met.

- The Member receives services from an In-Network surgeon. The charge is $2,000. The Maximum Allowed Amount under the Plan for the surgery is $1,000. The Member's Coinsurance responsibility when an In-Network surgeon is used is 30% of $1,000, or $300. This is what the Member pays. We pay 70% of $1,000, or $700. The In-Network surgeon accepts the total of $1,000 as reimbursement for the surgery regardless of the charges.

Example: The Plan has a Member Coinsurance of 50% for Out-of-Network Provider services after the Deductible has been met.

- The Member receives services from an Out-of-Network surgeon. The charge is $2,000. The Maximum Allowed Amount under the Plan for the surgery is $1,000. The Member's Coinsurance responsibility when an Out-of-Network surgeon is used is 50% of $1,000, or $500. We pay the remaining 50% of $1,000, or $500. In addition, the Out-of-Network surgeon could bill the Member the difference between $2,000 and $1,000. So the Member's total out-of-pocket charge would be $500 plus an additional $1,000, for a total of $1,500.

Example: The Member receives outpatient surgery services from an Out-of-Network Facility. The Deductible has not been met, which means that the Plan won't cover anything until the Member meets their Deductible.

- The charge is $3,500. The Maximum Allowed Amount under the Plan for the outpatient Facility surgery is $2,000. The outpatient Facility charges are capped at a maximum benefit payable of $380 per admission. The Plan calculates benefits based on 50% of the Maximum Allowed Amount ($1,000), up to the maximum benefit payable of $380, which is the amount applied to the Member's Deductible. Since the Deductible has not been met, the Member is responsible for paying any charges in excess of the $380 maximum benefit payable that the Provider may bill.

When you receive Covered Services, we will, to the extent applicable, apply claim processing rules to the claim submitted. We use these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the Maximum Allowed Amount if we determine that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your Provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the Maximum Allowed Amount will be based on the single procedure code.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network Provider or an Out-of-Network Provider.

In-Network Providers: For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for your Plan is the rate the Provider has agreed with Anthem to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Please call Member Services at the telephone number on the back of your Identification Card for help in finding an In-Network Provider or visit www.anthem.com.

Out-of-Network Providers or Other Eligible Providers: Providers who have not signed any contract with us and are not in any of our networks are Out-of-Network Providers or Other Eligible Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary Providers.

For Covered Services you receive from an Out-of-Network Provider or Other Eligible Provider, other than Emergency Care within California, the Maximum Allowed Amount will be based on the applicable Anthem Out-of-Network Provider or Other Eligible Provider rate or fee schedule for your Plan, an amount negotiated by us or a third party vendor, which has been agreed to by the Out-of-Network Provider or Other Eligible Provider, an amount based on or derived from the total charges billed by the Out-of-Network Provider or Other Eligible Provider, an amount based on information provided by a third party vendor or an amount based on reimbursement or cost information from the Centers for Medicare & Medicaid Services ("CMS"). When basing the Maximum Allowed Amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is adjusted or unadjusted for geographic locality, no less than annually. For Medical Emergency care rendered by an Out-of-Network Provider within California, reimbursement is based on the Reasonable and Customary Value.

Providers who are not contracted for this product, but are contracted for other products with us are also considered Out-of-Network. For this Booklet, the Maximum Allowed Amount for services from these Providers will be one of the methods shown above unless the contract between us and that Provider specifies a different amount.

Member Services is also available to assist you in determining your Plan's Maximum Allowed Amount for a particular service from an Out-of-Network Provider. In order for Anthem to assist you, you will need to obtain from your Physician the specific procedure code(s) and diagnosis code(s) for the services the Physician will

render. You will also need to know the Physician's charges to calculate your out-of-pocket responsibility. Although Member Services can assist you with this pre-service information, the final Maximum Allowed Amount for your claim will be based on the actual claim submitted by the Physician. You may call Member Services toll free at the telephone number on the back of your Identification Card for their assistance.

Unlike In-Network Providers, Out-of-Network Providers and Other Eligible Providers may send you a bill and collect for the amount of the Out-of-Network Provider's or Other Eligible Provider's charge that exceeds the Maximum Allowed Amount under this Plan or the Reasonable and Customary Value except those charges related to Emergencies within California, unless your claim involves a Federal Surprise Billing Claim. This amount can be significant. (**Note**: If you receive services from an In-Network Facility in California (State Surprise Billing Claim), at which or as a result of which, you receive non-Emergency Covered Services from Out-of-Network Providers, you will pay no more than the same cost sharing that you would pay for those same non-Emergency Covered Services received from an In-Network Provider, and you will not have to pay the Out-of-Network Provider more than the In-Network cost sharing for such non-Emergency Covered Services. Please see "Member Cost Share" below for more information.) Choosing an In-Network Provider will likely result in lower out-of-pocket costs to you. Please call the Member Services telephone number on the back of your Identification Card for help in finding an In-Network Provider or visit our website at www.anthem.com.

Please see your "Schedule of Benefits" for your payment responsibility.

For Covered Services rendered outside Anthem's Service Area by Out-of-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan's non-participating provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by us using Prescription Drug cost information provided by the Pharmacy Benefits Manager.

Member Cost Share

For certain Covered Services, and depending on your Plan design, you may be required to pay all or a part of the Maximum Allowed Amount as your cost share amount (Deductible, Copayment, and/or Coinsurance). Your cost share amount and Out-of-Pocket Limits may be different depending on whether you received Covered Services from an In-Network Provider, Out-of-Network Provider or Other Eligible Provider. Specifically, you may be required to pay higher cost sharing amounts or may have limits on your benefits when using Out-of-Network Providers or Other Eligible Providers. However, if you receive services from an In-Network Facility in California, at which or as a result of which, you receive non-Emergency Covered Services from Out-of-Network Providers, you will pay no more than the same cost sharing that you would pay for those same non-Emergency Covered Services received from an In-Network Provider, and you will not have to pay the Out-of-Network Provider more than the In-Network cost sharing for such non-Emergency Covered Services. Please see Your "Schedule of Benefits" in this Booklet for your cost share responsibilities and limitations, or call Member Services at the telephone number on the back of your Identification Card to learn how this Plan's benefits or cost share amounts may vary by the type of Provider you use.

Anthem will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by your Provider for non-Covered Services, regardless of whether such services are performed by an In-Network Provider, Out-of-Network Provider or Other Eligible Provider. Non-Covered Services include services specifically excluded from coverage by the terms of your Plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, benefit caps or day/ visit limits.

In some instances you may be asked to pay only the lower In-Network Provider cost share percentage when you use an Out-of-Network Provider. For example, if you receive services from an In-Network Hospital or Facility in California, at which or as a result of which, you receive non-Emergency Covered Services from an

Out-of-Network Provider such as a radiologist, anesthesiologist or pathologist providing services at the Hospital or Facility, you will pay no more than the same cost sharing that you would pay for those same non-Emergency Covered Services received from an In-Network Provider and you will not have to pay the Out-of-Network Provider more than the In-Network cost sharing for such non-Emergency Covered Services. The In-Network Provider cost share percentage will apply to any In-Network Deductible and the In-Network Out-of-Pocket Limit. However, if you consent in writing to receive non-Emergency Covered Services from an Out-of-Network Provider while you are receiving services from an In-Network Facility, the Plan will pay such Out-of-Network services based on the applicable Out-of-Network cost sharing stated in your "Schedule of Benefits" in this Booklet. The written consent to receive non-Emergency Covered Services from Out-of-Network Providers while you are receiving services from an In-Network Facility must demonstrate satisfaction of all the following criteria:

- At least 24 hours in advance of care, you consent in writing to receive services from the identified Out-of-Network Provider;

- The consent was obtained by the Out-of-Network Provider in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent was not obtained by the Facility or any representative of the Facility at the time of admission or at any time when you were being prepared for surgery or any other procedure;

- At the time of consent, the Out-of-Network Provider gave you a written estimate of your total Out-of-Pocket cost of care, based on the Provider's billed charges for the services to be provided. The Out-of-Network Provider shall not attempt to collect more than the estimated amount without receiving a separate written consent from you or your authorized representative, unless the Provider was required to make changes to the estimate due to circumstances during the delivery of services that were unforeseeable at the time the estimate was given;

- The consent advises that you may elect to seek care from an In-Network Provider or that you may make arrangements with your Plan to receive services from an In-Network Provider for lower Out-of-Pocket costs;

- The consent and estimate was provided to you in the language you speak, if the language is a Medi-Cal threshold language, as defined in subdivision (d) of Section 128552.

- The consent advises you that any costs incurred as a result of your use of the Out-of-Network benefits are in addition to the In-Network cost sharing amounts and may not count toward the annual In-Network Out-of-Pocket Limit or In-Network Deductible.

Authorized Referrals

In some circumstances, we may authorize In-Network Provider cost share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service you receive from an Out-of-Network Provider. In such circumstance, you or your Physician must contact us in advance of obtaining the Covered Service. It is your responsibility to ensure that we have been contacted. If we authorize an In-Network Provider cost share amount to apply to a Covered Service received from an Out-of-Network Provider, you also may still be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge. If you receive prior authorization for an Out-of-Network Provider due to network adequacy issues, you will not be responsible for the difference between the Out-of-Network Provider's charge and the Maximum Allowed Amount, unless your claim involves a Federal Surprise Billing Claim. Please contact Member Services at the telephone number on the back of your Identification Card for Authorized Referrals information or to request authorization.

It is important to understand that you may be referred by Anthem In-Network Providers to other Providers who may be contracted with Anthem, but are not part of your Plan's network of In-Network Providers. In such

case, any claims incurred would be paid as Out-of-Network Provider services, even though the Provider may be a participating Provider with Anthem.

