

Tobacco cessation

Personalized resources that can help you or your family members quit.

According to the American Dental Association (ADA), tobacco use is one of the leading causes of preventable illness in the US. Not only does tobacco use damage oral health, but it also can impact physical and mental well-being. The decision to quit can have positive effects on oral, physical, and mental health.

The Guardian + Pelago tobacco cessation program connects dental members who are facing challenges while trying to stop using tobacco or vaping use with personalized, digital resources to reduce usage or quit for good.
