

Quality Dental Care Should Be Affordable

Save money with contracted pricing

Your dental plan with The Standard[‡] allows you and your family to see the dental provider of your choice — and save money. Here's what you need to know:

Find an In-Network Provider in Your Area

While you have access to any general dentist and specialist you choose, you may save money if you pick a provider from the Ameritas network. For a list of in-network providers near you, visit Standard.com and go to "Find a Dentist."

Take Advantage of Contracted Fees

Contracted fees in the Ameritas network are 25 percent to 50 percent below the average charge in an area. Many providers also offer discounted fees on non-covered dental services, as allowed by state law.

Let Providers Submit the Claims

When you visit in-network providers, they handle everything. All you need to do is make an appointment and show up. If you'd like a pretreatment estimate, just ask your provider for one.

Our standards for credentialing and quality assurance are high. It's part of what makes The Standard a network you can trust.

Access Your Secure Account

Once you're enrolled in your plan, you'll have access to your member account. This is where you can find your certificate of insurance, plan benefits summary, dental identification card and claims status.

Go to standard.com/dental and click on "Log In For Benefits."

It's quick and easy to set up your account.