It is your responsibility to confirm that the Provider you are seeing or have been referred to see is an In-Network Provider with your Plan. While your Plan has provided a network of In-Network Providers, it is important to understand that Anthem has many contracting Providers who are not participating in the network of Providers for your Plan. Any claims incurred with an Anthem participating Provider, who is not participating in your network panel of Providers, will be paid as Out-of-Network Provider services, even if you have been referred by another Anthem participating Provider.

If you receive services from an In-Network Facility in California, at which or as a result of which, you receive non-Emergency Covered Services provided by an Out-of-Network Provider, you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. Please see “Member Cost Share” above for more information.

Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

Claims Review

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from Out-of-Network Providers could be balance billed by the Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. Such balance billing must meet the criteria set forth in applicable state law. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

Notice of Claim & Proof of Loss

After you get Covered Services, we must receive written notice of your claim in order for benefits to be paid.

- In-Network Providers will submit claims for you. They are responsible for ensuring that claims have the information we need to determine benefits. If the claim does not include enough information, we will ask them for more details, and they will be required to supply those details within certain timeframes.

- Out-of-Network claims can be submitted by the Provider if the Provider is willing to file on your behalf. However, if the Provider is not submitting on your behalf, you will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claims form, you can send a written request to us, or contact Member Services and ask for a claims form to be sent to you. If you do not receive the claims form, you can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:

  - Name of patient.
  - Patient’s relationship with the Subscriber.
  - Identification number.
  - Date, type, and place of service.
  - Your signature and the Provider’s signature.

  Out-of-Network claims must be submitted within 180 days after the date of service. In certain cases, state or federal law may allow additional time to file a claim, if you could not reasonably file within the 180-day

period. The claim must have the information we need to determine benefits. If the claim does not include enough information, we will ask you for more details and inform you of the time by which we need to receive that information. Once we receive the required information, we will process the claim according to the terms of your Plan.

Please note that failure to submit the information we need by the time listed in our request could result in the denial of your claim, unless state or federal law requires an extension. Please contact Member Services if you have any questions or concerns about how to submit claims.

Member's Cooperation

You will be expected to complete and submit to us all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate, you will be responsible for any charge for services.

Payment of Benefits

You authorize us to make payments directly to Providers for Covered Services. In no event, however, shall our right to make payments directly to a Provider be deemed to suggest that any Provider is a beneficiary with independent claims and appeal rights under the Plan. We reserve the right to make payments directly to you as opposed to any Provider for Covered Services, except for claims for Emergency Care or Surprise Billing Claims for ground or air ambulance services or non-Emergency services performed by Out-of-Network Providers at certain In-Network Facilities, which will be paid directly to Providers and Facilities. In the event that payment is made directly to you, you have the responsibility to apply this payment to the claim from the Out-of-Network Provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to, an Alternate Recipient (which is defined herein as any child of a Subscriber who is recognized, under a "Qualified Medical Child Support Order", as having a right to enrollment under the Group's Plan), or that person's custodial parent or designated representative. Any payments made by us (whether to any Provider for Covered Service or You) will discharge our obligation to pay for Covered Services. You cannot assign your right to receive payment to anyone, except as required by a "Qualified Medical Child Support Order" as defined by, and if subject to, ERISA or any applicable state law.

We will pay Out-of-Network Providers and other Providers of service directly when Emergency services and care are provided to you or one of your Dependents. We will continue such direct payment until the Emergency Care results in stabilization. If the Emergency Care is rendered within California by an Out-of-Network Provider, you will not be responsible for any amount in excess of the Reasonable and Customary Value. However, you are responsible for any charges in excess of the Reasonable and Customary Value that may be billed by certain Out-of-Network ambulance Providers (see "Schedule of Benefits").

If you receive services from an In-Network Facility in California, at which or as a result of which, you receive non-Emergency Covered Services provided by an Out of-Network Provider, you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. You will not have to pay the Out-of-Network Provider more than the In-Network cost sharing for such non-Emergency Covered Services. Please see "Member Cost Share" above for more information.

Once a Provider performs a Covered Service, we will not honor a request to withhold payment of the claims submitted.

The coverage, rights, and benefits under the Plan are not assignable by any Member without the written consent of the Plan, except as provided above. This prohibition against assignment includes rights to receive payment, claim benefits under the Plan and/or law, sue or otherwise begin legal action, or request Plan

documents or any other information that a Participant or beneficiary may request under ERISA. Any assignment made without written consent from the Plan will be void and unenforceable.

Inter-Plan Arrangements

Out-of-Area Services

Overview

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the State of California, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of California, you will receive it from one of two kinds of Providers. Most Providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some Providers ("nonparticipating providers") don't contract with the Host Blue. We explain below how we pay both kinds of Providers.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that you obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When you receive Covered Services outside of California and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to Us.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If Anthem has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the Plan on your behalf, Anthem will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Nonparticipating Providers Outside California

1. Allowed Amounts and Member Liability Calculation

When Covered Services are provided outside of California by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as Deductible, Copayment or Coinsurance will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency services.

2. Exceptions

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within California, or a special negotiated price to determine the amount we will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment we make for the Covered Services as set forth in this paragraph.

Member Services is also available to assist you in determining your allowed amount for a particular service from a non-participating provider. In order for Anthem to assist you, you will need to obtain from the non-participating provider the specific procedure code(s) and diagnosis code(s) for the services the provider will render. You will also need to know the provider's charges to calculate your out-of-pocket responsibility. Although Member Services can assist you with this information, the final allowed amount for your claim will be based on the actual claim submitted by the provider. You may call Member Services toll free at the telephone number on the back of your Identification Card for their assistance.

F. Blue Cross Blue Shield Global Core® Program

If you plan to travel outside the United States, call Member Services to find out your Blue Cross Blue Shield Global Core® benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up to date health ID card with you.

When you are traveling abroad and need medical care, you can call the Blue Cross Blue Shield Global Core® Service Center any time. They are available 24 hours a day, seven days a week. The toll free number is 800-810-2583. Or you can call them collect at 804-673-1177.

If you need inpatient hospital care, you or someone on your behalf, should contact us for preauthorization. Keep in mind, if you need Emergency medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the "Getting Approval for Benefits" section in this Booklet for further information. You can learn how to get preauthorization when you need to be admitted to the hospital for Emergency or non-emergency care.

How Claims are Paid with Blue Cross Blue Shield Global Core®

In most cases, when you arrange inpatient hospital care with Blue Cross Blue Shield Global Core®, claims will be filed for you. The only amounts that you may need to pay up front are any Copayment, Coinsurance or Deductible amounts that may apply.

You will typically need to pay for the following services up front:

- Doctors services;
- Inpatient hospital care not arranged through Blue Cross Blue Shield Global Core®; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

When you need Blue Cross Blue Shield Global Core® claim forms you can get international claims forms in the following ways:

- Call the Blue Cross Blue Shield Global Core® Service Center at the numbers above; or
- Online at www.bcbsglobalcore.com.

You will find the address for mailing the claim on the form.

Coordination of Benefits When Members Are Covered Under More Than One Plan

If you are covered by more than one group health plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans so that the benefits and services you receive from all group coverages do not exceed 100% of the Maximum Allowed Amount. These coordination provisions apply separately to each Member, per calendar year, and are largely determined by California law. Any coverage you have for medical benefits will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appears in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this “Definitions” provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom a claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom a claim is made is not an Allowable Expense.

The following are not an Allowable Expense:

1. Use of a private Hospital room is not an Allowable Expense unless the patient's stay in a private Hospital room is Medically Necessary in terms of generally accepted medical practice, or one of the plans routinely provides coverage for Hospital private rooms.

2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.

3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.

4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.

5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan’s provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.

6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan’s deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trusteed plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.

The term “Other Plan” refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of Other Plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of This Plan which provides benefits subject to this provision.

EFFECT ON BENEFITS

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.
2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision.

2. A plan which covers you as a Subscriber pays before a plan which covers you as a dependent. But, if you are a Medicare beneficiary and also a dependent of an employee with current employment status under another plan, this rule might change. If, according to Medicare’s rules, Medicare pays after that plan which covers you as a dependent, then the plan which covers you as a dependent pays before a plan which covers you as a Subscriber.

   For example: You are covered as a retired Subscriber under This Plan and entitled to Medicare (Medicare would pay first, This Plan would pay second). You are also covered as a dependent of an active employee under another plan provided by an employer group of twenty (20) or more employees (then, according to Medicare’s rules, Medicare would pay second). In this situation, the plan which covers you as a dependent of an active employee will pay first, Medicare will pay second, and the plan which covers you as a retired Subscriber will pay last.

3. For a dependent child covered under plans of two parents, the plan of the parent whose birthday falls earlier in the calendar year pays before the plan of the parent whose birthday falls later in the calendar year. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

Exception to rule 3: For a dependent child of parents who are divorced or separated, the following rules will be used in place of rule 3:

a. If the parent with custody of that child for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that child as a dependent pays first.

b. If the parent with custody of that child for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:

   - The plan which covers that child as a dependent of the parent with custody.
   - The plan which covers that child as a dependent of the stepparent (married to the parent with custody).
   - The plan which covers that child as a dependent of the parent without custody.
   - The plan which covers that child as a dependent of the stepparent (married to the parent without custody).

c. Regardless of a. and b. above, if there is a court decree which establishes a parent's financial responsibility for that child's health care coverage, a plan which covers that child as a dependent of that parent pays first.

4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But, if either plan does not have a provision regarding laid-off or retired employees, provision 6. applies.

5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays last. If the order of benefit determination provisions of the Other Plan does not agree under these circumstances with the order of benefit determination provisions of This Plan, this rule will not apply.

