

Anthem covers remote teeth straightening

Clear aligners from SmileDirectClub are covered as part of our Ortho@Home solution

If you ever need mild-to-moderate teeth straightening, we want to make sure you have options. That's why we have partnered with SmileDirectClub™. If you have orthodontia coverage with your Anthem dental plan, you can receive invisible orthodontic aligners remotely, at a cost that's often less than regular braces.¹

SmileDirectClub provides a more convenient way to straighten your teeth by using telehealth for check-ins without the need for monthly office visits. The company offers two choices to straighten teeth:

- **Original clear aligners** are worn 22 hours a day, for 4 to 6 months.
- **Nighttime clear aligners** are worn 10 hours a day, while you sleep, for 10 months.

Whichever option you choose, you will receive:

- Expert, remote treatment and care through your computer or smartphone from a licensed dentist or orthodontist.
- Your complete kit of Made in the USA invisible aligners sent directly to you.
- Bright On™ premium teeth whitening.
- A retainer at no additional charge.

Begin treatment at a SmileDirectClub SmileShop location near you where you, will receive a no-cost 3D digital image of your teeth, or you can choose a doctor-prescribed impression kit sent directly to your home.
