Maximum accumulation	Some of your unused annual benefit maximum can be carried over to the next year. To qualify, you must have had a dental service performed within the calendar year and used less than the maximum threshold. Individuals with fourth quarter effective dates will start qualifying for rollover at the beginning of the next calendar year. You can accumulate no more than four times the carry over amount. The entire accumulation amount will be forfeited if no dental service is submitted within a calendar year
Periodontal program	If you're pregnant or have diabetes or heart disease, you may receive scaling and root planing covered at 100% (if dentally necessary), or one additional cleaning (routine or periodontal) subject to deductible and coinsurance.
Second opinion program	You may be eligible for second opinions from dental providers at 100%. This program makes sure you get the best advice to make an informed decision about your care.
Cancer treatment oral health program	If you have cancer and are undergoing chemotherapy or head/neck radiation therapy, you may receive up to three fluoride treatments every 12 months covered at 100% plus one additional routine cleaning.
General anesthesia program	If you have autism, Down syndrome, cerebral palsy, muscular dystrophy, or spina bifida you may receive general anesthesia or intravenous sedation coverage. Services must be administered in a dental office. All other contractual limitations apply.

## How do I find a network dentist?

When you receive services from a dentist in our network, your cost may be lower. Network dentists agree to lower their fees for dental services and not charge you the difference. You'll have access to the Principal Plan Dental network, with more than 117,000 dentists nationwide. Visit [principal.com/dentist](https://principal.com/dentist) to find a dentist or call 800-247-4695.

## What if my dentist isn't in the network?

You can refer your dentist to our network. Please submit the dentist's name and information by calling 800-247-4695, or submitting a form at [principal.com/refer-dental-provider](https://principal.com/refer-dental-provider).

## What are the limitations and exclusions of my coverage?

- Missing tooth provision –This means the initial placement of bridges, partials, dentures, and implant services to replace teeth missing before this coverage starts may not be covered. If the policy your employer purchased replaces coverage with another carrier, continuous coverage under the prior plan may be applied and you may be eligible for coverage to replace teeth missing before this coverage started. Your effective date with your current employer, along with the employer's effective date with Principal are used to determine coverage. Missing tooth provision doesn't apply to pediatric essential benefits.
- Frequency limitations for services are calculated to the month and exact date from the last date of service or placement date.

There are additional limitations to your coverage. Please review your booklet for more information. We strongly recommend submitting a predetermination to determine benefits.

## What are the restrictions of my coverage?

### Orthodontia

If there is orthodontia (ortho) treatment in progress on the coverage effective date and you are covered under any prior group coverage for ortho, there will be immediate coverage for treatment if proof is submitted that shows:

- 1) The lifetime maximum under any prior group coverage has not been exceeded,
- 2) Ortho treatment was started and bands or appliances were inserted while insured under any prior group coverage, and
- 3) Ortho treatment has been continued while insured under this policy.

Principal Life will credit payments made by the prior carrier toward the Principal Life lifetime ortho payment limit.

You will not be covered if ortho treatment is in progress prior to the effective date with Principal Life and you are not covered under any prior group coverage for ortho.