6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility for Timely Notice. We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability will be reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

Third Party Liability and Reimbursement

Under some circumstances, a third party may be liable or legally responsible by reason of negligence, an intentional act, or the breach of a legal obligation of such third party for an injury, disease, or other condition for which a Member receives Covered Services. As a result, a Member may receive a Recovery, which includes, but is not limited to, payment received from any person or party, any person's or party's liability insurance coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, workers' compensation insurance or fund, premises medical payments coverage, restitution, "no-fault" or personal injury protection insurance and/or automobile medical payments coverage, or any other first or third party insurance coverage. In that event, any benefits we pay under this Booklet for such Covered Services will be subject to the following:

- We will automatically have a lien upon any amount you receive from any third party, insurer, or other source of monetary compensation by judgment, award, settlement or otherwise. Our lien will be in the amount of the benefits we pay for treatment of the illness, injury, disease, or condition for which a third party is alleged to be liable or financially responsible. Our lien will not exceed the amount we actually paid for those services if we paid the Provider other than on a capitated basis. If we paid the Provider on a capitated basis, our lien will not exceed 80% of the usual and customary charges for those services in the geographic area in which they were rendered.
- We will be entitled to collect on the full amount of our lien, except that our Recovery is limited to the lesser of:
  - The total lien minus a pro rata reduction for reasonable attorney fees and costs, or
  - One-third of the moneys due to the enrollee or insured under any final judgment, compromise or settlement agreement if you have an attorney, or
  - One-half of the moneys due to the enrollee or insured under any final judgment, compromise, or settlement agreement if you do not have an attorney.

  If a final judgment includes a special finding by a judge, jury or arbitrator that you were partially at fault, our lien shall be reduced by the same comparative fault percentage by which your Recovery was reduced.
- You agree to advise us in writing of your claim against a third party within sixty (60) days of making such claim, and that you will take such action, furnish such information and assistance, and execute such papers as we may require to facilitate enforcement of our lien rights. You agree not to take any action that may prejudice our rights or interests under the Agreement. You agree also that failing to give us such notice, or failing to cooperate with us, or taking action that prejudices our rights will be a material breach of the Agreement. In the event of such material breach, you will be personally responsible and liable for reimbursing to us the amount of benefits we paid.
- We will be entitled to collect on our lien as a first priority even if the Member is not made whole by the Recovery and the amount recovered by or for the Member (or his or her estate, parent or legal guardian) of such third party as compensation for the injury, illness or condition is less than the actual loss suffered by the Member.

Grievance and External Review Procedures

We want your experience with us to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your Plan or a service you have received. If you have a question about your eligibility, your benefits under this Booklet, or concerning a claim, please call our Member Services department at the telephone number on the back of your Identification Card. Our Member Services staff will answer your questions or assist you in resolving your issue.

If you are dissatisfied and wish to file a Grievance, you may request a copy of the Grievance form from Anthem. You may ask the Member Services representative to complete the form for you over the telephone or you may submit a Grievance form online in the "Members" section at www.anthem.com. You may also submit a Grievance to the following address:

For medical and Prescription Drug or Pharmacy Issues:
Anthem
Attn: Grievances and Appeals
P.O. Box 4310
Woodland Hills, CA 91365-4310

A "Grievance" means a written or oral expression of dissatisfaction regarding the Plan and/or Provider, including quality of care concerns, and shall include a complaint, dispute, request for reconsideration or appeal made by a Member or the Member's representative. A Grievance also includes a written or oral expression of dissatisfaction to us or to the Department of Managed Health Care (DMHC) by a Member who believes this Plan has been or will be improperly cancelled, rescinded, or not renewed. Where we are unable to distinguish between a grievance and an inquiry, it shall be considered a grievance. "Complaint" is the same as "Grievance."

You must submit your Grievance to us no later than 180 days following the date of the denial notice from us that you allege to be improper. You must include all pertinent information from your Identification Card and the details and circumstances of your concern or problem. Upon receipt of your Grievance, your issue will become part of our formal Grievance process and will be resolved accordingly.

Grievances received by us will be acknowledged in writing as required by law. Except for Grievances that concern the Prescription Drug List, we will review and respond to your Grievance within the following timeframes:

- After we have received your Grievance, we will send you a written statement on its resolution or pending status within thirty (30) days.

- If your case involves an imminent and serious threat to your health, including, but not limited to, severe pain or the potential loss of life, limb, or major bodily function, or you believe this Plan has been or will be improperly cancelled, rescinded, or not renewed, review of your Grievance will be expedited, and we will provide you with a written statement on the disposition or pending status of the Grievance no later than three (3) days from the receipt of the Grievance.

If you are dissatisfied with the resolution of your Grievance, or if your Grievance has not been resolved after at least thirty (30) days, you may submit your Grievance to the Department of Managed Health Care (DMHC) for review prior to binding arbitration (see the section entitled "DEPARTMENT OF MANAGED HEALTH CARE"). If your case involves an imminent and serious threat to your health, as described above, or a cancellation or non-renewal of coverage under this Booklet, you are not required to complete our Grievance process, but may immediately submit your Grievance to the Department of Managed Health Care for review.

If, after a denial of benefits, we consider, rely on or generate any new or additional evidence in connection with your claim, we will provide you with that new or additional evidence, free of charge. We will not base our Grievance decision on a new or additional rationale without first providing you (free of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If we fail to follow the Grievance procedures outlined under this section the Grievance process may be deemed exhausted. However, the Grievance process will not be deemed exhausted due to de minimis violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond our control.

You may at any time pursue your ultimate remedy, which is binding arbitration (see “Binding Arbitration” in this section for additional details).

Independent Medical Review Based Upon the Denial of Experimental or Investigational Treatment

If a Member has had coverage denied because proposed treatment is determined by us to be Experimental or Investigational, that Member may ask for review of that denial by an Independent Medical Review (“IMR”) organization contracting with the Department of Managed Health Care. A request for review may be submitted to the Department of Managed Health Care in accordance with the procedures described under “INDEPENDENT MEDICAL REVIEW OF GRIEVANCES INVOLVING A DISPUTED HEALTH CARE SERVICE.” To qualify for IMR, all of the following conditions must be satisfied:

- The Member has a life-threatening or seriously debilitating condition.
  - A life-threatening condition is a condition or disease where the likelihood of death is high unless the course of the condition or disease is interrupted and/or a condition or disease with a potentially fatal outcome where the end-point of clinical intervention is survival.
  - A seriously debilitating condition is a disease or condition that causes major, irreversible morbidity.
- The proposed treatment must be recommended by an In-Network Provider, or a board certified or board eligible Physician qualified to treat the Member, who has certified in writing that it is more likely to be beneficial than standard treatment, and who has provided the supporting evidence.
- If an IMR is requested by the Member or by a qualified Out-of-Network Provider, as described above, the requester must supply two items of acceptable medical and scientific evidence (as defined below).

Within three (3) business days of our receipt from the Department of Managed Health Care of a request by a qualified Member for an IMR, we will provide the IMR organization designated by the Department with a copy of all relevant medical records and documents for review, and any information submitted by the Member or the Member’s Physician. Any subsequent information received will be forwarded to the IMR organization within three (3) business days. Additionally, any newly developed or discovered relevant medical records identified by us or our In-Network Providers after the initial documents are provided will be forwarded immediately to the IMR organization. The IMR organization will render its determination within thirty (30) days of the request (or seven (7) days in the case of an expedited review), except the reviewer may ask for three (3) more days if there was any delay in receiving the necessary records.

"Acceptable medical and scientific evidence" means the following sources:

- Peer reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff;
- Medical journals recognized by the Secretary of Health and Human Services under Section 1861 (t) (2) of the Social Security Act;
- Either of the following reference compendia: The American Hospital Formulary Service's-Drug Information or the American Dental Association Accepted Dental Therapeutics;
- Any of the following reference compendia, if recognized by the federal Centers for Medicare & Medicaid Services as part of an anticancer chemotherapeutic regimen:
  - The Elsevier Gold Standard's Clinical Pharmacology.
  - The National Comprehensive Cancer Network Drug and Biologics Compendium.
  - The Thomson Micromedex DrugDex.
- Medical literature meeting the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus, Medline, MEDLARS database Health Services Technology Assessment Research;
- Findings, studies or research conducted by or under the auspices of federal governmental agencies and nationally recognized federal research institutes; and
- Peer reviewed abstracts accepted for presentation at major medical association meetings.

Independent Medical Review of Grievances Involving A Disputed Health Care Service

You may request an Independent Medical Review ("IMR") of disputed health care services from the Department of Managed Health Care if you believe that we have improperly denied, modified, or delayed health care services. A "disputed health care service" is any health care service eligible for coverage and payment under your Plan that has been denied, modified, or delayed by us, in whole or in part, because the service is not Medically Necessary.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. We must provide you with an IMR application form with any Grievance disposition letter that denies, modifies, or delays health care services. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against us regarding the disputed health care service.

Eligibility: The DMHC will review your application for IMR to confirm that:

1. a. Your Doctor has recommended a health care service as Medically Necessary,
   b. You have received Urgent Care or Emergency services that a Provider determined was Medically Necessary, or
   c. You have been seen by an In-Network Provider for the diagnosis or treatment of the medical condition for which you seek independent review;

2. The disputed health care service has been denied, modified, or delayed by us based in whole or in part on a decision that the health care service is not Medically Necessary; and

3. You have filed a Grievance with us and the disputed decision is upheld or the Grievance remains unresolved after thirty (30) days. If your Grievance requires expedited review you may bring it

immediately to the DMHC's attention. The DMHC may waive the requirement that you follow our Grievance process in extraordinary and compelling cases.

If your case is eligible for IMR, the dispute will be submitted to a medical specialist who will make an independent determination of whether or not the care is Medically Necessary. You will receive a copy of the assessment made in your case. If the IMR determines the service is Medically Necessary, we will provide benefits for the health care service.

For non-urgent cases, the IMR organization designated by the DMHC must provide its determination within thirty (30) days of receipt of your application and supporting documents. For urgent cases involving an imminent and serious threat to your health, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of your health, the IMR organization must provide its determination within three (3) business days.

