

Preventive Advantage

Helping to maintain healthy smiles

Supporting good oral health helps members come to work thinking, feeling and performing their best.

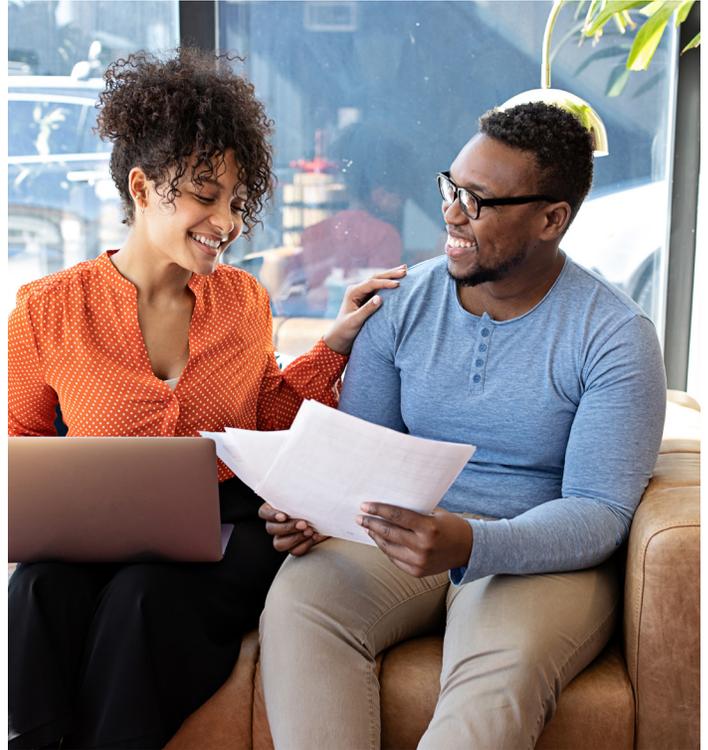

With Preventive Advantage, members can take advantage of routine preventive care while preserving their benefits for more costly dental treatments. This is because they can get routine care without having the benefit applied to their annual maximum.

Routine preventive care includes:

- Oral exams
- Cleanings
- X-rays
- Fluoride treatments

Here's how it works...

- Members simply pay the applicable co-insurance and deductible for routine preventive care
- The entire annual maximum amount is preserved for other dental needs
- Routine preventive care will continue to be covered even after the annual maximum is met

Take advantage of routine preventive care for good oral health

- Oral exams
- Cleaning
- X-rays
- Fluoride treatments

...and save the annual maximum for other dental care needs, such as:

- Fillings
- Root canal
- Crowns
- Oral Surgery
- Dentures & bridgework
