What you need to do to continue coverage

Option to continue coverage	Usually, when you leave a company, benefits stop. But with critical illness insurance from Principal®, you may be able to continue coverage for yourself and your covered dependents, without proof of good health. This helps protect your financial security if you're diagnosed with a covered illness. Refer to your benefit booklet or the portability enrollment form to see if you may qualify.
What you need to do	<p>To continue coverage, complete the portability enrollment form which includes information from both you and your prior employer. Then return it to us with your first month's premium within 60 days of your employment termination. You may pay by check or money order.</p> <p>Your scheduled benefit will be the same as it was previously although the continued coverage may have provisions that differ from your prior coverage (wellness/screening benefits are no longer available). If you continue coverage, you'll receive a new benefit booklet.</p>