For more information regarding the IMR process, or to request an application form, please call our Member Services department at the telephone number listed on the back of your Identification Card.

Department of Managed Health Care

You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the Medical Necessity of a proposed service or treatment, coverage decisions for treatments that are Experimental or Investigational in nature and payment disputes for Emergency or urgent medical services. The department also has a toll-free telephone number **(1-888-466-2219)** and a TDD line **(1-877-688-9891)** for the hearing and speech impaired. Binding Arbitration

ALL DISPUTES BETWEEN YOU AND ANTHEM BLUE CROSS INCLUDING BUT NOT LIMITED TO DISPUTES RELATING TO THE DELIVERY OF SERVICE UNDER THE PLAN OR ANY OTHER ISSUES RELATED TO THE PLAN AND CLAIMS OF MEDICAL MALPRACTICE MUST BE RESOLVED BY BINDING ARBITRATION, IF THE AMOUNT IN DISPUTE EXCEEDS THE JURISDICTIONAL LIMIT OF SMALL CLAIMS COURT AND THE DISPUTE CAN BE SUBMITTED TO BINDING ARBITRATION UNDER APPLICABLE FEDERAL AND STATE LAW, INCLUDING BUT NOT LIMITED TO, THE PATIENT PROTECTION AND AFFORDABLE CARE ACT. For claims that exceed the jurisdiction of the small claims court that are subject to binding arbitration under this agreement, California Health and Safety Code Section 1363.1 require specified disclosures in this regard: It is understood that any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as permitted and provided by federal and California law, including but not limited to, the Patient Protection and Affordable Care Act, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration. YOU AND ANTHEM BLUE CROSS AGREE TO BE BOUND BY THIS ARBITRATION PROVISION. YOU ACKNOWLEDGE THAT FOR DISPUTES THAT ARE SUBJECT TO ARBITRATION UNDER STATE OR FEDERAL LAW THE RIGHT TO A JURY TRIAL, THE RIGHT TO A BENCH TRIAL UNDER CALIFORNIA BUSINESS AND PROFESSIONS CODE SECTION 17200, AND/OR THE RIGHT TO ASSERT AND/OR PARTICIPATE IN A CLASS ACTION ARE ALL WAIVED BY YOU. If your plan is subject to 45 CFR 147.136, this agreement does not limit your rights to internal and external review of adverse benefit determinations as required by that law. Enforcement of this arbitration clause, including the waiver of class actions, shall be determined under the Federal Arbitration Act ("FAA"), including the FAA's preemptive effect on state law.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this BINDING ARBITRATION provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.

The arbitration findings will be final and binding except to the extent that state or federal law provides for the judicial review of arbitration proceedings.

The arbitration is initiated by the Member making written demand on Anthem Blue Cross. The arbitration will be conducted by Judicial Arbitration and Mediation Services ("JAMS"), according to its applicable Rules and Procedures. If for any reason JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by agreement of the Member and Anthem Blue Cross, or by order of the court, if the Member and Anthem Blue Cross cannot agree.

The costs of the arbitration will be allocated per the JAMS Policy on Consumer Arbitrations. If the arbitration is not conducted by JAMS, the costs will be shared equally by the parties, except in cases of extreme financial hardship, upon application to the neutral arbitration entity to which the parties have agreed, in which cases, Anthem Blue Cross will assume all or a portion of the Member's costs of the arbitration. Unless you and Anthem Blue Cross agree otherwise, the arbitrator may not consolidate more than one person's claims, and may not otherwise preside over any form of a representative or class proceeding. Anthem Blue Cross will provide Members, upon request, with an application, or information on how to obtain an application from the neutral arbitration entity, for relief of all or a portion of their share of the fees and expenses of the neutral arbitration entity. Approval or denial of an application in the case of extreme financial hardship will be determined by the neutral arbitration entity.

Please send all binding arbitration demands in writing to:

Eligibility and Enrollment – Adding Members

In this section you will find information on who is eligible for coverage under this Plan and when Members can be added to your coverage. Eligibility requirements are described in general terms below. For more specific information, please see your Human Resources or Benefits Department.

Who is Eligible for Coverage

Subscriber's Eligibility

- The person eligible to enroll as a Subscriber is any permanent employee who is actively engaged on a full-time basis in the conduct of the business of the employer. For specific information about your employer's eligibility rules for coverage, please contact your Human Resources or Benefits Department.

Dependents

To be eligible to enroll as a Dependent, you must be listed on the enrollment form completed by the Subscriber, meet all Dependent eligibility criteria established by the Group, and be one of the following:

- The Subscriber's spouse. For information on spousal eligibility please contact the Group.

- The Subscriber's Domestic Partner when a Domestic Partnership has been established by both persons having filed a Declaration of Domestic Partnership with the California Secretary of State pursuant to the California Family Code, and, at the time of filing, all additional requirements of Domestic Partnership under the California Family Code have been met.

  For purposes of this Plan, a Domestic Partner shall be treated the same as a spouse, and a Domestic Partner's child, adopted child, or child for whom a Domestic Partner has legal guardianship shall be treated the same as any other child.

- The Subscriber's or the Subscriber's spouse's children, including natural children, stepchildren, newborn, and legally adopted children and children who the Group has determined are covered under a Qualified Medical Child Support Order as defined by ERISA or any applicable state law.

- Children for whom the Subscriber or the Subscriber's spouse or Domestic Partner is a legal guardian or as otherwise required by law.

All enrolled eligible children will continue to be covered until the age limit listed in the "Schedule of Benefits." Coverage may be continued past the age limit in the following circumstances:

- For those already enrolled Dependents who cannot work to support themselves due to mental or physical impairment. The Dependent's impairment must start before the end of the period they would become ineligible for coverage. They may have been covered under this Plan or another plan immediately before being covered under this Plan. We must be informed of the Dependent's eligibility for continuation of coverage within 60 days after the Dependent would normally become ineligible. You must then give proof as often as we require. This will not be more often than once a year after the two-year period following the child reaching the limiting age. You must give the proof at no cost to us. You must notify us if the Dependent's marital status changes and they are no longer eligible for continued coverage.

We may require you to give proof of continued eligibility for any enrolled child. Your failure to give this information could result in termination of a child's coverage.

To obtain coverage for children, we may require you to give us a copy of any legal documents awarding guardianship of such child(ren) to you.

Types of Coverage

Your Group offers the enrollment options listed below. After reviewing the available options, you may choose the option that best meets your needs. The options are as follows:

- Subscriber only (also referred to as single coverage);
- Subscriber and spouse; or Domestic Partner;
- Subscriber and one child;
- Subscriber and children;
- Subscriber and family.

When You Can Enroll

Initial Enrollment

The Group will offer an initial enrollment period to new Subscribers and their Dependents when the Subscriber is first eligible for coverage. Coverage will be effective in accordance with the rules established by the Group.

If you did not enroll yourself and/or your Dependents during the initial enrollment period you will only be able to enroll during an Open Enrollment period or during a Special Enrollment period, as described below.

Open Enrollment

Open Enrollment refers to a period of time during which eligible Subscribers and Dependents can apply for or change coverage. Open Enrollment occurs only once per year. The Group will notify you when Open Enrollment is available.

Special Enrollment Periods

If a Subscriber or Dependent does not apply for coverage when they are first eligible, they may be able to enroll in or change health benefit plans as a result of the following triggering events:

- He or she has met all of the following requirements:
  a. They were covered as an individual or dependent under either:
     i. Another employer group health plan or health insurance coverage, including coverage under a COBRA or Cal-COBRA continuation; or
     ii. A state Medicaid plan or under a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program.
  b. They certified in writing at the time they became eligible for coverage under this Plan that they were declining coverage under this Plan or disenrolling because they were covered under another health plan as stated above and were given written notice that if they choose to enroll later, they may be required to wait until the next open enrollment period to do so.
  c. The coverage under the other health plan wherein they were covered as an individual or dependent ended as follows:

i. If the other health plan was another employer group health plan or health insurance coverage, including coverage under a COBRA or Cal-COBRA continuation, coverage ended because they lost eligibility under the other plan, the coverage under a COBRA or Cal-COBRA continuation was exhausted, or employer contributions toward coverage under the other plan terminated.

   Loss of eligibility for coverage under an employer group health plan or health insurance includes loss of eligibility due to termination of employment or change in employment status, reduction in the number of hours worked, loss of dependent status under the terms of the Plan, termination of the other plan, legal separation, divorce, death of the person through whom you were covered.

ii. If the other health plan was a state Medicaid plan or a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program, coverage ended because they lost eligibility under the program. They must properly file an application with the Group within 60 days after the date the coverage ended.

- We do not have a written statement from the Group stating that prior to declining coverage or disenrolling, he or she received, and signed, acknowledgment of a written notice specifying that if they do not enroll for coverage within 31 days after your eligibility date, or if they disenroll, and later file an enrollment application, the coverage may not begin until the first day of the month following the end of the Group's next open enrollment period;
- He or she meets or exceeds a lifetime limit on all benefits under health plan;
- He or she becomes eligible for assistance, with respect to the cost of coverage under the employer's group Plan, under a state Medicaid or SCHIP health plan, including any waiver or demonstration project conducted under or in relation to these plans. They must properly file an application with the Group within 60 days after the date they are determined to be eligible for this assistance;
- He or she gains a Dependent or becomes a Dependent through marriage, birth, adoption or placement for adoption (please see "Enrolling Dependent Children" below);
- He or she is mandated to be covered as a Dependent pursuant to a valid state or federal court order;
- He or she is a member of the reserve forces of the United States military returning from active duty or a member of the California National Guard returning from active duty service.

Important Notes about Special Enrollment

- Members who enroll during Special Enrollment are **not** considered Late Enrollees.
- Individuals must apply for coverage within 31 days of the date of the triggering event.

