

Examples Of Medical Conditions That May Qualify For Transition Of Care/Continuity Of Care Includes, But Is Not Limited To:

- Pregnancy (trimester determined by state requirements) through six weeks postdelivery.
  - Transition of Care for the mother does not apply to the newborn. If the care provider or facility is out of network for the newborn, please submit a network gap request for services for the newborn by calling the number on your member ID card
- Newly diagnosed or relapsed cancer and currently receiving chemotherapy, radiation therapy or reconstruction.
- Transplant candidates or transplant recipients in need of ongoing care due to complications associated with a transplant.
- Recent major surgeries in the acute phase and follow up period (generally six to eight weeks after surgery).
- Serious acute conditions in active treatment such as heart attacks or strokes.
- Other serious chronic conditions that require active treatment.

Examples Of Conditions That Do Not Qualify For Transition Of Care/Continuity Of Care Include:

- Routine exams, vaccinations and health assessments.
- Chronic conditions such as diabetes, arthritis, allergies, asthma, kidney disease and hypertension that are stable.
- Minor illnesses such as colds, sore throats and ear infections
- Elective scheduled surgeries (except as required by state law).
