Selection of a Primary Care Provider - your plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

Direct Access to Obstetricians and Gynecologists - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Your coverage includes a health savings account that you can use to pay for eligible out-of-pocket expenses.

Maximum Reimbursable Charge

The allowable covered expense for non-network services is based on the lesser of the health care professional's normal charge for a similar service or a percentage of a fee schedule (150%) developed by Cigna that is based on a methodology similar to one used by Medicare to determine the allowable fee for the same or similar service in a geographic area. In some cases, the Medicare based fee schedule will not be used and the Maximum Reimbursable Charge for covered services is based on the lesser of the health care professional's normal charge for a similar service or a percentile (80th) of charges made by health care professionals of such service or supply in the geographic area where it is received. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used. Out-of-network services are subject to a calendar year deductible and Maximum Reimbursable Charge limitations.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the in-network cost-sharing level as required by applicable state or federal law if services are received from a non-participating (out-of-network) provider.
2. The allowable amount used to determine the plan's benefit payment for covered Emergency Services rendered in an out-of-network hospital, or by an out-of-network provider in an in-network hospital, is the amount agreed to by the out-of-network provider and Cigna, or as required by applicable state or federal law.

The member is responsible for applicable in-network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the out-of-network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Copay - A flat fee you pay for certain covered services such as doctor's visits or prescriptions.

Deductible - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

Out-of-Pocket Maximum - Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the "Maximum Reimbursable Charges" or negotiated fees for covered services.

Place of Service - Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.

Prescription Drug List - The list of prescription brand and generic drugs covered by your pharmacy plan.

Professional Services - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists

Transition of Care - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

Exclusions

- Treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- Charges which you are not obligated to pay and/or for which you are not billed. This exclusion includes, but is not limited to:
 - any instance where Cigna determines that a provider or Pharmacy did not bill you for or has waived, reduced, or forgiven any portion of its charges and/or any portion of any Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for an otherwise Covered Expense (as shown on The Schedule) without Cigna's express consent.
 - charges of a non-Participating Provider who has agreed to charge you at an in-network benefits level or some other benefits level not otherwise applicable to the services received.

In the event that Cigna determines that this exclusion applies, then Cigna in its sole discretion shall have the right to:

- require you and/or any provider or Pharmacy submitting claims on your behalf to provide proof sufficient to Cigna that you have made your required cost-share payment(s) prior to the payment of any benefits by Cigna;
 - deny the payment of benefits in connection with the Covered Expense, regardless of whether the provider or the Pharmacy represents that you remain responsible for any amounts that your plan does not cover; or
 - reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover.
- Charges or payment for healthcare-related services that violate state or federal law.
 - Assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
 - For or in connection with experimental, investigational or unproven services.
 - Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, Substance Use Disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be:
 - Not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;
 - Not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;
 - The subject of review or approval by an Institutional Review Board for the proposed use except as provided in the "Clinical Trials" sections of this plan; or
 - The subject of an ongoing phase I, II or III clinical trial (other than successfully completed phase III clinical trial of the FDA), except for routine patient care costs related to qualified clinical trials as provided in the "Clinical Trials" sections of this plan.
 - In determining whether any such technologies, supplies, treatments, drug or Biologic therapies or devices are experimental, investigational, and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines. The plan or policy shall not deny coverage for a drug or Biologic therapy as experimental, investigational and unproven if the drug or Biologic therapy is otherwise approved by the FDA to be lawfully marketed, has not been contraindicated by the FDA for the use for which the drug or Biologic has been prescribed and is recognized for the treatment of cancer in any one of the following: the U.S. Pharmacopeia Drug Info. Guide for the Health Care Professional; the AMA Drug Evaluations; or the American Society of health System Pharmacist's American Hospital Formulary Drug Service Information. Peer-reviewed medical literature means a published study in a journal or other publication in which original manuscripts have been critically reviewed for scientific accuracy, validity, and reliability by unbiased international experts, and that has been determined by the International Committee of medical Journal Editors to have met its Uniform Requirements for Manuscripts submitted to Biomedical journals. Peer-reviewed medical literature does not include publications or supplements to publications that are sponsored to a significant extent by a pharmaceutical manufacturing company or any carrier that delivers, issues for delivery, renews, amends or continues a health insurance policy in this state.