To request Special Enrollment or obtain more information, call us at the Member Services telephone number on your Identification Card, or contact the Group.

Late Enrollees

If the Subscriber does not enroll themselves and/or their Dependents when first eligible or during a Special Enrollment period, they will not be eligible to enroll until the next Open Enrollment Period.

Members Covered Under the Group's Prior Plan

Members who were previously enrolled under another plan offered by the Group that is being replaced by this Plan are eligible for coverage on the Effective Date of this coverage.

Enrolling Dependent Children

Newborn Children

Newborn children are covered automatically from the moment of birth. Following the birth a child, you should submit an application / change form to the Group within 31 days to add the newborn to your Plan.

Even if no additional Premium is required, you should still submit an application / change form to the Group to add the newborn to your Plan, to make sure we have accurate records and are able to cover your claims.

Adopted Children

A child will be considered adopted from the earlier of: (1) the moment of placement in your home; or (2) the date of an entry of an order granting custody of the child to you. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

Your Dependent's Effective Date will be the date of the adoption or placement for adoption if you send us the completed application / change form within 31 days of the event.

Adding a Child due to Award of Legal Custody or Guardianship

If you or your spouse is awarded legal custody or guardianship for a child, an application must be submitted within 31 days of the date legal custody or guardianship is awarded by the court. Coverage will be effective on the date the court granted legal custody or guardianship.

Qualified Medical Child Support Order

If you are required by a qualified medical child support order or court order, as defined by ERISA and/or applicable state or federal law, to enroll your child in this Plan, we will permit the child to enroll at any time without regard to any Open Enrollment limits and will provide the benefits of this Plan according to the applicable requirements of such order. However, a child's coverage will not extend beyond any Dependent Age Limit listed in the Schedule of Benefits.

Updating Coverage and/or Removing Dependents

You are required to notify the Group of any changes that affect your eligibility or the eligibility of your Dependents for this Plan. When any of the following occurs, contact the Group and complete the appropriate forms:

- Changes in address;
- Marriage or divorce;
- Death of an enrolled Dependent (a different type of coverage may be necessary);
- Enrollment in another health plan or in Medicare;
- Eligibility for Medicare;

- Enrolled Dependent child either becomes totally or permanently impaired, or is no longer impaired.

All notifications must be in writing and on approved forms.

Nondiscrimination

Statements and Forms

All Members must complete and submit applications or other forms or statements that we may reasonably request.

Any rights to benefits under this Plan are subject to the condition that all such information is true, correct, and complete. Any material misrepresentation by you may result in termination of coverage as provided in the "Termination and Continuation of Coverage" section. We will not use a statement made by you to void your coverage after that coverage has been in effect for two years. This does not apply, however, to fraudulent misstatements.

Termination and Continuation of Coverage

Termination

Except as otherwise provided, your coverage may terminate in the following situations:

- When the Contract between the Group and us terminates. It will be the Group's responsibility to notify you of the termination of coverage.
- If the Group no longer provides coverage for the class of Members to which you belong.
- If you choose to terminate your coverage.
- If you or your Dependents cease to meet the eligibility requirements of the Plan, subject to any applicable continuation requirements. If you cease to be eligible, the Group and/or you must notify us immediately. The Group and/or you shall be responsible for payment for any services incurred by you after you cease to meet eligibility requirements.
- If you elect coverage under another carrier's health benefit plan, which is offered by the Group as an option instead of this Plan, subject to the consent of the Group. The Group agrees to immediately notify us that you have elected coverage elsewhere.
- When the required Premiums are not paid, we may terminate your coverage and may also terminate the coverage of your Dependents upon first mailing a written Notice of Start of Grace Period to the Group at least thirty (30) days, or if longer, the period required by federal law, prior to that termination.

  The coverage will end as of 12:00 midnight on the thirtieth (30th) day from when the Notice of Start of Grace Period is dated. The Notice of Start of Grace Period shall state that the Agreement shall not be terminated if the Group makes appropriate payment in full within thirty (30) days after the date of the Notice of Start of Grace Period. If payment is not received within thirty (30) days of issuance, the Agreement will be cancelled for non-payment of Premium and we will send a notice to the Group confirming that the Agreement has been cancelled. The Notice of End of Coverage shall also state that, if the Agreement is terminated for nonpayment and the Group wishes to apply for reinstatement, the Group will be required to submit a new application for coverage and will be required to submit any Premiums that are owed. Reinstatement is not guaranteed, and the Group's request for reinstatement may be declined.
- If you permit the use of your or any other Member's Plan Identification Card by any other person; use another person's Identification Card; or use an invalid Identification Card to obtain services, your coverage will terminate immediately upon our written notice to the Group. Anyone involved in the misuse of a Plan Identification Card will be liable to and must reimburse us for the Maximum Allowed Amount for services received through such misuse.

You will be notified in writing of the date your coverage ends by either us or the Group.

Improper cancellation, rescission or non-renewal (Grievance):

If you believe that your coverage has been improperly cancelled, rescinded or not renewed, you may file a grievance of the matter in accordance with the Grievance process outlined in "Grievance and External Review Procedures." You should file your grievance as soon as possible after you receive notice that your coverage will end. You may also send a grievance to the Director of the Department of Managed Health Care. If your coverage is still in effect when you submit a grievance, we will continue to provide coverage to you under the terms of this Plan until a final determination of your grievance has been made, including any review by the

Director of the Department of Managed Health Care (this does not apply if your coverage is cancelled for non-payment of subscription charges). If your coverage is maintained in force pending outcome of the grievance, subscription charges must still be paid to us on your behalf.

Removal of Members

Upon written request through the Group, you may cancel your coverage and/or your Dependent's coverage from the Plan. If this happens, no benefits will be provided for Covered Services after the termination date.

Continuation of Coverage Under Federal Law (COBRA)

The following applies if you are covered by a Group that is subject to the requirements of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, as amended.

COBRA continuation coverage can become available to you when you would otherwise lose coverage under your Group's health Plan. It can also become available to other Members of your family, who are covered under the Group's health Plan, when they would otherwise lose their health coverage. For additional information about your rights and duties under federal law, you should contact the Group.

Qualifying events for Continuation Coverage under Federal Law (COBRA)

COBRA continuation coverage is available when your coverage would otherwise end because of certain "qualifying events." After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse and your Dependent children, other than a Domestic Partner, and a child of a Domestic Partner, could become qualified beneficiaries if you were covered on the day before the qualifying event and your coverage would be lost because of the qualifying event. There are situations when a Domestic Partner or children of a Domestic Partner are considered qualified beneficiaries, but this doesn't apply to every employer. Check with your employer to see if this applies to you. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each Member of your family, other than a Domestic Partner, or a child of a Domestic Partner, who is enrolled in the Plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of annual enrollment. Covered Subscribers may elect COBRA continuation coverage on behalf of their spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered Subscriber during the period of continuation coverage is also eligible for election of continuation coverage.

Qualifying Event	Length of Availability of Coverage
For Subscribers: Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked	18 months
For Dependents: A Covered Subscriber's Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked	18 months

Qualifying Event	Length of Availability of Coverage
Covered Subscriber's Entitlement to Medicare	36 months
Divorce or Legal Separation	36 months
Death of a Covered Subscriber	36 months
For Dependent Children:	
Loss of Dependent Child Status	36 months

COBRA coverage will end before the end of the maximum continuation period listed above if you become entitled to Medicare benefits. In that case a qualified beneficiary – other than the Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if you become entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for your spouse and children can last up to 36 months after the date of Medicare entitlement.)

If Your Group Offers Retirement Coverage

If you are a retiree under this Plan, filing a proceeding in bankruptcy under Title 11 of the United States Code may be a qualifying event. If a proceeding in bankruptcy is filed with respect to your Group, and that bankruptcy results in the loss of coverage, you will become a qualified beneficiary with respect to the bankruptcy. Your Dependents will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under this Plan. If COBRA coverage becomes available to a retiree and his or her covered Dependents as a result of a bankruptcy filing, the retiree may continue coverage for life and his or her Dependents may also continue coverage for a maximum of up to 36 months following the date of the retiree's death.

Second qualifying event

If your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage, your Dependents can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused your Dependents to lose coverage under the Plan had the first qualifying event not occurred.

Notification Requirements

The Group will offer COBRA continuation coverage to qualified beneficiaries only after the Group has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the Subscriber, commencement of a proceeding in bankruptcy with respect to the employer, or the Subscriber's becoming entitled to Medicare benefits (under Part A, Part B, or both), the Group will notify the COBRA Administrator (e.g., Human Resources or their external vendor) of the qualifying event.

You Must Give Notice of Some Qualifying Events

For other qualifying events (e.g., divorce or legal separation of the Subscriber and spouse or a Dependent child's losing eligibility for coverage as a Dependent child), you must notify the Group within 60 days after the qualifying event occurs.

Electing COBRA Continuation Coverage

To continue your coverage, you or an eligible Dependent must make an election within 60 days of the date your coverage would otherwise end, or the date the company's benefit Plan Administrator notifies you or your Dependent of this right, whichever is later. You must pay the total Premium appropriate for the type of benefit coverage you choose to continue. If the Premium rate changes for active associates, your monthly Premium will also change. The Premium you must pay cannot be more than 102% of the Premium charged for Employees with similar coverage, and it must be paid to the company's benefit plan administrator within 30 days of the date due, except that the initial Premium payment must be made before 45 days after the initial election for continuation coverage, or your continuation rights will be forfeited.

Disability extension of 18-month period of continuation coverage

For Subscribers who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Subscribers who become disabled during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These Subscribers' Dependents are also eligible for the 18- to 29-month disability extension. (This also applies if any covered Dependent is found to be disabled.) This would only apply if the qualified beneficiary gives notice of disability status within 60 days of the disabling determination. In these cases, the employer can charge 150% of Premium for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to no longer be disabled, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30 days after the Social Security Administration's determination.)

