Termination effective dates

When a member is no longer eligible for coverage, membership terminates on the last day of that month at 11:59 p.m. For example, a member who terminates employment on December 2 will be covered until December 31 at 11:59 p.m. Pacific time. On this form, you'll enter the "Termination effective date" as January 1 because the termination effective date will be the first minute after the member's coverage ended on December 31 at 11:59 p.m.