Trade Adjustment Act Eligible Individual

If you don't initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused you to be eligible initially for COBRA coverage under this Plan, you will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period will commence on the first day of the month on which you become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period.

When COBRA Coverage Ends

COBRA benefits are available without proof of insurability and coverage will end on the earliest of the following:

- A covered individual reaches the end of the maximum coverage period;
- A covered individual fails to pay a required Premium on time;
- A covered individual becomes covered under any other group health plan after electing COBRA. If the other group health plan contains any exclusion or limitation on a pre-existing condition that applies to you, you may continue COBRA coverage only until these limitations cease;
- A covered individual becomes entitled to Medicare after electing COBRA; or
- The Group terminates all of its group welfare benefit plans.

Other Coverage Options Besides COBRA Continuation Coverage

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may

cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions

Questions concerning your Group's health Plan and your COBRA continuation coverage rights should be addressed to the Group. For more information about your rights under ERISA, including COBRA and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Continuation of Coverage Under State Law

Continuation of Coverage Cal-COBRA

You have the option to further continue coverage under Cal-COBRA for medical benefits only if your federal COBRA ended following:

1. 18 months after the qualifying event, if the qualifying event was termination of employment or reduction in work hours; or
2. 29 months after the qualifying event, if you qualified for the extension of COBRA continuation during total disability.

All federal COBRA eligibility must be exhausted before you are eligible to further continue coverage under Cal-COBRA. You are not eligible to further continue coverage under Cal-COBRA if you (a) are entitled to Medicare; (b) have other coverage or become covered under another group plan; or (c) are eligible for or covered under federal COBRA. Coverage under Cal-COBRA is available for medical benefits only.

TERMS OF CAL-COBRA CONTINUATION

Notice. Within 180 days prior to the date federal COBRA ends, we will notify you of your right to further elect coverage under Cal-COBRA. If you choose to elect Cal-COBRA coverage, you must notify us within sixty (60) days of the later of: (i) the date your coverage under federal COBRA ends, or (ii) the date you were sent notice of your Cal-COBRA continuation right. If you don't give us written notification within this time period you will not be able to continue your coverage. The Cal-COBRA continuation coverage may be chosen for all Members within a covered family, or only for selected Members.

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in higher cost or you could be denied coverage entirely.

The initial Premium must be delivered to us within forty-five (45) days after you elect Cal-COBRA continuation coverage.

An election of continuation coverage must be in writing and delivered to us by first class mail or other reliable means of delivery, including personal delivery, express mail or private courier company. The initial Premium must be delivered to us, and must be in an amount sufficient to pay all Premium due. **A failure to properly give notice of an election of continuation coverage or a failure to properly and timely pay Premium due will disqualify you from continuing coverage under this Part.**

If you have Cal-COBRA continuation coverage under a prior plan that terminates because the agreement between the employer and the prior plan terminates, you may elect continuation coverage under the Agreement, which will continue for the balance of the period under which you would have remained covered

under the prior plan. To do so, you must make the election and pay all Premium on the terms described above and below. Such continuation coverage will terminate if you fail to comply with the requirements for enrolling in and paying Premiums to us within thirty (30) days of receiving notice of the termination of the prior plan.

Additional Dependents. A dependent acquired during the Cal-COBRA continuation period is eligible to be enrolled as a Dependent and has separate rights as a Qualified Beneficiary. The standard enrollment provisions of the Agreement apply to enrollees during the Cal-COBRA continuation period. A Dependent acquired and enrolled after the effective date of continuation coverage resulting from the original Qualifying Event is not eligible for a separate continuation if a subsequent Qualifying Event results in the person's loss of coverage.

Cost of Coverage. You must pay us the Premium required under the Agreement for your Cal-COBRA continuation coverage, and the notice of your Cal-COBRA continuation right, which you will receive from us, will include the amount of the required Premium payment. This Premium, also sometimes called the "subscription charge," must be remitted to us by the first of each month during the Cal-COBRA continuation period and shall be 110% of the rate applicable to a Member for whom coverage under federal COBRA ended after 18 months, or 150% of the rate applicable to a Member for whom coverage under federal COBRA ended 29 months. The first payment of the Premium is due within forty-five (45) days after you elect Cal-COBRA. **We must receive subsequent payments of the Premium from you by the first of each month in order to maintain the coverage in force.**

If Premium charges are not received when due, your coverage will be cancelled. We will cancel your coverage only upon sending you written notice of cancellation at least 30 days prior to cancelling your coverage (or any longer period of time required by applicable federal law, rule, or regulation). If you make payment in full within this time period, your coverage will not be cancelled. If you do not make the required payment in full within this time period, your coverage will be cancelled as of 12:00 midnight on the thirtieth day after the date on which the notice of cancellation is sent (or any longer period of time required by applicable federal law, rule, or regulation) and will not be reinstated. Any payment we receive after this time period runs out will be refunded to you within 20 business days. Note: You are still responsible for any unpaid subscription charges that you owe to us, including subscription charges that apply during any grace period.

When Cal-COBRA Continuation Coverage Begins. When Cal-COBRA continuation coverage is elected and the Premium is paid, coverage is reinstated back to the date federal COBRA ended, so that no break in coverage occurs.

For Dependents properly enrolled during the Cal-COBRA continuation, coverage begins according to the enrollment provisions of the Agreement.

When Cal-COBRA Continuation Ends.

The continuation will end on the earliest of:

1. The end of thirty-six (36) months from the Qualifying Event under federal COBRA;*
2. The date the Agreement terminates;
3. The end of the period for which Premium are last paid;
4. The date the Member becomes covered under any other group health plan;
5. In the case of (a) a Subscriber who is eligible for continuation coverage because of the termination of employment or reduction in hours of the Subscriber's employment (except for gross misconduct) and determined, under Title II or Title XVI of the Social Security Act, to be disabled at any time during the first sixty (60) days of continuation coverage and (b) his or her spouse or Dependent child who has elected Cal-COBRA coverage, the end of thirty-six (36) months from the Qualifying Event. If the Subscriber is no longer disabled under Title II or Title XVI, benefits shall terminate on the later of thirty-six (36) months

from the Qualifying Event or the month that begins more than thirty-one (31) days after the date of the final determination under Title II or Title XVI that the Subscriber is no longer disabled;

6. The date the Member becomes entitled to Medicare;
7. The date the Member becomes covered under a federal COBRA continuation;
8. The date the employer, or any successor employer or purchaser of the employer, ceases to provide any group benefit plan to his or her employees; or
9. The date the Member moves out of the Plan's Service Area or commits fraud or deception in the use of services.

*For a Member whose Cal-COBRA continuation coverage began under a prior plan, this term will be dated from the time of the Qualifying Event under that prior plan.

If your Cal-COBRA continuation coverage under this Plan ends because the Group replaces our coverage with coverage from another company, the Group must notify you at least thirty (30) days in advance and let you know what you have to do to enroll for coverage under the new plan for the balance of your Cal-COBRA continuation period.

Continuation of Coverage Due To Military Service

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Subscriber or his / her Dependents may have a right to continue health care coverage under the Plan if the Subscriber must take a leave of absence from work due to military leave.

Employers must give a cumulative total of five years and in certain instances more than five years, of military leave.

"Military service" means performance of duty on a voluntary or involuntary basis and includes active duty, active duty for training, initial active duty for training, inactive duty training, and full-time National Guard duty.

During a military leave covered by USERRA, the law requires employers to continue to give coverage under this Plan to its Members. The coverage provided must be identical to the coverage provided to similarly situated, active employees and Dependents. This means that if the coverage for similarly situated, active employees and Dependents is modified, coverage for you (the individual on military leave) will be modified.

You may elect to continue to cover yourself and your eligible Dependents by notifying your employer in advance and submitting payment of any required contribution for health coverage. This may include the amount the employer normally pays on your behalf. If your military service is for a period of time less than 31 days, you may not be required to pay more than the active Member contribution, if any, for continuation of health coverage. For military leaves of 31 days or more, you may be required to pay up to 102% of the full cost of coverage, i.e., the employee and employer share.

The amount of time you continue coverage due to USERRA will reduce the amount of time you will be eligible to continue coverage under COBRA.

Maximum Period of Coverage During a Military Leave

Continued coverage under USERRA will end on the earlier of the following events:

1. The date you fail to return to work with the Group following completion of your military leave. Subscribers must return to work within:
    a. The first full business day after completing military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service,

b. 14 days after completing military service for leaves of 31 to 180 days,

c. 90 days after completing military service for leaves of more than 180 days; or

2. 24 months from the date your leave began.

Reinstatement of Coverage Following a Military Leave

Regardless of whether you continue coverage during your military leave, if you return to work your health coverage and that of your eligible Dependents will be reinstated under this Plan if you return within:

1. The first full business day of completing your military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service;
2. 14 days of completing your military service for leaves of 31 to 180 days; or
3. 90 days of completing your military service for leaves of more than 180 days.

If, due to an illness or injury caused or aggravated by your military service, you cannot return to work within the time frames stated above, you may take up to:

1. Two years; or
2. As soon as reasonably possible if, for reasons beyond your control you cannot return within two years because you are recovering from such illness or injury.

If your coverage under the Plan is reinstated, all terms and conditions of the Plan will apply to the extent that they would have applied if you had not taken military leave and your coverage had been continuous. Any waiting / probationary periods will not apply.

Please note that, regardless of the continuation and/or reinstatement provisions listed above, this Plan will not cover services for any illness or injury caused or aggravated by your military service.

Family and Medical Leave Act of 1993

A Subscriber who takes a leave of absence under the Family and Medical Leave Act of 1993 (the Act) will still be eligible for this Plan during their leave. We will not consider the Subscriber and his or her Dependents ineligible because the Subscriber is not at work.

If the Subscriber ends their coverage during the leave, the Subscriber and any Dependents who were covered immediately before the leave may be added back to the Plan when the Subscriber returns to work without medical underwriting. To be added back to the Plan, the Group may have to give us evidence that the Family and Medical Leave Act applied to the Subscriber. We may require a copy of the health care Provider statement allowed by the Act.

Temporary Medical Leave of Absence

Enrolled Subscribers are eligible to continue Group coverage for themselves and their enrolled Dependents for a maximum period as elected by the employer, but in no event more than six (6) months, provided that the Subscriber continues an employer approved medical leave of absence and the employer continues to pay the required monthly Premium.

Benefits After Termination Of Coverage

Any benefits available under this section are subject to all the other terms and conditions of this Plan.

If you are Totally Disabled on the Group's termination date, and you are not eligible for regular coverage under another similar health plan, benefits will continue for treatment of the disabling condition(s). Benefits will continue until the earliest of:

1. The date you cease to be Totally Disabled;
2. The end of a period of 12 months in a row that follows the Group termination date;
3. The date you become eligible for regular coverage under another health plan; or
4. The payment of any benefit maximum.

Benefits will be limited to coverage for treatment of the condition or conditions causing Total Disability.

General Provisions

Assignment

The Group cannot legally transfer this Booklet, without obtaining written permission from us. Members cannot legally transfer the coverage. Benefits available under this Booklet are not assignable by any Member without obtaining written permission from us, unless in a way described in this Booklet.

Availability of Care

If there is an epidemic or public disaster we will use our best efforts to ensure health care services are provided to Members. In the unfortunate event of an epidemic or public disaster, Hospitals and other In-Network Providers will do their best to provide the services you may need. If you or your eligible Dependents cannot obtain care from one of these In-Network Providers, you may need to seek services from any available Emergency Facility. You will have the same amount of time to submit any claims as stated in the "Notice of Claim & Proof of Loss" section.

Care Coordination

We pay In-Network Providers in various ways to provide Covered Services to you. For example, sometimes we may pay In-Network Providers a separate amount for each Covered Service they provide. We may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, we may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, we may pay In-Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate In-Network Providers for coordination of Member care. In some instances, In-Network Providers may be required to make payment to us because they did not meet certain standards. You do not share in any payments made by In-Network Providers to us under these programs.

Circumstances Beyond the Control of the Plan

If circumstances arise that are beyond the control of the Plan, we will make a good-faith effort to ensure Covered Services are available to you as required by state law. Circumstances that may occur, but are not within the control of the Plan, include but are not limited to, a major disaster, epidemic, war, when health care services covered under this Plan are delayed or rendered impractical, or other events beyond our control. Under such circumstances, we will not be responsible for any delay or failure to give services due to lack of available Facilities or staff.

Clerical Error

A clerical error will never disturb or affect your coverage, as long as your coverage is valid under the rules of the Plan. This rule applies to any clerical error, regardless of whether it was the fault of the Group or us.

Confidentiality and Release of Information

Applicable state and federal law requires us to undertake efforts to safeguard your medical information, which includes mental health, reproductive or sexual health application information.

For informational purposes only, please be advised that a statement describing our policies and procedures regarding the protection, use and disclosure of your medical information, which includes mental health,

reproductive or sexual health application information, is available on our website and can be furnished to you upon request by contacting our Member Services department.

Obligations that arise under state and federal law and policies and procedures relating to privacy that are referenced but not included in this Booklet are not part of the contract between the parties and do not give rise to contractual obligations.

Conformity with Law

Any term of the Plan which is in conflict with the laws of the state in which the Agreement is issued, or with federal law, will hereby be automatically amended to conform with the minimum requirements of such laws.

Contract with Anthem

The Group, on behalf of itself and its participants, hereby expressly acknowledges its understanding that this Plan constitutes a Contract solely between the Group and us, Blue Cross of California dba Anthem Blue Cross (Anthem), and that we are an independent corporation licensed to use the Blue Cross name and mark in the state of California. The Blue Cross Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, we are not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield plan or licensee. The Group, on behalf of itself and its participants, further acknowledges and agrees that it has not entered into this Contract based upon representations by any person other than Anthem and that no person, entity, or organization other than Anthem shall be held accountable or liable to the Group for any of Anthem's obligations to the Group created under the Contract. This paragraph shall not create any additional obligations whatsoever on our part other than those obligations created under other terms of this agreement.

Entire Contract

This Booklet, the Group Contract, the Group application, any riders, endorsements or attachments, and the individual applications of the Subscriber and Dependents constitute the entire Contract between the Group and us and as of the Effective Date, supersede all other agreements. Any and all statements made to us by the Group and any and all statements made to the Group by us are representations and not warranties. No such statement, except fraudulent misstatement, shall be used in defense to a claim under this Booklet.

Form or Content of Booklet

No agent or employee of ours is authorized to change the form or content of this Booklet. Changes can only be made through a written authorization, signed by an officer of Anthem.

Governing Law

Anthem is subject to the requirements of the Knox-Keene Health Care Service Act of 1975, as amended, as set forth at Chapter 2.2 of Division 2 of the California Health and Safety Code and at Subchapter 5.5 of Chapter 3 of Title 10 of the California Code of Regulations, and any provision required to be stated herein by either of the above shall bind Anthem whether or not provided in this Booklet. This Booklet shall be construed and enforced in accordance with the laws of the state of California.

Government Programs

The benefits under this Plan shall not duplicate any benefits that you are entitled to, or eligible for, under any other governmental program. This does not apply if any particular laws require us to be the primary payer. If

we have duplicated such benefits, all money paid by such programs to you for services you have or are receiving, shall be returned by or on your behalf to us.

Legal Actions

No attempt to recover on the Plan through legal or equity action may be made until at least 60 days after the written proof of loss has been furnished as required by this Plan. No such action may be started later than three years from the time written proof of loss is required to be furnished. If you bring a civil action under Section 502(a) of ERISA, you must bring it within one year of the grievance or appeal decision.

Medical Policy and Technology Assessment

Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of Anthem's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including Anthem's medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Medicare

Any benefits covered under both this Plan and Medicare will be covered according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, Booklet terms, and federal law.

Except when federal law requires us to be the primary payer, the benefits under this Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit for which Members are entitled under Medicare, including Part B. Where Medicare is the responsible payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to us, to the extent we have made payment for such services. If you do not enroll in Medicare Part B when you are eligible, you may have large out-of-pocket costs. Please refer to Medicare.gov for more details on when you should enroll, and when you are allowed to delay enrollment without penalties.

Payments will not be reduced based on if you are eligible for Medicare by reason of age, disability, or end-stage renal disease, unless you enroll in Medicare. If you enroll in Medicare, any such reduction shall be only to the extent such coverage is provided by Medicare.

Member Rights and Responsibilities

The delivery of quality healthcare requires cooperation between patients, their Providers and their healthcare benefit plans. One of the first steps is for patients and Providers to understand Member rights and responsibilities. Therefore, Anthem has adopted a Members' Rights and Responsibilities statement.

It can be found on our website FAQs. To access, go to www.anthem.com/ca and select "Member Support". Under the Support column, select FAQs and your state, then the "Laws and Rights That Protect You" category. Then click on the "What are my rights as a member?" question. Members or Providers who do not

have access to the website can request copies by contacting Anthem, or by calling the number on the back of the Member ID Card.

Modifications

This Booklet allows the Group to make Plan coverage available to eligible Members. However, this Booklet shall be subject to amendment, modification, and termination in accordance with any of its terms, the Agreement, or by mutual agreement between the Group and us without the permission or involvement of any Member. Changes will not be effective until the date specified in the written notice we give to the Group about the change. Written notice will be given at least 60 days before the change becomes effective. By electing medical and Hospital coverage under the Plan or accepting Plan benefits, all Members who are legally capable of entering into a contract, and the legal representatives of all Members that are incapable of entering into a contract, agree to all terms and conditions in this Booklet.

Not Liable for Provider Acts or Omissions

We are not responsible for the actual care you receive from any person. This Booklet does not give anyone any claim, right, or cause of action against Anthem based on the actions of a Provider of health care, services, or supplies.

Payment Innovation Programs

We pay In-Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of an In-Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, In-Network Providers may be required to make payment to us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific Covered Services provided to you, but instead, are based on the In-Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by us or to us under the Program(s), and you do not share in any payments made by Network Providers to us under the Program(s).

Payment to Providers and Provider Reimbursement

Physicians and other professional Providers are paid on a fee-for-service basis, according to an agreed schedule. Hospitals or other health care Facilities may be paid either a fixed fee or on a discounted fee-for-service basis. We may pay the benefits of this Booklet directly to In-Network Providers (e.g., Hospitals and medical transportation Providers). We may pay Hospitals, Physicians and other Providers of service or the person or persons having paid for your Hospital or medical services directly when you assign benefits in writing no later than the time of submitting a claim. These payments fulfill our obligation to you for those services.

We will pay Out-of-Network Providers and other Providers of service directly when Emergency Medical Condition services and care are provided to you or one of your Dependents. We will continue such direct payment until the Emergency Care results in stabilization. If the Emergency Care is rendered within California by an Out-of-Network Provider, you will not be responsible for any amount in excess of the Reasonable and Customary Value. However, you are responsible for any charges in excess of the

Reasonable and Customary Value that may be billed by certain Out-of-Network ambulance Providers (see "Schedule of Benefits").

If you or one of your Dependents receives Covered Services other than Emergency Care from an Out-of-Network Provider, payment may be made directly to the Subscriber and you will be responsible for payment to that Provider. An assignment of benefits, to an Out-of-Network Provider, even if assignment includes the Provider's right to receive payment, is generally void. However, there are certain situations in which an assignment of benefits is permitted. For example, if you receive services from an In-Network Facility in California, at which or as a result of which, you receive non-Emergency Covered Services from an Out-of-Network Provider such as a radiologist, anesthesiologist or pathologist, an assignment of benefits to such Out-of-Network Provider will be permitted. Please see "Member Cost Share" in the "Claims Payment" section for more information. Any payments for the assigned benefits fulfill our obligation to you for those services.

Plan Administrator – COBRA and ERISA

In no event will we be plan administrator for the purpose of compliance with the Consolidated Omnibus Budget Reconciliation Act (COBRA) or the Employee Retirement Income Security Act (ERISA). The term "plan administrator" refers either to the Group or to the person or entity other than us, engaged by the Group to perform or assist in performing administrative tasks in connection with the Group's health plan. The Group is responsible for satisfaction of notice, disclosure and other obligations of administrators under ERISA. In providing notices and otherwise performing under the "Termination and Continuation of Coverage" section, the Group is fulfilling statutory obligations imposed on it by federal law and, where applicable, acting as your agents.

Policies, Procedures, and Pilot Programs

We are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the Agreement, we have the authority to introduce or terminate from time to time, pilot or test programs for disease management, care management, case management, clinical quality or wellness initiatives which may result in the payment of benefits not otherwise specified in this Booklet. We reserve the right to discontinue a pilot or test program at any time.

Program Incentives

We may offer incentives from time to time, in order to introduce you to covered programs and services available under this Plan. We may also offer the ability for you to participate in certain voluntary health or condition-focused digital applications or use other technology based interactive tool, or receive educational information in order to help you stay engaged and motivated, manage your health, and assist in your overall health and well-being. The purpose of these programs and incentives include, but are not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost shares. Acceptance of these incentives is voluntary as long as Anthem offers the incentives program. Motivational rewards, awards or points for achieving certain milestones may be a feature of the program. We may discontinue a program or an incentive for a particular covered program or service at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Protection of Coverage

We do not have the right to cancel the coverage of any Member under the Agreement while:

- The Agreement is still in effect, and
- The Member is still eligible, and
- The Member's Premiums are paid according to the terms of the Agreement.

Note: These are subject to the conditions listed in the "Termination and Continuation of Coverage" section.

Public Policy Participation

We have established a public policy committee (that we call our Consumer Relations Committee) to advise our Board of Directors. This Committee advises the Board about how to assure the comfort, dignity and convenience of the people we cover. The Committee consists of Members covered by our health plan, In-Network Providers and a member of our Board of Directors. The Committee may review our financial information, and information about the nature, volume and resolution of the complaints we receive. The Consumer Relations Committee reports directly to our Board.

Receipt of Information

We are entitled to receive from any Provider of service information about you which is necessary to administer claims on your behalf. By submitting an application for coverage, you have authorized every Provider who has furnished or is furnishing care to disclose all facts, opinion or other information pertaining to your care, treatment, and physical conditions, upon our request. You agree to assist in obtaining this information if needed. Failure to assist us in obtaining the necessary information when requested may result in the delay or rejection of your claims until the necessary information is received.

A STATEMENT DESCRIBING OUR POLICIES AND PROCEDURES REGARDING THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE FURNISHED TO YOU UPON REQUEST. PLEASE CONTACT OUR MEMBER SERVICES DEPARTMENT AT THE TELEPHONE NUMBER ON THE BACK OF YOUR IDENTIFICATION CARD TO OBTAIN A COPY.

Relationship of Parties (Group-Member-Anthem)

The Group is responsible for passing information to you. For example, if we give notice to the Group, it is the Group's responsibility to pass that information to you. The Group is also responsible for passing eligibility data to us in a timely manner. If the Group does not give us timely enrollment and termination information, we are not responsible for the payment of Covered Services for Members.

Relationship of Parties (Anthem and In-Network Providers)

The relationship between Anthem and In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or employees of ours, nor is Anthem, or any employee of Anthem, an employee or agent of In-Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by you while receiving care from any In-Network Provider or in any In-Network Provider's Facilities.

Your In-Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or Referrals to other Providers, including In-Network Providers, Out-of-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or us.

Responsibility to Pay Providers

In accordance with Anthem's In-Network Provider agreements, Members will not be required to pay any In-Network Provider for amounts owed to that Provider by us (not including Copayments, Deductibles and services or supplies that are not a benefit of this Booklet), even in the unlikely event that Anthem fails to pay the Provider. Members are liable, however, to pay Out-of-Network Providers for any amounts not paid to those Providers by Anthem. If you receive services from an In-Network Facility in California, at which or as a result of which, you receive non-Emergency Covered Services provided by an Out of-Network Provider, you will pay the Out-of-Network Provider no more than the same cost sharing that you would pay for the same Covered Services received from an In-Network Provider. You will not have to pay the Out-of-Network Provider more than the In-Network cost sharing for such non-Emergency Covered Services. Please see "Member Cost Share" in the "Claims Payment" section for more information. Note: for Emergency Care rendered within California by an Out-of-Network Provider (State Surprise Billing Claim), you will not be responsible for any amount in excess of the Reasonable and Customary Value. However, you are responsible for any charges in excess of the Reasonable and Customary Value that may be billed by certain Out-of-Network ambulance Providers (see "Schedule of Benefits").

Right of Recovery and Adjustment

Whenever payment has been made in error, we will have the right to recover such payment from you or, if applicable, the Provider or otherwise make appropriate adjustment to claims. In most instances such recovery or adjustment activity shall be limited to the calendar year in which the error is discovered.

We have oversight responsibility for compliance with Provider and vendor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, we have established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. We will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. We reserve the right to deduct or offset, including cross plan offsetting on In-Network claims and on Out-Of-Network claims where the Out-Of-Network Provider agrees to cross plan offsetting, any amounts paid in error from any pending or future claim.

Termination of Providers

We will provide you with a notice of termination of a general acute Hospital from which you are receiving a course of treatment at least sixty (60) days in advance of the effective date of termination. To locate another Hospital in your area, call our Member Services department at the telephone number on the back of your Identification Card.

Terms of Coverage

- In order for you to be entitled to benefits under this Booklet, both the Agreement (Group) and your coverage under the Agreement must be in effect on the date the expense giving rise to a claim for benefits is incurred.

- The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which a charge is made.

- The Agreement and this Booklet are subject to amendment, modification or termination according to the provisions of the Agreement without your consent or concurrence. Your entitlement to any increase in benefits as a result of any amendment or modification of the Agreement or this Booklet is subject to the provisions found under the Part entitled "Eligibility and Enrollment – Adding Members."

Under the Agreement, the employer must pay us the subscription charges, sometimes called Premiums, for your coverage. For information regarding the amount of the Premium or any sums to be withheld from your salary or to be paid by you to your employer, please contact your employer.

Unauthorized Use of Identification Card

If you permit your Identification Card to be used by someone else or if you use the card before coverage is in effect or after coverage has ended, you will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

Value-Added Programs

We may offer health or fitness related programs to our Members, through which you may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not Covered Services under your Plan but are in addition to Plan benefits. As such, program features are not guaranteed under your health Plan Contract and could be discontinued at any time. We do not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

Value of Covered Services

For purposes of Recovery, reimbursement of excess benefits, or reimbursement under any Workers' Compensation or Employer Liability Law, the value of Covered Services shall be the amount we paid for the Covered Services.

Voluntary Clinical Quality Programs

We may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from Covered Services under your Plan. These programs are not guaranteed and could be discontinued at any time. We will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to test for immediate results or collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. (If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.)

Voluntary Wellness Incentive Programs

We may offer health or fitness related program options for purchase by your Group to help you achieve your best health. These programs are not Covered Services under your Plan, but are separate components, which are not guaranteed under this Plan and could be discontinued at any time. If your Group has selected one of these options to make available to all employees, you may receive non-cash or cash equivalent incentives by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options a Group may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact us at the Member Services number on your ID card and we will work with you (and, if you wish, your Doctor) to find a wellness program with the same reward that is right for you in light of your health status.

- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease,
- Not primarily for the convenience of the patient, Physician or other health care Provider, and
- Not more costly than an alternative service, including the same service in an alternative setting, or sequence of services that is medically appropriate and is likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's injury, disease, illness or condition.

For example we will not provide coverage for an inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a specialty drug provided in the outpatient department of a hospital if the drug could be provided in a Physician's office or the home setting.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, Physician specialty society recommendations and the views of Physicians practicing in relevant clinical areas and any other relevant factors.

For purposes of treatment of Mental Health and Substance Use Disorders, Medically Necessary means a service or product addressing the specific needs of that patient, for the purpose of preventing, diagnosing, or treating an illness, injury, condition, or its symptoms, including minimizing the progression of an illness, injury, condition, or its symptoms, in a manner that is all of the following:

(i) In accordance with the Generally Accepted Standards of Mental Health and Substance Use Disorder Care,

This process first evaluates the clinical evidence of each product under review. The clinical review is then combined with an in-depth review of the market dynamics, Member impact and financial value to make choices for the formulary. Our programs may include, but are not limited to, Drug utilization programs, prior authorization criteria, therapeutic conversion programs, cross-branded initiatives, and Drug profiling initiatives.

Qualifying Payment Amount

The median Plan In-Network contract rate we pay In-Network Providers for the geographic area where the service is provided for the same or similar services.

Reasonable and Customary Value

For professional Out-of-Network Providers, the Reasonable and Customary Value is determined by using a percentile of billed charges from a database of a third party that takes into consideration various factors, such as the amounts billed for same or similar services, and the geographic locations in which the services were rendered.

For Facility Out-of-Network Providers, the Reasonable and Customary Value is determined by using a percentile of billed charges from a database of Anthem's actual claims experience, subject to certain thresholds based on each Provider's cost-to-charge ratio as reported by the Provider to a California governmental agency and the actual claim submitted to us.

Recognized Amount

For Federal Surprise Billing Claims, the Recognized Amount is calculated as follows:
