**What You Should Know about this Guide to Benefits**

**About Your PPO Program**

Your health care coverage is a *Preferred Provider Organization*. This means you have medical benefits for your health care needs including office visits, inpatient facility services, outpatient facility services, and other provider services. This coverage offers you flexibility in the way you get medical benefits. Your opportunity to take an active role in your health care decisions makes this coverage special. In general, to get the best benefits possible, you should seek services from *HMSA Participating Providers*.

To keep pace with change, HMSA’s New Technology Assessment Committee uses scientific evidence to evaluate new developments in technology and new applications of existing technologies. The Committee’s recommendations are a critical factor in our decisions to cover new technologies and applications. HMSA’s Pharmacy and Therapeutics Advisory Committee, composed of practicing physicians and pharmacists from the community, meet quarterly to assess drugs, including new drugs, for inclusion in HMSA’s plans. Drugs that meet the Committee’s standards for safety, efficacy, ease of use, and value are included in various plan formularies. For more details on coverage under this plan, see *Chapter 4: Description of Benefits* and *Chapter 6: Services Not Covered*.

**Terminology**

The terms *You* and *Your* mean you and your family members eligible for this coverage. *We*, *Us*, and *Our* refer to HMSA.

The term *Provider* means an approved physician or other practitioner who provides you with health care services. Your provider may also be the place where you get services, such as a hospital or extended care facility. Also, your provider may be a supplier of health care products, such as a home or durable medical equipment supplier.

**Definitions**

Throughout this Guide, terms appear in *Bold Italics* the first time they are defined. Terms are also defined in *Chapter 11: Glossary*.

**Questions**

If you have any questions, please call us. More details about plan benefits will be provided free of charge. We list our phone numbers on the back cover of this Guide.

# Chapter 1: Important Information

## Summary of Provider Categories

This chart shows how the various provider categories impact your benefits.

	Provider Category				
	HMSA Participating Provider	BlueCard PPO Provider	BlueCard Participating Provider	Contracting Provider	Nonparticipating Provider (in or out of state)
Does your provider contract with HMSA?	Yes	No, contracts with the BlueCard PPO Program.	No, contracts with the BlueCard Program.	Yes, contracts with HMSA for transplant services.	No, does not contract with HMSA or the BlueCard program.
Does your provider always file claims for you?	Yes	Yes	Yes	Yes	No, you may have to file your own claims.
Does your provider accept eligible charge as payment in full? If so, you do not pay for any difference between actual charge and eligible charge.	Yes	Yes	Yes	Yes	No, you pay any difference between the actual charge and the eligible charge.  <i>See From What Provider Category Did You Receive Care?</i> in the section labeled <i>Questions We Ask When You Receive Care</i> later in this chapter.
Do you pay deductibles and copayments to the provider? If so, we send benefit payment directly to the provider.	Yes	Yes	Yes	Yes	No, you pay provider in full. We send benefit payments to you.
Is your copayment percentage lower?	Yes	Yes	Yes	Yes	No, your copayment percentage is higher except for copayments for emergency services, air ambulance, and certain non-emergent services provided in participating facilities, which are the same as for services from participating providers.
Does your provider get precertification approvals for you?	Yes	No, you are responsible for getting approval.	No, you are responsible for getting approval.	Yes	No, you are responsible for getting approval.

## Care While You are Away from Home

### Medical Care Outside of Hawaii (BlueCard® Program)

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside of Hawaii, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of Hawaii, you will receive it from healthcare providers that have a contractual agreement (i.e., are “participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). Some providers (“nonparticipating providers”) don’t contract with the Host Blue. Our payment practices in both instances are described below.

### Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental benefits (except when paid as medical benefits), and those prescription drug benefits or vision benefits that may be administered by a third party contracted by us to provide the specific service or services.

### BlueCard® Participating Medical Providers

Under the BlueCard® Program, when you receive covered medical services within the geographic area served by a Host Blue, HMSA will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

When you receive covered medical services outside our service area and the claim is processed through the BlueCard Program, the amount you pay for covered medical services is calculated based on the lower of:

- The billed covered charges for your covered services; or
- The negotiated price that the Host Blue makes available to HMSA.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over – or underestimation of past pricing as noted above. However, such adjustments will not affect the price HMSA uses for your claim because they will not be applied after a claim has already been paid.

### Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge tax or other fee that applies to insured/self-funded accounts. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

### Nonparticipating Providers Outside Hawaii

When covered medical services are provided outside of Hawaii by nonparticipating providers, the amount you pay for such services will normally be based on either the Host Blue’s nonparticipating provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment we will make for the covered medical services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services, air ambulance, and certain non-emergent services provided by nonparticipating providers in participating facilities.

## Chapter 1: Important Information

In certain situations, we may use other payment methods, such as billed covered charges, the payment we would make if the covered medical services had been obtained within our service area, or a special negotiated payment, to determine the amount we will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment we will make for the covered services as set forth in this paragraph.

Benefit payments for covered emergency services provided by nonparticipating providers are a “reasonable amount” as defined by federal law.

### **Blue Cross Blue Shield Global Core**

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter “BlueCard service area”), you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing covered medical services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services. If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the Blue Cross Blue Shield Global Core Service Center at 1-800-810-BLUE (1-800-810-2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

#### **Inpatient Services**

In most cases, if you contact the Blue Cross Blue Shield Global Core Service Center for assistance, hospitals will not require you to pay for covered inpatient services, except for your deductible and copayment. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for covered medical services.

#### **Outpatient Services**

Physicians, urgent care centers and other outpatient providers located outside the BlueCard Service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for covered medical services.

### **Submitting a Blue Cross Blue Shield Global Core Claim**

When you pay for covered medical services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the provider’s itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from HMSA, the service center or online at [www.bcbsglobalcore.com](http://www.bcbsglobalcore.com). If you need assistance with your claim submission, you should call the service center at 1-800-810-BLUE (1-800-810-2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week.

### **BlueCard PPO Providers**

If you get services from a Mainland BlueCard PPO provider you enjoy advantages similar to those available when you receive health care from participating providers in Hawaii.

### **Finding BlueCard PPO Providers**

For help finding BlueCard PPO providers outside Hawaii, call 1-800-810-BLUE (1-800-810-2583).

BlueCard PPO providers may not be in some areas. In areas where BlueCard PPO providers are not available, you can still receive BlueCard PPO advantages if you receive services from a BlueCard participating provider.

### **Finding BlueCard Participating Providers**

The Host Blue in the area where you need services can provide you with information on participating providers in the area. You can also visit the BlueCard Doctor and Hospital Finder web site ([www.BCBS.com](http://www.BCBS.com)) or call 1-800-810-BLUE (2583).

# Chapter 1: Important Information

## Carry Your Member Card

Always carry your HMSA Member Card. Your member card ensures that you get all the conveniences you're used to when you get medical services at home in Hawaii. The card tells participating and BlueCard PPO providers which independent Blue Plan you belong to. It also includes information the provider needs to file your claim for you.

## Questions We Ask When You Receive Care

### Is the Care Covered?

To get benefits, the care you get must be a covered treatment, service, or supply. See *Chapter 4: Description of Benefits* for a listing of covered treatments, services and supplies.

### Does the Care Meet Payment Determination Criteria?

All care you get must meet all of the following Payment Determination Criteria:

- For the purpose of treating a medical condition.
- The most appropriate delivery or level of service, considering potential benefits and harms to the patient.
- Known to be effective in improving health outcomes; provided that:
  - Effectiveness is determined first by scientific evidence;
  - If no scientific evidence exists, then by professional standards of care; and
  - If no professional standards of care exists or if they exist but are outdated or contradictory, then by expert opinion; and
- Cost-effective for the medical condition being treated compared to alternative health interventions, including no intervention. For purposes of this paragraph, cost-effective shall not necessarily mean the lowest price.

Services that are not known to be effective in improving health outcomes include, but are not limited to, services that are experimental or investigational.

Definitions of terms and more details on the application of this Payment Determination Criteria are contained in the Patient's Bill of Rights and Responsibilities, Hawaii Revised Statutes § 432E-1.4. The current language of this statutory provision will be provided upon request. Requests should be submitted to HMSA's Customer Service Department.

The fact that a physician may prescribe, order, recommend, or approve a service or supply does not in itself mean that the service or supply meets Payment Determination Criteria, even if it is listed as a covered service.

Except for BlueCard participating and BlueCard PPO providers, participating providers may not bill or collect charges for services or supplies that do not meet HMSA's Payment Determination Criteria unless a written acknowledgement of financial responsibility, specific to the service, is obtained from you or your legal representative prior to the time services are rendered.

Participating providers may, however, bill you for services or supplies that are excluded from coverage without getting a written acknowledgement of financial responsibility from you or your representative. See *Chapter 6: Services Not Covered*.

More than one procedure, service, or supply may be appropriate to diagnose and treat your condition. In that case, we reserve the right to approve only the least costly treatment, service, or supply.

You may ask your physician to contact us to decide if the services you need meet our Payment Determination Criteria or are excluded from coverage before you get the care.

### Is the Care Consistent with HMSA's Medical Policies?

To be covered, the care you get must be consistent with the provider's scope of practice, state licensure requirements, and HMSA's medical policies. These are policies drafted by HMSA Medical Directors, many of whom are practicing physicians, with community physicians and nationally recognized authorities. Each policy provides detailed coverage criteria for when a specific service, drug, or supply meets payment determination criteria. If you have questions about the policies or would like a copy of a policy related to your care, please call us at one of the phone numbers on the back cover of this Guide.

# Chapter 1: Important Information

## From What Provider Category Did You Receive Care?

Your benefits may be different depending on the category of provider that you get care from. In general, you will get the maximum benefits possible when you get services from an HMSA participating provider.

When you see a nonparticipating provider you will owe any copayment that applies to the service plus the difference between HMSA's eligible charge and the provider's actual charge. Also, nonparticipating providers have not agreed to HMSA's payment policies and can bill you for services or other charges that HMSA does not cover. Participating providers have agreed not to charge you for these services. These amounts will be included in the nonparticipating provider's actual charge.

For more details on provider categories, see the sections *Summary of Provider Categories* and *Care While You are Away from Home* earlier in this chapter.

**Please note:** Your participating provider may refer services to a nonparticipating provider and you may incur a greater out-of-pocket expense.

For example, your participating provider may send a blood sample to a nonparticipating lab to analyze. Or, your participating provider may send you to a nonparticipating specialist for added care.

You are encouraged to work with your provider to find suitable specialty care from a participating provider. If no option is available, you may request to have specialty care received from a nonparticipating provider covered at the participating provider benefit level but only in accord with Hawaii law and if all of the following criteria are met:

- You are diagnosed with a condition or disease requiring specialty care.
- A participating provider who can provide the health care services for your condition or disease is either:
  - not available or
  - access to a participating provider requires unreasonable travel or delay.
- Benefits are limited to services received within the State of Hawaii, unless specialty care is not available in the State.
- Services must be approved by HMSA prior to receiving the services. See *Chapter 5: Precertification*. Without prior approval, covered services will be subject to the nonparticipating provider benefit level.

If you need more details, call us at one of phone numbers listed on the back cover of this Guide.

## Is the Service or Supply Subject to a Benefit Maximum?

**Benefit Maximum** is the maximum benefit amount allowed for a covered service or supply. A coverage maximum may limit the duration or the number of visits. For details about benefit maximums, read *Chapter 2: Payment Information* and *Chapter 4: Description of Benefits*.

## Is the Service or Supply Subject to Precertification?

Certain services require our prior approval. HMSA participating providers get approval for you, but other providers may not. If you get services from a BlueCard or nonparticipating provider and approval for certain services is not obtained, benefits may be denied. In some cases, benefits are denied entirely. For services subject to approval, read *Chapter 5: Precertification*.

## Did You Receive Care from a Provider Recognized by Us?

To determine if a provider is recognized, we look at many factors including licensure, professional history, and type of practice. All participating providers and some nonparticipating providers are recognized. To find out if your physician is a participating provider, refer to your **HMSA Directory of Participating Providers**. If you need a copy, call us and we will send one to you or visit [www.hmsa.com](http://www.hmsa.com). To find out if a nonparticipating provider is recognized, call us at one of the phone numbers on the back cover of this Guide.

## Did a Recognized Provider Order the Care?

All covered treatment, services, and supplies must be ordered by a recognized provider practicing within the scope of his or her license.

## What You Can do to Maintain Good Health

### Practice Good Health Habits

Staying healthy is the best way to control your health care costs. Take care of yourself all year long. See your provider early. Don't let a minor health problem become a major one. Take advantage of your preventive care benefits.

### Be a Wise Consumer

You should make informed decisions about your health care. Be an active partner in your care. Talk with your provider and ask questions. Understand the treatment program and any risks, benefits, and options related to it.

Take time to read and understand your **Report to Member**. This report shows how we applied benefits. Review your report and let us know if there are any inaccuracies.

You may get copies of your Report to Member online through My Account on [hmsa.com](https://hmsa.com) or by mail upon request.

## Interpreting this Guide

### Agreement

The Agreement between HMSA and you is made up of all of the following:

- This Guide to Benefits.
- Any riders and/or amendments.
- The enrollment form submitted to us.
- The agreement between us and your employer or group sponsor.

### Our Rights to Interpret this Document

We will interpret the provisions of the Agreement and will determine all questions that arise under it. We have the administrative discretion:

- To determine if you meet our written eligibility requirements.
- To determine the amount and type of benefits payable to you or your dependents according to the terms of this Agreement.
- To interpret the provisions of this Agreement as needed to determine benefits, including decisions on medical necessity.

Our determinations and interpretations, and our decisions on these matters are subject to *de novo* review by an impartial reviewer as provided in this Guide to Benefits or as allowed by law. If you do not agree with our interpretation or determination, you may appeal. See *Chapter 8: Dispute Resolution*.

No oral statement of any person shall modify or otherwise affect the benefits, limits and exclusions of this Guide to Benefits, convey or void any coverage, or increase or reduce any benefits under this Agreement.

Eligible Charge..... 9  
 Copayment ..... 9  
 Nonparticipating Provider Annual Deductible ..... 10  
 Annual Copayment Maximum ..... 12  
 Maximum Allowable Fee..... 12  
 Benefit Maximum..... 13

**Eligible Charge**

**Definition**

For most medical services, except for emergency and air ambulance services provided by nonparticipating providers, and certain services provided by nonparticipating providers in participating facilities, the **Eligible Charge** is the lower of either the provider's *actual* charge or the amount we establish as the *maximum allowable fee*. HMSA's payment, and your copayment, are based on the eligible charge. Exceptions: For services from participating facilities, HMSA's payment is based on the maximum allowable fee and your copayment is based on the lower of the actual charge or the *maximum allowable fee*. Some services may be rendered by providers who accept monthly payments from HMSA to manage the care of a certain population of their patients.

The base amount on which your copayment is calculated for emergency and air ambulance services from nonparticipating providers, as well as certain non-emergent services provided by nonparticipating providers in participating facilities, is calculated in accord with federal law.

Participating providers agree to accept HMSA's payment plus your copayment as payment in full for covered services. Nonparticipating providers generally do not. If you get services from a nonparticipating provider, you are responsible for a copayment plus any difference between the actual charge and the eligible charge.

**Exception:** For nonparticipating services included in the No Surprises Act of 2021 you will not have to pay the difference between the actual charge and the *maximum allowable fee*, but your cost-share may be higher based on the requirements of the law. Please check [HMSA.com](https://www.hmsa.com) for details.

**Please note:** Eligible charge does not include excise or other tax. You are responsible for all taxes related to the medical care you receive. If your provider accepts monthly payments to manage your care, you may owe tax on your copayment.

**Copayment**

**Definition**

A **copayment** applies to most covered services. It is either a fixed percentage of the eligible charge or a fixed dollar amount. Exception: For services provided at a participating facility, your copayment is based on the lower of the facility's actual charge or the *maximum allowable fee*. You owe a copayment even if the facility's actual charge is less than the *maximum allowable fee*.

## Chapter 2: Payment Information

**Please note:** If you get services from a nonparticipating or noncontracting provider, you are responsible for the copayment **plus** any difference between the actual charge and the eligible charge.

### Amount

See *Chapter 3: Summary of Benefits and Your Payment Obligations*.

### Examples

Here are two examples of how the copayment works.

Let's say you have a sore throat and go to a participating physician to have it checked.

- The physician's bill or actual charge = \$125.
- HMSA's eligible charge = \$100.
- Your copayment = \$12.

If you go to a nonparticipating physician, your out of pocket will be higher.

- The physician's bill or actual charge = \$125.
- HMSA's eligible charge = \$100.
- Your copayment = \$30 (30% of \$100).
- The difference between the actual charge and the eligible charge = \$25.
- You owe \$55 (your copayment plus the difference between the actual charge and the eligible charge).

---

## Nonparticipating Provider Annual Deductible

### Definition

**Nonparticipating Provider Annual Deductible** is the fixed dollar amount you must pay each calendar year before benefits subject to the nonparticipating provider annual deductible become available. You cannot pay the annual deductible amount to us in advance. You must meet the deductible on a claim by claim basis.

**Please note:** Services rendered by participating providers are not subject to the nonparticipating provider annual deductible.

The following amounts you pay do not apply toward meeting the nonparticipating provider annual deductible:

- Copayments for services that are not subject to the nonparticipating provider annual deductible.
- Payments for services subject to a maximum once you reach the maximum. See *Benefit Maximum* later in this chapter.
- The difference between the actual charge and the eligible charge that you pay when you get services from a nonparticipating provider.
- Payments for noncovered services.
- Any amounts you owe in addition to your copayment for covered services.

**Please note:** For services subject to the nonparticipating provider annual deductible see *Chapter 3: Summary of Benefits and Your Payment Obligations*.

### Amount

\$100 per person or

\$300 (maximum) per family

### How it Works

If you have single coverage, your annual deductible is \$100. Each calendar year, you must pay the first \$100 of the eligible charges for covered health care services that are subject to the annual deductible.

If you have family coverage, you and each covered family member pays toward their own \$100 per person annual deductible, and that amount is also credited toward the family deductible. When the \$300 family deductible is met, you and your family will not pay any additional deductible amounts for the remainder of the calendar year.

After the annual deductible is met, you owe the copayment amounts listed in *Chapter 3: Summary of Benefits and Your Payment Obligations* for the service or supply you receive.

### Example

Here are examples of how the \$100 per person or \$300 maximum per family nonparticipating provider annual deductible works. Let's say the services you receive are:

- from a nonparticipating provider,
- subject to the nonparticipating provider annual deductible, and

## Chapter 2: Payment Information

- your copayment is 20% after the nonparticipating provider annual deductible. **Please note:** Your actual copayment amounts vary depending on the type of service or supply. See the copayment amounts listed in *Chapter 3: Summary of Benefits and Your Payment Obligations* for the service or supply you receive.

### Annual Copayment Maximum

#### Definition

The **Annual Copayment Maximum** is the maximum deductible and copayment amounts you pay in a calendar year. Once you meet the copayment maximum you are no longer responsible for deductible or copayment amounts unless otherwise noted.

#### Amount

\$2,500 per person or  
\$7,500 (maximum) per family

#### When You Pay More

The following amounts do not apply toward meeting the copayment maximum. You are responsible for these amounts even after you have met the copayment maximum.

- Payments for services subject to a maximum once you reach the maximum. See *Benefit Maximum* later in this chapter.
- The difference between the actual charge and the eligible charge that you pay when you get services from a nonparticipating provider.
- Payments for noncovered services.
- Any amounts you owe in addition to your copayment for covered services.

---

### Maximum Allowable Fee

#### Definition

The **Maximum Allowable Fee** is the maximum dollar amount HMSA will pay for a covered service, supply, or treatment.

These are examples of some of the methods we use to determine the Maximum Allowable Fee:

- For most services, supplies, or procedures, we consider:
  - Increases in the cost of medical and non-medical services in Hawaii over the last year.
  - The relative difficulty of the service compared to other services.
  - Changes in technology.
  - Payment for the service under federal, state, and other private insurance programs.
- For *some facility-billed services*, we use a per case, per treatment, or per day fee (per diem) rather than an itemized amount (fee for service). This does not include practitioner-billed facility services. For nonparticipating hospitals, our maximum allowable fee for all-inclusive daily rates established by the hospital will never exceed more than if the hospital had charged separately for services.
- For *services billed by BlueCard PPO and participating providers outside of Hawaii*, we use the lower of the provider's actual charge or the negotiated price passed on to us by the on-site Blue Cross and/or Blue Shield Plan. For more details on HMSA's payment practices under the BlueCard Program, see *Care While You are Away from Home in Chapter 1: Important Information*.
- For *drugs and supplies*, we use nationally recognized pricing sources and other relevant information. The allowable fee includes a dispensing fee. Any discounts or rebates that we get will not reduce the charges that your copayments are based on. We apply discounts and rebates to reduce drugs and supplies coverage rates.

---

### Benefit Maximum

#### Definition

A **Benefit Maximum** is a limit that applies to a specified covered service or supply. A service or supply may be limited by duration or number of visits. The maximum may apply per service or calendar year.

#### Where to Look for Limitations

See *Chapter 4: Description of Benefits*.

## Benefit and Payment Chart

### About this Chart

This benefit and payment chart:

- Is a summary of covered services and supplies. **It is not a complete description of benefits. For coverage criteria, other limitations of covered services, and excluded services, be sure to read *Chapter 1: Important Information, Chapter 4: Description of Benefits, and Chapter 6: Services Not Covered.***
- Gives you the page number where you can find more details about the service or supply.
- Tells you if the nonparticipating provider annual deductible applies and what the copayment percentage or fixed dollar amount is for covered services and supplies.

**Please note:** Special limits may apply to a service or supply listed in this benefit and payment chart. Please read the benefit details on the page referenced.

- \* = An asterisk next to a service or supply means either:
- A service dollar maximum may apply.
  - You may owe amounts in addition to your copayment.

Please read the benefit details on the page referenced.

**About this Chapter**

Your health care coverage provides benefits for procedures, services or supplies that are listed in this chapter. You will note that some of the benefits have limitations. These limitations describe criteria, circumstances or conditions that are necessary for a procedure, service or supply to be a covered benefit. These limitations may also describe circumstances or conditions when a procedure, service or supply is not a covered benefit. These limitations and benefits should be read with *Chapter 6: Services Not Covered*, in order to identify all items excluded from coverage.

**Additional Coverage Mandated by Law**

As may be required by law, including without limitation in response to State and/or Federal emergency declarations, this plan may provide expanded benefits and coverage policies not described in this Guide. Up-to-date information related to such circumstances, including emergency declarations, will be posted on our website at [www.hmsa.com](http://www.hmsa.com).

**Non-Assignment of Benefits**

Benefits for covered services described in this Guide cannot be transferred or assigned to anyone. Any attempt to assign this coverage or rights to payment will be void.

**Hospital and Facility Services**

**Review of Inpatient Hospital Care**

When your condition requires you to be an inpatient, we may work with your provider to review your medical records to determine if payment determination criteria are met. Inpatient reviews take place after admission and at set intervals

## Chapter 4: Description of Benefits

thereafter, until you are discharged from the facility. We also review discharge plans for after-hospital care.

If payment determination criteria are not met, our nurse reviewer will discuss your case with a physician consultant. If more details are needed, our nurse or physician consultant may contact your attending physician.

If we inform you that you do not meet payment determination criteria for acute inpatient care but you meet payment determination for skilled nursing, sub-acute, or long-term acute care, you must transfer to the first available extended care facility bed. If you do not transfer, you must pay all acute inpatient charges beginning on the day we informed you that you no longer meet acute inpatient payment determination criteria and an extended care facility bed became available.

### Ambulatory Surgical Center (ASC)

Covered, including:

- operating rooms,
- surgical supplies,
- drugs,
- dressings,
- anesthesia services and supplies,
- oxygen,
- antibiotics,
- blood transfusion services,
- routine lab, and
- x-ray related to surgery.

**Ambulatory Surgical Center** is an outpatient facility that provides surgical services without an overnight stay. This facility may be in a hospital or it may be a separate independent facility.

**Please note:** Anesthesia for dental services are covered in accord with HMSA's medical policy on "Deep Sedation and General Anesthesia for Dental Services" which can be found at [www.hmsa.com](http://www.hmsa.com). The medical policy provides detailed coverage criteria for when services meet HMSA's payment determination criteria.

### Extended Care Facility (Skilled Nursing, Sub-Acute, and Long-Term Acute Care Facilities)

Covered in accord with HMSA's medical policies. Information on our policies can be found at [www.hmsa.com](http://www.hmsa.com).

Room and board is covered, but only for semi-private rooms when all of the following are true:

- You are admitted by your physician.
- Care is ordered and certified by your physician.
- Care is for skilled nursing care, sub-acute care, or long-term acute care rendered in an extended care facility.
- Confinement is not primarily for comfort, convenience, a rest cure, or domiciliary care.
- The confinement is not for custodial care.

**Benefit Limitation:** Coverage for extended care facilities is limited to 120 days per calendar year.

Services and supplies are covered, including:

- routine surgical supplies,
- drugs,
- dressings,
- oxygen,
- antibiotics,
- blood transfusion services, and
- diagnostic and therapy services.

**Please note:** Services from out-of-state providers and from nonparticipating providers must have precertification. See *Chapter 5: Precertification*.

### Hospital Ancillary Services

Covered, including:

- surgical supplies,
- hospital anesthesia services and supplies,
- diagnostic and therapy services,
- drugs,
- dressings,

## Chapter 4: Description of Benefits

- oxygen,
- antibiotics, and
- hospital blood transfusion services.

**Please note:** Anesthesia for dental services are covered in accord with HMSA’s medical policy on “Deep Sedation and General Anesthesia for Dental Services” which can be found at [www.hmsa.com](http://www.hmsa.com). The medical policy provides detailed coverage criteria for when services meet HMSA’s payment determination criteria.

### Hospital Room and Board

Covered, including:

- Semi-Private Rooms. If you are hospitalized at a participating facility, your copayment is based on the facility’s medical/surgical semi-private room rate. If you are hospitalized at a nonparticipating facility, your copayment is based on HMSA’s maximum allowable fee for semi-private rooms. Also, you owe the difference between the nonparticipating hospital’s room charge and HMSA’s maximum allowable fee for semi-private rooms.
- Private Rooms.

At Participating Hospitals:

- If you are hospitalized in a participating facility with private rooms only, your copayment is based on HMSA’s maximum allowable fee for semi-private rooms.
- If you are hospitalized in a participating facility with semi-private and private rooms or a BlueCard PPO facility, your copayment is based on the facility’s medical/surgical semi-private room rate. Also, you owe the difference between the facility’s charges for private and semi-private rooms. **Exception:** If you are hospitalized for conditions identified by HMSA as conditions that require a private room, your copayment is based on the facility’s medical/surgical private room rate. You may call HMSA for a list of these conditions.

At Nonparticipating Hospitals:

- If you are hospitalized in a nonparticipating facility, your copayment is based on HMSA’s maximum allowable fee for semi-private rooms. Also, you owe the difference between the facility’s private room charge and HMSA’s maximum allowable fee for semi-private rooms. **Exception:** If you are hospitalized for conditions identified by HMSA as conditions that require a private room, your copayment is based on HMSA’s maximum allowable fee for private rooms. Also, you owe the difference between the facility’s private room charge and HMSA’s maximum allowable fee for private rooms. You may call HMSA for a list of these conditions.

- Newborn nursery care. Covered for the baby’s nursery care after birth in accord with the time periods specified later in this chapter under *Maternity and Newborn Length of Stay*.

**Please note:** Services at nonparticipating and out-of-state post-acute facilities must be precertified. See *Chapter 5: Precertification*.

### Intensive Care Unit/Coronary Care Unit

Covered.

### Intermediate Care Unit

Covered.

### Isolation Care Unit

Covered.

### Operating Room

Covered.

### Outpatient Facility

Covered, including but not limited to observation room and labor room.

**Please note:** Certain rehabilitation services outside the State of Hawaii must have precertification. See *Chapter 5: Precertification*.

---

### Emergency Services

Covered, but only to stabilize a medical condition that is accompanied by acute symptoms of sufficient severity (including severe pain) that a prudent layperson could reasonably expect the absence of immediate medical attention to result in:

## Chapter 4: Description of Benefits

- Serious risk to the health of the individual (or, with respect to a pregnant woman, the health of the woman and her unborn child).
- Serious impairment to bodily functions.
- Serious dysfunction of any bodily organ or part.

Examples of an emergency include:

- chest pain or other heart attack signs,
- poisoning,
- loss of consciousness,
- convulsions or seizures,
- broken back or neck,
- heavy bleeding,
- sudden weakness on one side,
- severe pain,
- breathing problems,
- drug overdose,
- severe allergic reaction,
- severe burns, and
- broken bones.

Examples of non-emergencies are:

- colds,
- flu,
- earaches,
- sore throats, and
- using the emergency room for your convenience or during normal physician office hours for medical conditions that can be treated in a physician's office.

If you need emergency services, call 911 or go to the nearest emergency room for care. Pre-authorization is not needed.

**Please note:** If you are admitted as an inpatient after a visit to the emergency room, hospital inpatient benefits apply and not emergency room benefits.

---

### Online Care

#### Online Care

Covered, when provided by HMSA Online Care at [www.hmsa.com](http://www.hmsa.com). You must be at least 18 years old. A member who is a dependent minor is covered when accompanied by an adult member. Initial base conversations as well as conversation extensions are covered for all provider types available on HMSA Online Care.

**Please note:** Sessions and eligibility are subject to the Online Care Consumer User Agreement.

---

### Telehealth

#### Telehealth

Covered, in accord with Hawaii law and HMSA's medical policy for "Telehealth Services" which can be found at [www.hmsa.com](http://www.hmsa.com). Telehealth is the use of telecommunications services to transmit medical information, including diagnostic-quality digital images and laboratory results for medical interpretation and diagnosis when the parties are separated by distance. Telecommunications services, include:

- Store and forward technologies.
- Remote monitoring.
- Live consultation.
- Mobile health.

In addition, services provided via telecommunications must be otherwise covered and not excluded by this plan. Your benefit will vary depending on the type of service you receive through telehealth. For instance, if you receive a physician visit through telehealth, the physician visit benefit will apply. See copayment amounts for the service you receive through telehealth in *Chapter 3: Summary of Benefits and Your Payment Obligations*.

## Chapter 4: Description of Benefits

“Telecommunications” is defined as the integrated electronic transfer of medical data, including but not limited to real time video conferencing-based communication, secure interactive and non-interactive web-based communication, and secure asynchronous information exchange.

Standard phone contacts, facsimile transmissions, or email texts, in combination or by itself, are not covered.

---

### Physician Services

#### Anesthesia

Covered, as required by the attending provider and when appropriate for your condition. Services include:

- General anesthesia.
- Regional anesthesia.
- Monitored anesthesia when you meet HMSA’s high-risk criteria.

**Please note:** Anesthesia for dental services are covered in accord with HMSA’s medical policy on “Deep Sedation and General Anesthesia for Dental Services” which can be found at [www.hmsa.com](http://www.hmsa.com). The medical policy provides detailed coverage criteria for when services meet HMSA’s payment determination criteria.

#### Consultation Services

Covered, as needed for surgical, obstetrical, pathological, radiological, or other medical conditions when all of these statements are true:

- The attending physician must require the consultation.
- If the consultation is for inpatient services, you must be confined as a registered bed patient.
- If the consultation is for inpatient services, the consultant's report must be acceptable to us. It must also be included as a part of the record kept by the hospital or extended care facility.
- The consultation must be for reasons other than to comply with requirements by the hospital or extended care facility.

#### Physician Visits

Covered, for an illness or injury, when you are inpatient or outpatient. A physician visit may be received in the physician's office, your home, or a facility setting. You are also covered for family planning counseling. Newborn care is covered in accord with the time periods specified later in this chapter under *Maternity and Newborn Length of Stay*.

**Please note:** Routine preventive care is described under *Special Benefits – Disease Management and Preventive Services*.

#### Physician Visits – Emergency Room

Covered, but only to stabilize a medical condition which is accompanied by acute symptoms of sufficient severity (including severe pain) that a prudent layperson could reasonably expect the absence of immediate medical attention to result in:

- Serious risk to the health of the individual (or, with respect to a pregnant woman, the health of the woman and her unborn child).
- Serious impairment to bodily functions.
- Serious dysfunction of any bodily organ or part.

Examples of an emergency include:

- chest pain or other heart attack signs,
- poisoning,
- loss of consciousness,
- convulsions or seizures,
- broken back or neck,
- heavy bleeding,
- sudden weakness on one side,
- severe pain,
- breathing problems,
- drug overdose,
- severe allergic reaction,
- severe burns, and
- broken bones.

Examples of non-emergencies are:

- colds,
- flu,

## Chapter 4: Description of Benefits

- earaches,
- sore throats, and
- using the emergency room for your convenience or during normal physician office hours for medical conditions that can be treated in a physician's office.

If you need emergency services, call 911 or go to the nearest emergency room for care. Pre-authorization is not needed.

**Please note:** If you are admitted to the hospital as an inpatient after a visit to the emergency room, hospital inpatient benefits apply and not emergency room benefits.

---

### Surgical Services

Participating Providers have agreed to comply with HMSA's payment policies and so will not bill you for services or added charges that HMSA does not cover. When you see a nonparticipating provider you will owe any copayment that applies to the service plus the difference between HMSA's eligible charge and the provider's actual charge. This may include services or added charges not covered by HMSA.

#### Approval for Certain Surgical Procedures

Certain surgical procedures must have precertification from HMSA. See *Chapter 5: Precertification*.

**Please note:** This list of procedures changes periodically. To ensure your surgical procedure is covered, call us and we will check if it requires approval before you get the surgery.

If you are under the care of a:

- *Participating* physician, the physician will get approval for you.
  - *Nonparticipating* physician, the physician may not get approval for you.
- Getting approval is your responsibility. See *Chapter 5: Precertification*.

#### Assistant Surgeon Services

Covered, but only when:

- The complexity of the surgery requires an assistant; and
- The facility does not have a resident or training program; or
- The facility has a resident or training program, but a resident or intern on staff is not available to assist the surgeon.

#### Bariatric Surgery

Covered, but only if you meet HMSA's criteria and when:

- The facility is located in the state of Hawaii, has a contract with HMSA to perform bariatric surgery and has a comprehensive weight management program; or
- The facility is an approved Blue Distinction Center for bariatric surgery with an agreement for continuity of care in the state where the member primarily resides

#### Cutting Surgery

Covered, including preoperative and postoperative care.

**Please note:** Nonparticipating providers may bill separately for preoperative care, the surgical procedure and postoperative care. In such cases, the total charge is often more than the eligible charge. You are responsible for any amount that exceeds the eligible charge.

#### Newborn Circumcision

Covered.

#### Non-cutting Surgery

Covered. Examples of non-cutting surgical procedures include:

- diagnostic endoscopic procedures;
- diagnostic and therapeutic injections including catheters injections into joints, muscles, and tendons;
- orthopedic castings;
- destruction of localized lesions by chemotherapy (excluding silver nitrate), cryotherapy or electrosurgery; and
- acne treatment.

#### Oral Surgery

Covered, but only when the dentist performs surgery that could be performed by a physician or a dentist. Coverage is limited to:

- the removal of tumors and cysts;
- surgery to correct injuries;

## Chapter 4: Description of Benefits

- cutting and draining of cellulitis;
- cutting of sinuses, salivary glands, or ducts;
- reduction of dislocations and removal of jawbone joint; and
- major oral surgery for augmentation (building up) of the gum ridge.

### Reconstructive Surgery

Covered, but only for corrective surgery required to restore, reconstruct or correct:

- Any bodily function that was lost, impaired, or damaged as a result of an illness or injury.
- Developmental abnormalities when present from birth and that severely impair or impede normal, essential bodily functions.
- The breast on which a mastectomy was performed, and surgery for the reconstruction of the other breast to produce a symmetrical appearance (including prostheses). Treatment for complications of mastectomy and reconstruction, including lymphedema, is also covered.

Complications of a non-covered cosmetic reconstructive surgery are not covered.

### Surgical Supplies

Covered.

---

## Testing, Laboratory, and Radiology

### Allergy Testing

Covered.

### Allergy Treatment Materials

Covered.

### Diagnostic Testing

Covered when related to an injury or illness. Examples of diagnostic tests include:

- Electroencephalograms (EEG).
- Electrocardiograms (EKG or ECG).
- Holter Monitoring.
- Stress Tests.

### Genetic Testing and Counseling

Covered, but only if you meet HMSA's criteria. Call us for more details. Our phone number is listed on the back cover of this Guide.

**Please note:** Certain services must have precertification. See *Chapter 5: Precertification*.

Other services identified on the U.S. Preventive Services Task Force list of Grade A and B Recommendations are described under *Special Benefits – Disease Management and Preventive Services*.

### Laboratory and Pathology

Covered, when related to an illness or injury. For other routine and preventive lab services, see later in this chapter in the *Special Benefits – Disease Management and Preventive Services* section.

### Radiology

Covered. Examples of radiology include:

- Computerized Tomography Scan (CT Scan).
- Diagnostic mammography.
- Nuclear Medicine.
- Ultrasound.
- X-rays.

**Please note:** Some radiological procedures must have precertification. See *Chapter 5: Precertification*.

---

## Chemotherapy and Radiation Therapy

### Chemotherapy – Infusion/Injections

Covered, including chemical agents and their administration to treat malignancy. Chemotherapy drugs must be FDA approved.

**Please note:** Coverage includes at least one antineoplastic (monoclonal antibodies) drug.

## Chapter 4: Description of Benefits

**Please note:** Benefits for high-dose chemotherapy, high-dose radiation therapy, or related services and supplies are covered when provided in conjunction with stem-cell transplants. See later in this chapter under *Stem-Cell Transplants (including Bone Marrow Transplants)* in the section *Other Organ and Tissue Transplants*.

### Radiation Therapy

Covered.

**Please note:** Benefits for high-dose chemotherapy, high-dose radiation therapy, or related services and supplies are covered when provided in conjunction with stem-cell transplants. See later in this chapter under *Stem-Cell Transplants (including Bone Marrow Transplants)* in the section *Other Organ and Tissue Transplants*.

---

## Other Medical Services and Supplies

### Advance Care Planning

Covered.

### Ambulance (air)

Covered, for intra-island or inter-island air ambulance services to the nearest, adequate hospital to treat your illness or injury.

We will cover your ambulance transportation if the following apply:

- Services to treat your illness or injury are not available in the hospital or nursing facility where you are an inpatient.
- Transportation starts where an injury or illness took place or first needed emergency care.
- Transportation ends at the nearest facility equipped to furnish emergency care.
- Transportation is for the purpose of emergency treatment.
- Transportation takes you to the nearest facility equipped to furnish emergency treatment.

**Please note:** Air ambulance is limited to transportation within the state of Hawaii except as described in the next section labeled “*Ambulance (air) – to the Continental United States*”.

### Ambulance (air) – to the Continental United States

Covered in certain situations when treatment for critical care is not available in Hawaii and air ambulance transportation to the continental US with life supporting equipment and/or a medical support team is needed. Services are covered in accord with HMSA’s medical policy on air ambulance services which can be found at [www.hmsa.com](http://www.hmsa.com).

**Please note:** Air ambulance services to the continental US must be precertified. See *Chapter 5: Precertification*.

**Please note:** Exclusions or limitations may apply. See *Chapter 6: Services Not Covered, Miscellaneous Exclusions*.

### Ambulance (ground)

Covered, for ground ambulance services to the nearest, adequate hospital to treat your illness or injury.

We will cover your ambulance transportation if the following apply:

- Services to treat your illness or injury are not available in the hospital or nursing facility where you are an inpatient.
- Transportation starts where an injury or illness took place or first needed emergency care.
- Transportation ends at the nearest facility equipped to furnish emergency care.
- Transportation is for the purpose of emergency treatment.
- Transportation takes you to the nearest facility equipped to furnish emergency treatment.

### Applied Behavior Analysis Rendered by a Behavior Analyst Recognized by Us

Covered, but only for autism spectrum disorders, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, in accord with Hawaii law and HMSA’s medical policy. Services must be provided in the state where you reside by a Behavior Analyst recognized by us.

## Chapter 4: Description of Benefits

**Please note:** Certain services must be precertified. See *Chapter 5: Precertification*.

### Autism Spectrum Disorders – Diagnosis and Treatment

Covered, in accord with Hawaii law and HMSA’s medical policies, for the following services:

- Behavioral health treatment. Benefits for Applied Behavior Analysis rendered by a Recognized Behavior Analyst as described more fully in the section labeled “*Applied Behavior Analysis Rendered by a Behavior Analyst Recognized by Us*”.
- Psychiatric care.
- Psychological care.
- Therapeutic care.
- Pharmacy care. Benefits for drugs to treat autism spectrum disorders are described later in this chapter under *Drugs and Supplies*.

You are not covered for care that is custodial in nature or provided by family or household members.

**Please note:** Certain services must be precertified. See *Chapter 5: Precertification*.

### Blood and Blood Products

Covered, including blood costs, blood bank services, blood processing.

You are not covered for peripheral stem-cell transplants except as described in this chapter under *Stem-Cell Transplants (including Bone Marrow Transplants)*.

### Dialysis and Supplies

Covered.

### Durable Medical Equipment and Supplies

Covered, but only when prescribed by your treating provider.

The equipment must meet all of the following criteria:

- FDA-approved for the purpose that it is being prescribed.
- Able to withstand repeated use.
- Primarily and customarily used to serve a medical purpose.
- Appropriate for use in the home. **Home** means the place where you live other than a hospital or skilled or intermediate nursing facility.
- Necessary and reasonable to treat an illness or injury, or to improve the functioning of a malformed body part. It should not be useful to a person in the absence of illness or injury.

Durable medical equipment (DME) can be rented or purchased; however, certain items are covered only as rentals.

Supplies and accessories necessary for the effective functioning of the equipment are covered subject to certain limitations and exclusions. Please call your nearest HMSA office listed on the back cover of this Guide for details.

Repair and replacement of durable medical equipment is covered subject to certain limitations and exclusions. Please call your nearest HMSA office listed on the back cover of this Guide for details.

Examples of durable medical equipment include:

- oxygen equipment,
- hospital beds,
- mobility assistive equipment (wheelchairs, walkers, power mobility devices), and
- insulin pumps.

**Please note:** Benefits for insulin pump tubing can be found in *Drugs and Supplies* section.

**Please note:** Certain durable medical equipment must have precertification. See *Chapter 5: Precertification*.

### Evaluations for Hearing Aids

Covered, but only when you get the evaluation for the use of a hearing aid in the office of a physician or audiologist.

### Gender Identity Services

Covered, in accord with HMSA’s medical policy for “Gender Identity Services” which can be found at [www.hmsa.com](http://www.hmsa.com).

The services listed below are covered, but only when deemed medically necessary to treat gender dysphoria. Your copayment may vary depending on the

## Rehabilitation Therapy

### Dr. Ornish's Program for Reversing Heart Disease™

Covered in accord with HMSA's then current policy available at [www.hmsa.com](http://www.hmsa.com) and when all of the following are true:

- Program services are provided by practitioners who contract with HMSA to provide program services, and
- Services are received in the State of Hawaii at an accredited Ornish Reversal Program.

**Dr. Ornish's Program for Reversing Heart Disease™** is a comprehensive approach to cardiovascular disease management and overall well-being improvement that addresses modifiable risk factors under the supervision of a multidisciplinary team. It helps members with heart disease and related health issues to assess, track and manage their condition; and, improve key factors such as eating habits, stress management and physical activity. The program consists of eighteen 4 hour sessions which include:

- Supervised exercise
- Yoga and meditation
- Support group
- Experiential education session with group meal

**Please note:** Coverage is limited to one program per lifetime. If you get benefits for this program under an HMSA plan, you will not be eligible for benefits for the program under any other HMSA plan.

### Physical and Occupational Therapy

Covered in accord with HMSA's medical policy for physical and occupational therapy. Changes to the policy may occur at any time during your plan year. Current medical policies can be found at [www.hmsa.com](http://www.hmsa.com). According to HMSA's current medical policies, therapy services are covered but only when all of the following are true:

- The diagnosis is established by a physician, physician's assistant or advanced practice registered nurse and the medical records document the need for skilled physical and/or occupational therapy.
- The therapy is ordered by a physician, physician's assistant or advanced practice registered nurse under an individual treatment plan.
- The therapy is from a qualified provider of physical or occupational therapy services. A qualified provider is one who is licensed appropriately, performs within the scope of his/her licensure and is recognized by HMSA.

## Chapter 4: Description of Benefits

- The therapy is necessary to achieve a specific diagnosis-related goal that will significantly improve neurological and/or musculoskeletal function due to a congenital anomaly, or to restore neurological and/or musculoskeletal function that was lost or impaired due to an illness, injury, or prior therapeutic intervention. (Significant is defined as a measurable and meaningful increase in the level of physical and functional abilities attained through short-term therapy as documented in the medical records).
- The therapy is short-term, generally not longer than 90 days, defined as the number of visits necessary to improve or restore neurological or musculoskeletal function required to perform normal activities of daily living, such as grooming, toileting, feeding, etc. Therapy beyond this is considered long-term and is not covered. Maintenance therapy, defined as activities that preserve present functional level and prevent regression, are not covered.
- The therapy does not duplicate services from another therapy or available through schools and/or government programs.
- The therapy is described as covered in HMSA's medical policies on physical and occupational therapy. Information on our policies can be found at [www.hmsa.com](http://www.hmsa.com).

**Please note:** Certain services must be precertified. See *Chapter 5: Precertification*.

Group exercise programs and group physical and occupational therapy exercise programs are not covered.

### Pulmonary Rehabilitation

Pulmonary rehabilitation is a multidisciplinary approach to reducing symptoms and improving quality of life in patients with compromised lung function.

Benefits are not provided for maintenance programs.

Participants must meet HMSA's eligibility criteria and guidelines.

**Please note:** These services must have precertification. See *Chapter 5: Precertification*.

### Speech Therapy Services

Covered in accord with HMSA's medical policy for speech therapy. Changes to the policy may occur at any time during your plan year. Current medical policies can be found at [www.hmsa.com](http://www.hmsa.com). According to HMSA's current medical policy, speech therapy is covered to treat communication impairments and swallowing disorders but only when all of the following statements are true:

- The diagnosis is established by a physician, physician's assistant, or advanced practice registered nurse and the medical records document the need for skilled speech therapy services.
- The therapy is ordered by a physician, physician's assistant, or advanced practice registered nurse.
- The therapy is necessary to treat function lost or impaired by disease, trauma, congenital anomaly (structural malformation) or prior therapeutic intervention.
- The therapy is rendered by and requires the judgment and skills of a speech language pathologist certified as clinically competent (SLP CCC) by the American Speech–Language Hearing Association (ASHA).
- The therapy is provided on a one-to-one basis.
- The therapy is used to achieve significant, functional improvement through objective goals and measurements.
- The therapy and diagnosis are covered as described in HMSA's medical policies for speech therapy services. Information on our policies can be found at [www.hmsa.com](http://www.hmsa.com).
- The therapy is not for developmental delay/developmental learning disabilities.
- The therapy does not duplicate service from another therapy or available through schools and/or government programs.

Speech therapy services include:

- speech/language therapy,
- swallow/feeding therapy,
- aural rehabilitation therapy, and
- augmentative/alternative communication therapy.

## Chapter 4: Description of Benefits

*Please note:* Certain services must have precertification. See *Chapter 5: Precertification*.

**Please note:** Benefit payment for contraceptives is limited to one contraceptive method per period of effectiveness.

### In Vitro Fertilization

Covered. While you are enrolled or have been enrolled with HMSA (in either a group or individual plan), coverage is limited to a one-time only benefit for one outpatient in vitro fertilization procedure ("IVF Benefit") per:

- HMO product (e.g., Health Plan Hawaii) or
- PPO product (e.g., Preferred Provider Plan/Comprehensive Medical Plan).

If you have exhausted the above benefits under prior coverage with HMSA, you will be entitled to a one-time additional single IVF Benefit under your group plan, but only if you did not ever receive an IVF Benefit under an HMSA plan with that group.

In vitro fertilization services are not covered when a surrogate is used. The in vitro procedures must be performed at a medical facility that conforms to the American College of Obstetricians and Gynecologists' guidelines for in vitro fertilization clinics or to the American Society for Reproductive Medicine's minimal standards for programs of in vitro fertilization.

If you have a male partner, you must meet all of the following criteria:

- You and your male partner have a five-year history of infertility or infertility is related to one or more of the following medical conditions:
  - Endometriosis;
  - Exposure in utero to diethylstilbestrol (DES);
  - Blockage or surgical removal of one or both fallopian tubes; or
  - Abnormal male factors contributing to the infertility.
- You and your male partner have been unable to attain a successful pregnancy through other covered infertility treatments.

If you do not have a male partner, you must meet the following criteria:

- You are not known to be otherwise infertile, and
- You have failed to achieve pregnancy following three cycles of physician directed, appropriately timed intrauterine insemination.

**Please note:** These services must have precertification. See *Chapter 5: Precertification*.

**Please note:** Exclusions or limits that may relate to this benefit are described in *Chapter 6: Services Not Covered* in the section labeled *Fertility and Infertility*.

### Maternity Care – Routine Prenatal Visits, Delivery, and One Postpartum Visit

Covered, for:

- routine prenatal visits,
- delivery, and
- one postpartum visit.

Coverage for other maternity related services such as nursery care, labor room, hospital room and board, pregnancy termination, diagnostic tests, labs, and radiology are described in other sections of this Guide.

## Chapter 4: Description of Benefits

### Maternity and Newborn Length of Stay

Covered, for up to:

- 48 hours from time of delivery for normal labor and delivery; or
- 96 hours from time of delivery for a cesarean birth.

All newborns are covered for services described earlier in this chapter for the first 48 or 96 hours. For a description of covered services see *Hospital Room and Board – Newborn Nursery Care* and *Physician Visits*. Newborns are covered after the first 48 or 96 hours if added to your coverage within 31 days of birth.

Newborns with congenital defects and birth abnormalities are covered for the first 31 days of birth even if not added to your coverage. These newborns are covered after 31 days of birth only if added to your coverage within 31 days of birth. See *Chapter 10: General Provisions* under *Eligibility for Coverage*.

### Pregnancy Termination

Covered.

### Tubal Ligation

Covered, for surgery for a tubal ligation. Reversal of a tubal ligation is not covered.

---

## Special Benefits for Homebound, Terminal, or Long-Term Care

### Case Management Services

Covered, for a chronic condition, a serious illness or complex health care needs which may include the following:

- Assessment of individual/family needs related to the understanding of health status and physician treatment plans, self-care and compliance capability and continuum of care.
- Education of individual/family on disease, treatment compliance and self-care techniques.
- Help with organization of care, including arranging for needed services and supplies.
- Assistance in arranging for a primary care provider to deliver and coordinate the care and/or consultation with physician specialists; and
- Referrals to community resources.

Your benefit will vary depending on the type of Case Management Service you receive. For instance, if you receive a physician visit pertaining to Case Management Services, the physician visit benefit will apply. See copayment amounts for the service you receive through case management services in *Chapter 3: Summary of Benefits and Your Payment Obligations*.

### Home Health Care

Covered, but only when all of these statements are true:

- Services are prescribed in writing by a physician to treat an illness or injury when you are homebound. **Homebound** means that due to an illness or injury, you are unable to leave home, or if you do leave home, doing so requires a considerable and taxing effort.
- Part-time skilled health services are needed.
- Services are not more costly than alternate services that would be effective to diagnose and treat your condition.
- Without home health care, you would need inpatient hospital or extended care facility services.
- If you need home health care services for more than 30 days, a physician must certify that there is further need for the services and provide an ongoing plan of treatment at the end of each 30-day period of care.
- Services do not exceed 150 visits per calendar year.

### Hospice Services

Covered. A Hospice Program provides care (generally in a home setting) for patients who are terminally ill and who have a life expectancy of six months or less. We follow Medicare guidelines to determine benefits, level of care and eligibility for hospice services. Also, we cover:

- Residential hospice room and board expenses directly related to the hospice care being provided, and
- Hospice referral visits during which a patient is advised of hospice care options, regardless of whether the referred patient is later admitted to hospice care.

## Chapter 4: Description of Benefits

While under hospice care, the terminally ill person is not eligible for benefits for the terminal condition except hospice services and attending physician office visits. The person is eligible for all covered benefits unrelated to the terminal condition.

The attending physician must certify in writing that the person is terminally ill and has a life expectancy of six months or less.

### Supportive Care

Covered in accord with HMSA's then current Supportive Care policy available at [www.hmsa.com](http://www.hmsa.com).

Supportive Care is a comprehensive approach to care for members with a serious or advanced illness including:

- Stage 3 or 4 cancer,
- advanced Congestive Heart Failure (CHF),
- advanced Chronic Obstructive Pulmonary Disease (COPD), or
- any advanced illness that meets the requirements of the Supportive Care policy.

Members receive comfort-directed care, along with curative treatment from an interdisciplinary team of practitioners. Supportive Care is only available in Hawaii and when a member is referred by his or her physician.

#### *Please note:*

- We cover Supportive Care referral visits during which a patient is advised of Supportive Care options, regardless of whether the referred member is later admitted to Supportive Care.
- Coverage is limited to 90 calendar days of services in a 12 month period that begins the first day Supportive Care services are provided.

---

### Behavioral Health – Mental Health and Substance Abuse

Covered, if:

- You are diagnosed with a condition found in the current Diagnostic and Statistical Manual of the American Psychiatric Association.
- The services are from a licensed physician, psychiatrist, psychologist, clinical social worker, marriage and family therapist, licensed mental health counselor, or advanced practice registered nurse.

*Please note:* Epilepsy, senility, intellectual disabilities, or other developmental disabilities and addiction to or abuse of intoxicating substances, do not in and of themselves constitute a mental disorder.

Benefits for inpatient hospital and facility services are subject to the limits described earlier in this chapter under *Hospital Room and Board*.

*Please note:* Precertification is required for the admission and continued treatment at all residential treatment facilities. See *Chapter 5: Precertification*.

### Alcohol or Drug Dependence Treatment

You are not covered for detoxification services and educational programs to which drinking or drugged drivers are referred by the judicial system solely because you have been referred or services performed by mutual self-help groups.

---

### Organ and Tissue Transplants

Covered, but only as described in this section and *Other Organ and Tissue Transplants* and subject to all other conditions and provisions of your Agreement including that the transplant meets payment determination criteria. For a definition of payment determination criteria, see *Chapter 1: Important Information* under *Questions We Ask When You Receive Care*. Expenses related to one transplant evaluation and wait list fees at one transplant facility per approved transplant request are covered.

Benefits are not available for:

- Artificial (mechanical) organs, except for artificial hearts when used as a bridge to a permanent heart transplant.
- Non-human organs.

## Chapter 4: Description of Benefits

- Organ or tissue transplants not listed in this section.
- Your transportation for organ or tissue transplant services.
- Transportation of organs or tissues.
- Organ or tissue transplants received out of country.

### Corneal Transplant Surgery

Covered, but only if you meet HMSA's criteria. Coverage for related services are described in other sections of this Guide.

### Kidney Transplant Surgery

Covered, but only if you meet HMSA's criteria. Coverage for related services are described in other sections of this Guide.

### Organ Donor Services

Covered, when you are the recipient of the organ. No benefits are available under this coverage if you are donating an organ to someone else.

Please note: This coverage is secondary and the living donor's coverage is primary when:

- You are the recipient of an organ from a living donor; and
- The donor's health coverage provides benefits for organs donated by a living donor.

Benefits for the screening of donors are limited to expenses of the actual donor. No benefits are available for screening expenses of candidates who do not become the actual donor.

### Transplant Evaluation

Covered, if we approve, for:

- heart,
- heart-lung,
- liver,
- lung,
- pancreas,
- simultaneous kidney/pancreas,
- small bowel and multivisceral, or
- stem-cell transplants.

See *Chapter 5: Precertification*. **Transplant Evaluation** means those procedures, including:

- lab and diagnostic tests,
- consultations, and
- psychological evaluations that a facility uses in evaluating a potential transplant candidate.

This coverage is limited to one evaluation per transplant request and must be rendered either at a facility that is located in the State of Hawaii and has a contract with us to perform the transplant or is an approved Blue Distinction Center for Transplants. For details about donor screening benefits, see in this chapter under *Organ Donor Services*.

---

### Other Organ and Tissue Transplants

Covered, but only as described in this section and *Organ and Tissue Transplants*.

Also, all transplants must:

- Receive our approval. Without approval for the specified transplants, benefits are not available. See *Chapter 5: Precertification*.
- Be from a facility that:
  - Accepts you as a transplant candidate, and
  - Is located in the State of Hawaii and has a contract with us to perform the transplant, or
  - Is an approved Blue Distinction Center for Transplants. You may call HMSA for a current list of providers.

### Heart Transplants

Covered, but only if you meet HMSA's criteria and if we approve. See *Chapter 5: Precertification*.

### Heart and Lung Transplants

Covered, but only if you meet HMSA's criteria and if we approve. See *Chapter 5: Precertification*.

### Liver Transplants

Covered, but only if you meet HMSA's criteria and if we approve. See *Chapter 5: Precertification*.

## Chapter 4: Description of Benefits

<b>Lung Transplants</b>	Covered, but only if you meet HMSA's criteria and if we approve. See <i>Chapter 5: Precertification</i> .
<b>Pancreas Transplants</b>	Covered, but only if you meet HMSA's criteria and if we approve. See <i>Chapter 5: Precertification</i> .
<b>Simultaneous Kidney/Pancreas Transplants</b>	Covered, but only if you meet HMSA's criteria and if we approve. See <i>Chapter 5: Precertification</i> .
<b>Small Bowel and Multivisceral Transplants</b>	Covered, for small bowel (small intestine) and the small bowel with liver or small bowel with multiple organs such as the liver, stomach and pancreas, but only if you meet HMSA's criteria and if we approve. See <i>Chapter 5: Precertification</i> .
<b>Stem-Cell Transplants (including Bone Marrow Transplants)</b>	Allogeneic stem-cell transplants, reduced intensity conditioning for allogeneic stem-cell transplants and autologous stem-cell transplants are available only for treatment prescribed in accord with HMSA's medical policies and with our approval. See <i>Chapter 5: Precertification</i> .

---

### Drugs and Supplies

Covered, but only drugs to treat autism spectrum disorders, oral chemotherapy drugs, contraceptives, diabetic drugs, supplies and insulin, and U.S. Preventive Services Task Force Recommended Drugs. Coverage will be provided only when the drugs and supplies are:

- Approved by the FDA, under federal control,
- Prescribed by a licensed Provider,
- Dispensed by a licensed pharmacy or Provider, and
- You do not have an HMSA drug plan or your HMSA drug plan does not cover the drug or supply covered in this section.

**Please note:** The list of U.S. Preventive Services Task Force (USPSTF) recommended drugs may change. Examples of drugs recommended include, but are not limited to, aspirin and folic acid. If you need more information about the USPSTF recommended drugs, including a current list of recommendations, please visit our website at [www.hmsa.com](http://www.hmsa.com) or call us at one of the phone numbers listed on the back of this Guide.

**Please note:** Some drugs and supplies must have precertification. See *Chapter 5: Precertification*.

Benefits for drugs and supplies vary depending on whether the drug is a generic drug, a Preferred Formulary drug, or Non-Preferred Formulary drug.

### Benefit Limitations

Contraceptive benefits are limited to one contraceptive method per period of effectiveness.

Over-the-counter contraceptives are covered when you receive a written prescription for the contraceptive.

Diabetic supplies are limited to coverage for:

- Syringes.
- Needles.
- Lancets.
- Lancet devices.
- Test strips.
- Acetone test tablets.
- Insulin pump tubing.
- Calibration solutions.

Copayment amounts for covered drugs or supplies are for a maximum 30-day supply or fraction thereof. A 30-day supply means a supply that will last you for a period consisting of 30 consecutive days. For example, if the prescribed drug must be taken by you only on the last five days of a one-month period, a 30-day supply would be the amount of the drug that you must take during those five days.

If you get more than a 30-day supply under one prescription:

## Chapter 4: Description of Benefits

- you must pay an additional copayment for each 30-day supply or fraction thereof, and
- The pharmacy will fill the prescription in the quantity specified by your Provider up to a 12-month supply for contraceptives. For all other drugs or supplies the maximum benefit payment is limited to two more 30-day supplies or fractions thereof.

### Definitions

#### **Biological products**

• Biological products, or biologics, are medical products. Many products are made from a variety of natural sources –(i.e., human, animal, or microorganism). It may be produced by biotechnology methods and other cutting-edge technologies. Like drugs, some biologics are intended to treat diseases and medical conditions. Other products are used to prevent or diagnose diseases. Examples may include:

- Vaccines.
- Blood and blood products for transfusion and /or manufacturing into other products.
- Allergenic extracts that are used for both diagnosis and treatment, i.e., allergy shots.
- Human cells and tissues used for transplantation (e.g., tendons, ligaments and bones).
- Gene therapies.
- Cellular therapies.
- Tests to screen potential blood donors for infectious agents such as HIV.

• **Reference product** refers to the original FDA-approved biologic product that a biosimilar is based.

• **Biosimilar product** – A biological product that is FDA-approved based on a showing that it is highly similar to an already FDA-approved reference product. It has no clinically meaningful differences in terms of safety and effectiveness from the reference product. Only minor differences in clinically inactive components are allowable in biosimilar products.

• **Interchangeable biologic product** – An FDA-approved biologic product that meets the additional standards for interchangeability to an FDA-approved reference product included in:

- The Hawaii list of equivalent generic drugs and biological products.
- The Orange Book.
- The Purple Book.
- Other published findings and approvals of the United States Food and Drug Administration.

In accordance with any applicable state and federal regulations and laws, an interchangeable biological product may be substituted for the reference product by a pharmacist without the intervention of the healthcare provider who prescribed the reference product.

**Brand name drug** is a drug that is marketed under its distinctive trade name. A brand name drug is or at one time was protected by patent laws or deemed to be biosimilar by the U.S. Food and Drug Administration. A brand name drug is a recognized trade name prescription drug product, usually either the innovator product for new drugs still under patent protection or a more expensive product marketed under a brand name for multi-source drugs and noted as such in the national pharmacy database used by HMSA.

**Generic drug** is a drug, supply, or insulin that is prescribed or dispensed under its commonly used generic name rather than a brand name. Generic drugs are not protected by patent and are identified by HMSA as “generic”. A generic drug shall meet any of the following:

- It is identical or therapeutically equivalent to its brand counterpart in dosage form, safety, strength, route of administration and intended use.
- It is a non-innovator product approved by the FDA under an Abbreviated New Drug Application (an application to market a duplicate drug that has been approved by the FDA under a full New Drug Application).
- It is defined as a generic by Medi-Span or an equivalent nationally recognized source.
- It is not protected by patents(s), exclusivity, or cross-licensure.
- Generic drugs include all single-source and multi-source generic drugs as set forth by a nationally recognized source selected and disclosed by HMSA.

## Chapter 4: Description of Benefits

- Unless explicitly defined or designated by HMSA, once a drug has been deemed a generic drug it must be considered a generic drug for purposes of benefit administration.

**Non-Preferred Formulary drug, supply, and insulin** is a brand name drug, supply, or insulin that is not identified as preferred on the HMSA Select Prescription Drug Formulary.

**Oral chemotherapy drug** is an FDA-approved oral cancer treatment that may be delivered to the patient for self-administration under the direction or supervision of a Provider outside of a hospital, medical office, or other clinical setting.

**Over-the-counter drugs** are drugs that may be purchased without a prescription.

**Preferred Formulary drug, supply and insulin** is a brand name drug, supply or insulin identified as preferred on the HMSA Select Prescription Drug Formulary.

**Prescription drug** is a medication required by Federal law to be dispensed only with a prescription from a licensed provider. Medications that are available as both a Prescription Drug and a nonprescription drug are not covered as a Prescription drug under this plan.

### Drug Benefit Management

We have arranged with Participating Providers to assist in managing the usage of certain drugs, including drugs listed in the HMSA Select Prescription Drug Formulary.

- We have identified certain kinds of drugs listed in the HMSA Select Prescription Drug Formulary that require preauthorization of HMSA. The criteria for preauthorization are that:
  - the drug is being used as part of a treatment plan,
  - there are no equally effective drug substitutes, and
  - the drug meets Payment Determination and other criteria established by us.

A list of these drugs in the HMSA Select Prescription Drug Formulary has been distributed to all Participating Providers.

- Participating providers may prescribe up to a 30-day supply for first time prescriptions of maintenance drugs and contraceptives. For subsequent refills, the participating provider may prescribe up to a 12-month supply for contraceptives, and a maximum 90-day supply for all other drugs after confirming that:
  - You have tolerated the drug without adverse side effects that could cause the drug to be discontinued, and
  - Your Provider has determined that the drug is effective.

### Mail Order Providers

Benefits for mail order drugs, supplies, and insulin are only available through contracted providers. Call your nearest HMSA office listed on the back cover of this Guide for a list of contracted providers. If you receive mail order drugs and supplies from a provider that does not contract with HMSA, no benefits will be paid.

The contracted provider will fill the prescription in the quantity specified by the Provider up to a 12-month supply for contraceptives. For all other drugs or supplies, copayment amounts are for a maximum 90-day supply or fraction thereof. A 90-day supply means a supply that will last you 90 consecutive days or a fraction thereof. You must pay a 90-day copayment even if the prescription is written for less than a 90-day supply or the pharmacy dispenses less than 90 doses or less than a 90-day supply. Situations in which this would occur include, but are not limited to:

- You are prescribed a drug in pill form that must be taken only on the last five days of each month. A 90-day supply would be fifteen pills, the number of pills you must take during a three-month period.
- You are prescribed a 30-day supply with two refills. The mail order pharmacy will fill the prescription in the quantity specified by the Provider, in this case 30 days, and will not send you a 90-day supply. You owe the 90-day copayment even though a 30-day supply has been dispensed.

## Chapter 4: Description of Benefits

- You are prescribed a 30-day supply of a drug that is packaged in less than 30-day quantity, for example, a 28-day supply. The pharmacy will fill the prescription by providing you a 28-day supply. You owe the 90-day copayment. If you are prescribed a 90-day supply, the pharmacy would fill the prescription by giving you three packages each containing a 28-day supply of the drug. Again, you would owe a 90-day copayment for the 84-day supply.

Unless your Provider directs the use of a brand name drug by clearly indicating it on the prescription, your prescription will be filled with the generic equivalent when available and permissible by law.

Refills are available if indicated on your original prescription and only after two-thirds of your prescription has already been used.

### Refills

Except for certain drugs managed under Drug Benefit Management, refills will be paid if indicated on your original prescription and only after two-thirds of your prescription has already been used. At the discretion of your pharmacist, you may refill your prescriptions for maintenance drugs earlier if you need to synchronize such prescriptions to pick them up at the same time. Your copayment for each prescription may be adjusted accordingly.

**Please note:** Certain limitations or restrictions apply. Please see our Medication Synchronization policy at [www.hmsa.com](http://www.hmsa.com).

### You May Owe Additional Amounts When There is a Generic Equivalent

This plan requires the substitution of Generic Drugs listed on the FDA Approved Drug Products with Therapeutic Equivalence Evaluations for a brand name drug. Exceptions will be made when a Provider directs that substitution is not permissible. If you choose not to use the generic equivalent, we will pay only the amount that would have been paid for the generic equivalent. This provision will apply even if the generic equivalent is out-of-stock or is not available at the pharmacy.

In the event a generic equivalent is out-of-stock or not available, you may wish to purchase the generic equivalent from another pharmacy.

**This Chapter Covers**

Definitions ..... 49

**Definitions**

**Precertification** is a special approval process to make sure that certain medical treatments, procedures, or devices meet payment determination criteria before the service is rendered.

A few common examples of things you must obtain precertification for:

**Lab, X-ray and Other Diagnostic Tests** such as genetic testing, polysomnography and sleep studies, computed tomography (CT), and functional MRI.

**Surgeries** such as organ and tissue transplants and varicose veins treatment.

**Treatment Therapies** such as applied behavior analysis, physical, occupational and speech therapies, chiropractic services, in vitro fertilization, growth hormone therapy, home IV therapy, drugs such as oral chemotherapy agents, infusibles and injectables, new drug to market (specialty medical drugs), and off-label drug use.

**Durable Medical Equipment and Orthotics and Prosthetic Devices** such as wheelchairs, positive airway pressure and oral devices to treat obstructive sleep apnea.

The list of services that need prior approval may change periodically. To ensure your treatment or procedure is covered, call us at (808) 948-6464 for Oahu and (800) 344-6122 for Neighbor islands or visit our website at [www.hmsa.com/precert](http://www.hmsa.com/precert).

**Services and Supplies Which Require Precertification**

**When to Request Precertification**

If you are under the care of:

- An HMSA participating physician or contracting physician, he or she will:
  - Get approval for you; and
  - Accept any penalties for failure to get approval.
- A BlueCard PPO, BlueCard participating or nonparticipating provider you are responsible for getting the approval. If you do not get approval and get any of the services described in this chapter, benefits may be denied.

**How to Request Precertification**

Ask for precertification by writing or faxing us at:

HMSA  
P.O. Box 2001  
Honolulu, HI 96805-2001  
(808) 944-5611

If you would like to check on the status of the precertification, call your nearest HMSA office listed on the back cover of this Guide.

## Chapter 5: Precertification

### **Our Response to Your Non-Urgent Precertification Request**

If your request for precertification is not urgent, HMSA will respond to your request within a reasonable time that is appropriate to the medical circumstances of your case. We will respond within 15 days after we get your request. We may extend the time once for 15 days if we cannot respond to your request within the first 15 days and if it is due to circumstances beyond our control. If this happens, we will let you know before the end of the first 15 days. We will tell you why we are extending the time and the date we expect to have our decision. If we need more details from you or your provider, we will let you or your provider know and give you at least 45 days to provide it.

### **Our Response to Your Urgent Precertification Request**

Your precertification request is urgent if the time periods that apply to a non-urgent request:

- Could seriously risk your life or health or your ability to regain maximum function, or
- In the opinion of your treating physician, would subject you to severe pain that cannot be adequately managed without the care that is the subject of the request for precertification.

HMSA will respond to your urgent precertification request as soon as possible given the medical circumstances of your case. It will be no later than 72 hours after all information sufficient to make a determination is provided to us.

If you do not provide enough details for us to determine if or to what extent the care you request is covered, we will notify you within 24 hours after we get your request. We will let you know what details we need to respond to your request and give you a reasonable time to respond. You will have at least 48 hours to provide it.

### **Appeal of Our Precertification Decision**

If you do not agree with our precertification decision, you may appeal it. See *Chapter 8: Dispute Resolution*.

**About this Chapter**

Your health care coverage does not provide benefits for certain procedures, services or supplies that are listed in this chapter or limited by this chapter or Chapter 4. We divided this chapter with category headings. These category headings will help you find what you are looking for. Actual exclusions are listed across from category headings.

**Please note:** Even if a service or supply is not specifically listed as an exclusion in this chapter, there are more exclusions as described by the limitations in Chapter 4. If that service or supply is not specifically listed as an exclusion in this chapter or as a limitation exclusion in Chapter 4, it will not be covered unless:

- it is described in *Chapter 4: Description of Benefits*, and meets all of the criteria, circumstances or conditions described, and
- it meets all of the criteria described in *Chapter 1: Important Information under Questions We Ask When You Receive Care*.

If a service or supply does not meet the criteria described in Chapter 4, then it should be considered an exclusion or service that is not covered. This chapter should be read in conjunction with Chapter 4 in order to identify all items that are excluded from coverage.

If you are unsure if a specific procedure, service or supply is covered or not covered, please call us, and we will help you. We list our phone numbers on the back cover of this Guide.

**Counseling Services**

**Bereavement Counseling**

You are not covered for bereavement counseling or services of volunteers or clergy.

**Genetic Counseling**

You are not covered for genetic counseling, except as described in *Chapter 4: Description of Benefits* under *Testing, Laboratory, and Radiology* and *Special Benefits – Disease Management and Preventive Services* or as identified on the U.S. Preventive Services Task Force list of Grade A and B Recommendations. If you need more details about USPSTF recommended counseling, including a

current list of recommendations, please visit our website at [www.hmsa.com](http://www.hmsa.com) or call us at one of the phone numbers listed on the back of this Guide.

### Marriage or Family Counseling

You are not covered for marriage and family counseling or other training services, except as described in *Chapter 4: Description of Benefits*. See *Behavioral Health – Mental Health and Substance Abuse*.

### Sexual Orientation Counseling

You are not covered for *sexual orientation counseling*.

---

## Coverage Under Other Programs or Laws

### Military

You are not covered for treatment of an illness or injury related to military service when you get care in a hospital operated by an agency of the U.S. government. You are not covered for services or supplies that are needed to treat an illness or injury received while you are on active status in the military service.

### Payment Responsibility

You are not covered when someone else has the legal obligation to pay for your care, and when, in the absence of this coverage, you would not be charged.

### Third Party Reimbursement

You are not covered for services or supplies for an injury or illness caused or alleged to be caused by a third party and/or you have or may have a right to get payment or recover damages in connection with the illness or injury. You are not covered for services or supplies for an illness or injury for which you may recover damages or get payment without regard to fault. For more details about third party reimbursement, see *Chapter 9: Coordination of Benefits and Third Party Liability*.

---

## Dental, Drug, and Vision

### Dental Care

You are not covered for dental care under this health coverage except those oral surgery services listed in *Chapter 4: Description of Benefits* under *Surgical Services, Oral Surgery*. The following exclusions apply regardless of the symptoms or illnesses being treated:

- Orthodontics except as described in *Chapter 4: Description of Benefits* under *Other Medical Services and Supplies, Orthodontic Services to Treat Orofacial Anomalies*.
- Dental splints and other dental appliances.
- Dental prostheses.
- Maxillary and mandibular implants (osseointegration) and all related services.
- Removal of impacted teeth.
- Any other dental procedures involving the teeth, gums and structures supporting the teeth.
- Any services in connection with the treatment of TMJ (temporomandibular joint) problems or malocclusion of the teeth or jaws, except for limited medical services related to the initial diagnosis of TMJ or malocclusion.

### Drugs

You are not covered for:

- Drugs and supplies except as stated in *Chapter 4: Description of Benefits* under *Drugs and Supplies* and as identified on the U.S. Preventive Services Task Force list of Grade A and B Recommendations.
- Drugs from foreign countries.
- Replacement for lost, stolen, damaged, or destroyed drugs and supplies.

### Eyeglasses and Contacts

Except as described in *Chapter 4: Description of Benefits* under *Other Medical Services and Supplies, Vision and Hearing Appliances* you are not covered for:

- Exams for a fitting or prescription (including vision exercises).
- Frames including repair and replacement of frame parts and accessories.
- Lenses including:
  - Nonstandard items for lenses including tinting and blending.
  - Oversized lenses, and invisible bifocals or trifocals.
  - Telescopic lenses.
  - Low vision lenses.
  - Corrective low vision lenses.
- Nonprescription industrial safety goggles.

## Chapter 6: Services Not Covered

- Prescription inserts for diving masks or other protective eyewear.
- Sunglasses.

### Vision Services

You are not covered for:

- Refractive eye surgery to correct visual acuity problems.
- Replacement of lost, stolen or broken lenses, contact lenses or frames.
- Vision training.
- Aniseikonic studies and prescriptions.
- Reading problem studies or other procedures determined to be special or unusual.

---

### Fertility and Infertility

#### Contraceptives

You are not covered for contraceptives except as described in *Chapter 3: Summary of Benefits and Your Payment Obligations* and *Chapter 4: Description of Benefits* under *Special Benefits for Women and Drugs and Supplies*.

#### Infertility Treatment

Except as described in *Chapter 4: Description of Benefits* under *Special Benefits for Women*, you are not covered for services or supplies related to the treatment of infertility, including, but not limited to:

- Collection, storage and processing of sperm.
- Cryopreservation of oocytes, sperm and embryos.
- In vitro fertilization benefits when services of a surrogate are used.
- Cost of donor oocytes and donor sperm.
- Any donor-related services, including but not limited to collection, storage and processing of donor oocytes and donor sperm.
- Ovum transplants.

When to File Claims

When to File Claims

All participating and most nonparticipating providers in Hawaii file claims for you. If your nonparticipating provider does not file for you, please submit an itemized bill or receipt which lists the services you received. No payment will be made on any claim or itemized bill or receipt received by us more than one year after the last day on which you received services. If you have any questions after reading this section, please contact your personnel department, or call us. Our phone numbers appear on the back cover of this Guide.

How to File Claims

One Claim Per Person and Per Provider

File a separate claim for each covered family member and each provider. You should follow the same procedure for filing a claim for services received in- or out-of-state or out-of-country.

What Information You Must File

Subscriber Number

The subscriber number that appears on your member card.

Provider Statement

The provider statement must be from your provider. All services must be itemized. (Statements you prepare, cash register receipts, receipt of payment notices or balance due notices cannot be accepted.) Without the provider statement, claims are not eligible for benefits. It is helpful to us if the provider statement is in English on the stationery of the provider who performed the service. An accompanying English translation is acceptable.

- The provider statement must include:
• Provider's full name and address.
• Patient's name.
• Date(s) you received service(s).
• Date of the injury or start of illness.
• The charge for each service in U.S. currency.
• Description of each service.
• Diagnosis or type of illness or injury.
• Where you received the service (office, outpatient, hospital, etc.).
• If applicable, information about other health coverage you may have.

Phone Number

Please include a phone number where you can be reached during the day.

Signature

Make sure you sign the claim.

### Other Claim Filing Information

<b>Where to Send Claim</b>	Send your claim to the address listed on the back cover of this Guide.
<b>Keep a Copy</b>	<p>You should keep a copy of the information for your records.</p> <p>Information given to us will not be returned to you.</p>
<b>Report to Member</b>	<p>Once we get and process your claim, a report explaining your benefits will be provided. You may get copies of your report online through My Account on <a href="https://hmsa.com">hmsa.com</a> or by mail upon request. The <b>Report To Member</b> tells you how we processed the claim. It includes services performed, the actual charge, any adjustments to the actual charge, our eligible charge, the amount we paid, and the amount you owe.</p> <p>If we need more details to make a decision about your claim, need more time to review your claim due to circumstances beyond our control or deny your claim, this report will let you know within 15 days of receipt of written claims or 7 days of receipt of claims filed electronically. If we need more details, you will have at least 45 days to provide it. Otherwise, we will reimburse you within 30 days of receipt of written claims and 15 days from receipt of claims filed electronically.</p> <p>If, for any reason, you believe we wrongly denied a claim or coverage request, please call us for help. Our phone numbers appear on the back cover of this Guide. If you are not satisfied with the information you get, and you wish to pursue a claim for coverage, you may request an appeal. See <i>Chapter 8: Dispute Resolution</i>.</p>
<b>Cash or Deposit any Benefit Payment in a Timely Manner</b>	If a check is enclosed with your Report To Member, you must cash or deposit the check before the check's expiration date. If you ask us to reissue the expired check, there will be a service charge.

 If You Disagree with Our Appeal Decision and You are Enrolled in a Group Plan that is not Self Funded ..... 62  
 If You Disagree with Our Appeal Decision and You are Enrolled in a Self Funded Group Plan ..... 64

**Your Request for an Appeal**

**Writing Us to Request an Appeal**

If you wish to dispute a decision made by HMSA related to coverage, reimbursement, this Agreement, or any other decision or action by HMSA you must ask for an appeal. Your request must be in writing unless you are asking for an expedited appeal. We must get it within one year from the date of the action or decision you are contesting. In the case of coverage or reimbursement disputes, this is one year from the date we first informed you of the denial or limitation of your claim, or of the denial of coverage for any requested service or supply.

Send written requests to:

HMSA Member Advocacy and Appeals  
 P.O. Box 1958  
 Honolulu, HI 96805-1958

Or, send us a fax at (808) 952-7546 or (808) 948-8206

And, provide the information described in the section below labeled “What Your Request Must Include”. Requests that do not comply with the requirements of this chapter will not be recognized or treated as an appeal by us.

If you have any questions about appeals, you can call us at (808) 948-5090, or toll free at 1-800-462-2085.

**Appeal of Our Precertification Decision**

We will respond to your appeal as soon as possible given the medical circumstances of your case. It will be within 30 days after we get your appeal.

**Appeal of Any Other Decision or Action**

We will respond to your appeal within 60 calendar days after we get your appeal.

**Expedited Appeal**

You may ask for an expedited appeal if the time periods for appeals above may:

- Seriously risk your life or health,
- Seriously risk your ability to gain maximum functioning, or
- Subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the appeal.

You may request expedited external review of our initial decision if you have requested an expedited internal appeal and the adverse benefit determination involves a medical condition for which the completion of an expedited internal appeal would meet the requirements above. The process for requesting an expedited external review is discussed below.

You may ask for an expedited appeal by calling us at (808) 948-5090, or toll free at 1-800-462-2085.

## Chapter 8: Dispute Resolution

We will respond to your request for expedited appeal as soon as possible taking into account your medical condition. It will be no later than 72 hours after all information sufficient to make a determination is provided to us.

### Who Can Request an Appeal

Either you or your authorized representative may ask for an appeal. Authorized representatives include:

- Any person you authorize to act on your behalf as long as you follow our procedures. This includes filing a form with us. To get a form to authorize a person to act on your behalf, call us at (808) 948-5090, or toll free at 1-800-462-2085. (Requests for appeal from an authorized representative who is a physician or practitioner must be in writing unless you are asking for an expedited appeal.)
- A court appointed guardian or an agent under a health care proxy.
- A person authorized by law to provide substituted consent for you or to make health care decisions on your behalf.
- A family member or your treating health care professional if you are unable to provide consent.

### What Your Request Must Include

To be recognized as an appeal, your request must include all of this information:

- The date of your request.
- Your name and phone number (so we may contact you).
- The date of the service we denied or date of the contested action or decision. For precertification for a service or supply, it is the date of our denial of coverage for the service or supply.
- The subscriber number from your member card.
- The provider name.
- A description of facts related to your request and why you believe our action or decision was in error.
- Any other details about your appeal. This may include written comments, documents, and records you would like us to review.

You should keep a copy of the request for your records. It will not be returned to you.

### Information Available From Us

If your appeal relates to a claim for benefits or request for precertification, we will provide upon your request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim as defined by the Employee Retirement Income Security Act.

If our appeal decision denies your request or any part of it, we will provide an explanation, including the specific reason for denial, reference to the health plan terms on which our decision is based, a statement of your external review rights, and other information on our denial.

---

### If You Disagree with Our Appeal Decision and You are Enrolled in a Group Plan that is not Self Funded

If you are enrolled in a group plan that is not self funded and you would like to appeal HMSA's decision, you must do one of the following:

- Request review by an Independent Review Organization (IRO) selected by the Insurance Commissioner if you are appealing an issue of medical necessity, appropriateness, health care setting, level of care, or effectiveness; or a determination by HMSA that the service or treatment is experimental or investigational;
- For all other issues:
  - Request arbitration before a mutually selected arbitrator; or
  - File a lawsuit against HMSA under 29 USC 1132(a) unless your plan is one of the two bulleted types below in which case you must select arbitration:
    - A church plan as defined in 29 USC 2002(33) and no selection has been made in accord with 26 USC 410(d), or
    - A government plan as defined in 29 USC 1002(32).

## Chapter 8: Dispute Resolution

### Request Review by Independent Review Organization (IRO) Selected by the Insurance Commissioner

If you choose review by an IRO, you must submit your request to the Insurance Commissioner within 130 days of HMSA's decision on appeal to deny or limit the service or supply.

Unless you qualify for expedited external review of our appeal decision, before requesting review, you must have exhausted HMSA's internal appeals process or show that HMSA violated federal rules related to claims and appeals unless the violation was 1) de minimis; 2) non-prejudicial; 3) attributable to good cause or matters beyond HMSA's control; 4) in the context of an ongoing good-faith exchange of information; and 5) not reflective of a pattern or practice of non-compliance.

Your request must be in writing and include:

- A copy of HMSA's final internal appeal decision.
- A completed and signed authorization form releasing your medical records relevant to the subject of the IRO review. Copies of the authorization form are available from HMSA by calling (808) 948-5090, or toll free at 1-800-462-2085 or on [HMSA.com](http://HMSA.com).
- A complete and signed conflict of interest form. Copies of the conflict of interest form are available from HMSA by calling (808) 948-5090, or toll free at 1-800-462-2085 or on [HMSA.com](http://HMSA.com).
- A check for \$15.00 made out to the Insurance Commissioner. It will be refunded to you if the IRO overturns HMSA's decision. You are not required to pay more than \$60.00 in any calendar year.

You must send the request to the Insurance Commissioner at:

Hawaii Insurance Division  
ATTN: Health Insurance Branch – External Appeals  
335 Merchant Street, Room 213  
Honolulu, HI 96813  
Phone: (808) 586-2804

You will be informed by the Insurance Commissioner within 14 business days if your request is eligible for external review by an IRO.

You may submit more information to the IRO. It must be received by the IRO within 5 business days of your receipt of notice that your request is eligible. Information received after that date will be considered at the discretion of the IRO.

The IRO will issue a decision within 45 calendar days of the IRO's receipt of your request for review.

The IRO decision is final and binding except to the extent HMSA or you have other remedies available under applicable federal or state law.

### Expedited IRO Review

You may request expedited IRO review if:

- You have requested an expedited internal appeal at the same time and the timeframe for completion of an expedited internal appeal would seriously jeopardize your life, health, or ability to gain maximum functioning or would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the adverse determination;
- The timeframe for completion of a standard external review would seriously jeopardize your life, health, or ability to gain maximum functioning, or would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the adverse determination; or
- If the final adverse determination concerns an admission, availability of care, continued stay, or health care service for which you received emergency services; provided you have not been discharged from a facility for health care services related to the emergency services.

Expedited IRO review is not available if the treatment or supply has been provided.

The IRO will issue a decision as expeditiously as your condition requires but in no event more than 72 hours after the IRO's receipt of your request for review.

## Chapter 8: Dispute Resolution

### External Review of Decisions Regarding Experimental or Investigational Services

You may request IRO review of an HMSA determination that the supply or service is experimental or investigational.

Your request may be oral if your treating physician certifies, in writing, that the treatment or supply would be significantly less effective if not promptly started.

Written requests for review must include, and oral requests must be promptly followed up with, the same documents described above for standard IRO review plus a certification from your physician that:

- Standard health care services or treatments have not been effective in improving your condition;
- Standard health care services or treatments are not medically appropriate for you; or
- There is no available standard health care service or treatment covered by your plan that is more beneficial than the health care service or treatment that is the subject of the adverse action.

Your treating physician must certify in writing that the service recommended is likely to be more beneficial to you, in the physician's opinion, than any available standard health care service or treatment, or your licensed, board certified or board eligible physician must certify in writing that scientifically valid studies using accepted protocols demonstrate the service that is the subject of the external review is likely to be more beneficial to you than any available standard health care services or treatment.

The IRO will issue a decision as expeditiously as your condition requires but in no event more than 7 calendar days of the IRO's receipt of your request for review.

### Request Arbitration

If you choose arbitration, you must submit a written request for arbitration to HMSA, Legal Services, P.O. Box 860, Honolulu, Hawaii 96808-0860. Your request for arbitration will not affect your rights to any other benefits under this plan. You must have fully complied with HMSA's appeals procedures described above and we must get your request for arbitration within one year of the decision rendered on appeal. In arbitration, one person (the arbitrator) reviews the positions of both parties and makes the final decision to resolve the issue. No other parties may be joined in the arbitration. The arbitration is binding and the parties waive their right to a court trial and jury.

Before arbitration starts, both parties (you and we) must agree on the person to be the arbitrator. If we both cannot agree within 30 days of your request for arbitration, either party may ask the First Circuit Court of the State of Hawaii to appoint an arbitrator.

The arbitration hearing shall be in Hawaii. The rules of the arbitration shall be those of the Dispute Prevention and Resolution, Inc. to the extent not inconsistent with this *Chapter 8: Dispute Resolution*. The arbitration shall be conducted in accord with the Federal Arbitration Act, 9 U.S.C. §1 et seq., and such other arbitration rules as both parties agree upon.

The arbitrator will make a decision as quickly as possible and will give both parties a copy of this decision. The decision of the arbitrator is final and binding. No further appeal or court action can be taken except as provided under the Federal Arbitration Act.

HMSA will pay the arbitrator's fee. You must pay your attorney's or witness's fees, if you have any, and we must pay ours. The arbitrator will decide who will pay all other costs of the arbitration.

HMSA waives any right to assert that you have failed to exhaust administrative remedies because you did not select arbitration.

---

### If You Disagree with Our Appeal Decision and You are Enrolled in a Self Funded Group Plan

If you are enrolled in a self funded group plan and you would like review of HMSA's appeal decision, you must do one of the following:

## Chapter 8: Dispute Resolution

- Request review by an Independent Review Organization (IRO) selected by HMSA at random from a panel of three IROs;
- Request arbitration with your employer or group sponsor before a mutually selected arbitrator; or
- File a lawsuit against your employer or group sponsor under 29 USC 1132(a) unless your plan is one of the two bulleted types below in which case you must select review by an IRO or arbitration:
  - A church plan as defined in 29 USC 2002(33) and no selection has been made in accord with 26 USC 410(d), or
  - A government plan as defined in 29 USC 1002(32).

### Request Review by Independent Review Organization (IRO) Selected by HMSA

If you choose review by an IRO you must submit your request in writing within 130 days of HMSA's appeal decision to deny or limit the service or supply. Send written requests to:

HMSA Member Advocacy and Appeals  
P.O. Box 1958  
Honolulu, HI 96805-1958

Or, send us a fax at (808) 952-7546 or (808) 948-8206

Within 6 business days following the date of receipt of your request, we will notify you in writing whether your appeal is eligible for external review.

We will assign an IRO to review your appeal. The IRO will inform you of its decision within 45 days after the IRO received the assignment from us.

### Expedited Review by an IRO Selected by HMSA

You may request expedited external review if:

- The timeframe for completion of an expedited internal appeal would seriously jeopardize your life, health, or your ability to regain maximum functioning and you have filed an expedited internal appeal.
- The timeframe for completion of standard external review would seriously jeopardize your life, health, or your ability to regain maximum functioning.
- HMSA's internal appeal decision concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services and you have not been discharged from a facility.

Upon our determination that you meet the above criteria we will assign an IRO to review your appeal. The IRO will inform you of its decision as expeditiously as your condition or circumstances require but in no event more than 72 hours after it receives the assignment from us.

### Request Arbitration

If you choose arbitration, with your employer or group sponsor, you must submit a written request for arbitration to HMSA, Legal Services, P.O. Box 860, Honolulu, Hawaii 96808-0860. Your request for arbitration will not affect your rights to any other benefits under this plan. You must have fully complied with HMSA's appeals procedures described above and we must receive your request for arbitration within one year of the decision rendered on appeal. In arbitration, one person (the arbitrator) reviews the positions of both parties and makes the final decision to resolve the issue. No other parties may be joined in the arbitration. The arbitration is binding and the parties waive their right to a court trial and jury.

Before arbitration starts, both parties (you and your employer or group sponsor) must agree on the person to be the arbitrator. If you and your employer or group sponsor cannot agree within 30 days of your request for arbitration, either party may ask the First Circuit Court of the State of Hawaii to appoint an arbitrator.

The arbitration hearing shall be in Hawaii. The arbitration shall be conducted in accord with the Hawaii Uniform Arbitration Act, HRS Chapter 658A, and the rules of Dispute Prevention and Resolution, Inc., to the extent not inconsistent with this *Chapter 8: Dispute Resolution*, and such other arbitration rules as both parties agree upon. The arbitrator may hear and determine motions for summary disposition pursuant to HRS §658A-15(b). The arbitrator shall also hear and determine any challenges to the arbitration agreement and any disputes regarding whether a controversy is subject to an agreement to arbitrate. In order to make the arbitration hearing fair, expeditious and cost-effective, discovery by both parties shall be limited to requests for production of documents material to the claims or defenses in the arbitration. Limited depositions for use as evidence at the arbitration hearing may occur as authorized by HRS §658A-17(b).

## Chapter 8: Dispute Resolution

The arbitrator will make a decision as quickly as possible and will give both parties a copy of this decision. The decision of the arbitrator is final and binding. No further appeal or court action can be taken except as provided under the Hawaii Uniform Arbitration Act.

Your employer or group sponsor will pay the arbitrator's fee. You must pay your attorney's or witness's fees, if you have any, and your employer or group sponsor must pay theirs. The arbitrator will decide who will pay all other costs of the arbitration.

Your employer or group sponsor waives any right to assert that you have failed to exhaust administrative remedies because you did not select arbitration.

General Coordination Rules .....	68
Dependent Children Coordination Rules.....	68
If You Are Hospitalized When Coverage Begins.....	68
Motor Vehicle Insurance Rules .....	68
Medicare Coordination Rules.....	69
Third Party Liability Rules .....	70

### What Coordination of Benefits Means

#### Coverage that Provides Same or Similar Coverage

You may have other benefit coverage that provides benefits that are the same or similar to this plan.

When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits. When this plan is secondary, its benefits are determined after those of another plan and may be reduced when the combination of the primary plan's payment and this plan's payment exceed the Eligible Charge. As the secondary plan, this plan's payment will not exceed the amount this plan would have paid if it had been your only coverage. Also, when this plan is secondary, benefits will be paid only for those services or supplies covered under this plan.

If there is a benefit maximum under this plan, the service or supply for which payment is made by either the primary or the secondary plan shall count toward that benefit maximum. For example, this plan covers one well woman exam per calendar year, if this plan is secondary and your primary plan covers one well woman exam per calendar year, the exam covered under the primary plan will count toward the yearly benefit maximum and this plan will not provide benefits for a second exam within the calendar year. However, the first twenty days of confinement to an extended care facility that are paid in full by Medicare shall not count toward the benefit maximum.

#### What You Should Do

When you get services, you need to let us know if you have other coverage.

Other coverage includes:

- Group insurance.
- Other group benefit plans.
- Nongroup insurance.
- Medicare or other governmental benefits.
- The medical benefits coverage in your automobile insurance (whether issued on a fault or no fault basis).

You should also let us know if your other coverage ends or changes.

You will get a letter from us if we need more details. If you do not give us the details we need to coordinate your benefits, your claims may be delayed or denied.

To help us coordinate your benefits, you should:

- Inform your provider by giving him or her information about the other coverage at the time services are rendered, and
- Indicate that you have other coverage when you fill out a claim form by completing the appropriate boxes on the form.

## Chapter 9: Coordination of Benefits and Third Party Liability

**What We Will Do** Once we have the details about your other coverage, we will coordinate benefits for you. There are certain rules we follow to help us determine which plan pays first when there is other insurance or coverage that provides the same or similar benefits as this plan.

---

### General Coordination Rules

This section lists four common coordination rules. The complete text of our coordination of benefits rules is available on request.

<b>No Coordination Rules</b>	The coverage without coordination of benefits rules pays first.
<b>Member Coverage</b>	The coverage you have as an employee pays before the coverage you have as a spouse or dependent child.
<b>Active Employee Coverage</b>	The coverage you have as the result of your active employment pays before coverage you hold as a retiree or under which you are not actively employed.
<b>Earliest Effective Date</b>	When none of the general coordination rules apply (including those not described above), the coverage with the earliest continuous effective date pays first.

---

### Dependent Children Coordination Rules

<b>Birthday Rule</b>	For a child who is covered by both parents who are not separated or divorced and have joint custody, the coverage of the parent whose birthday occurs first in a calendar year pays first.
<b>Court Decree Stipulates</b>	For a child who is covered by separated or divorced parents and a court decree says which parent has health insurance responsibility, that parent's coverage pays first.
<b>Court Decree Does Not Stipulate</b>	For a child who is covered by separated or divorced parents and a court decree does not stipulate which parent has health insurance responsibility, then the coverage of the parent with custody pays first. The payment order for this dependent child is as follows: <ul style="list-style-type: none"><li>• Custodial parent.</li><li>• Spouse of custodial parent.</li><li>• Other parent.</li><li>• Spouse of other parent.</li></ul>
<b>Earliest Effective Date</b>	If none of these rules apply, the parent's coverage with the earliest continuous effective date pays first.

---

### If You Are Hospitalized When Coverage Begins

<b>If You are Hospitalized on the Effective Date of Coverage</b>	If you are an inpatient on the effective date of this coverage and you had other insurance or coverage that was not with us immediately prior to the effective date, we will work with your prior insurer or coverage to decide if our coverage will supplement the prior insurance or coverage. Please call us if this applies to you so that we can coordinate with your prior insurer or coverage. If you had coverage with us immediately prior to the effective date of this coverage, or if you had no other insurance or coverage immediately prior to the effective date, then our coverage terms for services related to the hospitalization will apply.
--	---

---

### Motor Vehicle Insurance Rules

<b>Automobile Coverage</b>	If your injuries or illness are due to a motor vehicle accident or other event for which we believe motor vehicle insurance coverage reasonably appears available under Hawaii Revised Statutes Chapter 431, Article 10C, then that motor vehicle coverage will pay before this coverage. You are responsible for any cost sharing payments required under such motor vehicle insurance coverage. We do not cover such cost sharing payments. Before we pay benefits under this coverage for an injury covered by motor vehicle insurance, you must give us a list of
----------------------------	---

## Chapter 9: Coordination of Benefits and Third Party Liability

medical expenses paid by the motor vehicle insurance. The list must show the date expenses were incurred, the provider of service, and the amount paid by the motor vehicle insurance. We will review the list of expenses to verify that the motor vehicle insurance coverage available under Hawaii Revised Statutes Chapter 431, Article 10C is exhausted. After it is verified, you are eligible for covered services in accord with this Guide to Benefits.

Please note that you are also subject to the Third Party Liability Rules at the end of this chapter if:

- your injury or illness is caused or alleged to have been caused by someone else and you have or may have a right to recover damages or receive payment in connection with the illness or injury, or
- you have or may have a right to recover damages or receive payment without regard to fault (other than personal injury protection coverage available under Hawaii Revised Statutes Chapter 431, Article 10C-103.5).

Any benefits paid by us in accord with this section or the *Third Party Liability Rules*, are subject to the provisions described later in this chapter under *Third Party Liability Rules*.

---

### Medicare Coordination Rules

#### Medicare as Secondary Payer

Since 1980, Congress has passed legislation making Medicare the secondary payer and group health plans the primary payer in a variety of situations. These laws apply only if you have both Medicare and employer group health coverage, and your employer has the minimum required number of employees as described in the following paragraphs. For more information, contact your employer or the Centers for Medicare & Medicaid Services.

#### If You are Age 65 or Older

If your group employs 20 or more employees and if you are age 65 or older and eligible for Medicare only because of your age, the coverage described in this plan will be provided before Medicare benefits as long as your employer or group health plan coverage is based on your status as a current active employee or the status of your spouse as a current active employee.

#### If You are Under Age 65 with Disability

If your employer or group employs 100 or more employees and if you are under age 65 and eligible for Medicare only because of a disability (and not ESRD), coverage under this plan will be provided before Medicare benefits as long as your group health plan coverage is based on your status as a current active employee or the status of your spouse as a current active employee or on the current active employment status of an individual for whom you are a dependent.

#### If You are Under Age 65 with End-Stage Renal Disease (ESRD)

If you are under age 65 and eligible for Medicare only because of ESRD (permanent kidney failure), coverage under this plan will be provided before Medicare benefits, but only during the first 30 months of your ESRD coverage. Then, the coverage described in this plan will be reduced by the amount that Medicare pays for the same covered services.

#### Dual Medicare Eligibility

If you are eligible for Medicare because of ESRD and a disability, or because of ESRD and you are age 65 or older, the coverage under this plan will be provided before Medicare benefits during the first 30 months of your ESRD Medicare coverage if this plan was primary to Medicare when you became eligible for ESRD benefits.

#### This Plan Secondary Payer to Medicare

If you receive services covered under both Medicare and this plan, and Medicare is allowed by law to be the primary payer, this plan will cover over and above what Medicare pays up to the Medicare approved charge not to exceed the amount this plan would have paid if it had been your only coverage. If you are entitled to Medicare benefits, we will begin paying benefits after all Medicare benefits (including lifetime reserve days) are exhausted.

If you get inpatient services and have coverage under Medicare Part B only or have exhausted your Medicare Part A benefits, we will pay inpatient benefits based on our eligible charge less any payments made by Medicare for Part B benefits (i.e., for inpatient lab, diagnostic and x-ray services).

Benefits will be paid after we apply any deductible you may have under this plan.

## Chapter 9: Coordination of Benefits and Third Party Liability

### Facilities or Providers Not Eligible or Entitled to Medicare Payment

When you get services at a facility or by a provider that is not eligible or entitled to reimbursement from Medicare, and Medicare is allowed by law to be the primary payer, we will limit payment to an amount that supplements the benefits that would have been payable by Medicare had the facility or provider been eligible or entitled to such payments, regardless of whether or not Medicare benefits are paid.

---

### Third Party Liability Rules

#### If You have Coverage Under Worker's Compensation or Motor Vehicle Insurance

If you have or may have coverage under worker's compensation or motor vehicle insurance for the illness or injury, please note:

- **Worker's Compensation Insurance.** If you have or may have coverage under worker's compensation insurance, such coverage will apply instead of the coverage under this Guide to Benefits. Medical expenses from injuries or illness covered under worker's compensation insurance are excluded from coverage under this Guide to Benefits.
- **Motor Vehicle Insurance.** If you are or may be entitled to medical benefits from your automobile coverage, you must exhaust those benefits first, before receiving benefits from us. Please refer to the section in this Chapter entitled "Motor Vehicle Insurance Rules" for a detailed explanation of the rules that apply to your automobile coverage.

#### What Third Party Liability Means

Third party liability is when you are injured or become ill and:

- The illness or injury is caused or alleged to have been caused by someone else and you have or may have a right to recover damages or get payment in connection with the illness or injury; or
- You have or may have a right to recover damages or get payment without regard to fault.

In such cases, any payment made by us on your behalf in connection with such injury or illness will only be in accord with the following rules.

#### What You Need to Do

Your cooperation is required for us to determine our liability for coverage and to protect our rights to recover our payments. We will provide benefits in connection with the injury or illness in accord with the terms of this Guide to Benefits only if you cooperate with us by doing the following:

- **Give Us Timely Notice.** You must give us timely notice in writing of each of the following:
  - your knowledge of any potential claim against any third party or other source of recovery in connection with the injury or illness;
  - any written claim or demand (including legal proceeding) against any third party or against other source of recovery in connection with the injury or illness; and
  - any recovery of damages (including any settlement, judgment, award, insurance proceeds, or other payment) against any third party or other source of recovery in connection with the injury or illness.
- To give timely notice, your notice must be no later than 30 calendar days after the occurrence of each of the events stated above.
- **Sign Requested Documents.** You must promptly sign and deliver to us all liens, assignments, and other documents we deem necessary to secure our rights to recover payments. You hereby authorize and direct any person or entity making or receiving any payment on account of such injury or illness to pay to us so much of such payment as needed to discharge your reimbursement obligations described above;
- **Provide Us Information.** You must promptly provide us any and all information reasonably related to our investigation of our liability for coverage and our determination of our rights to recover payments. We may ask you to complete an Injury/Illness report form, and provide us medical records and other relevant information;
- **Do Not Release Claims Without Our Consent.** You must not release, extinguish, or otherwise impair our rights to recover our payments, without our express written consent; and
- **Cooperate With Us.** You must cooperate to help protect our rights under these rules. This includes giving notice of our lien as part of any written claim or demand made against any third party or other source of recovery in connection with the illness or injury.

## Chapter 9: Coordination of Benefits and Third Party Liability

Any written notice required by these Rules must be sent to:

HMSA  
Attn: 8 CA/Other Party Liability  
P.O. Box 860  
Honolulu, Hawaii 96808-0860

If you do not cooperate with us as described above, your claims may be delayed or denied. We shall be entitled to reimbursement of payments made on your behalf to the extent that your failure to cooperate has resulted in erroneous payments of benefits or has prejudiced our rights to recover payments.

### **Payment of Benefits Subject to Our Right to Recover Our Payments**

If you have complied with the rules above, we will pay benefits in connection with the injury or illness to the extent that the medical treatment would otherwise be a covered benefit payable under this Guide to Benefits. However, we shall have a first-priority right to subrogation and reimbursement for any benefits we provide, from any recovery received from or on behalf of any third party or other source of recovery in connection with the injury or illness, including, but not limited to, proceeds from any:

- Settlement, judgment, or award;
- Motor vehicle insurance (other than personal injury protection benefits) including liability insurance or your underinsured or uninsured motorist coverage;
- Workplace liability insurance;
- Property and casualty insurance;
- Medical payments coverage under any automobile policy, premises or homeowners' medical payments coverage or premises or homeowner's insurance coverage;
- Medical malpractice coverage; or
- Any other payments from a source intended to compensate you for injuries resulting from an accident or alleged negligence.

As used herein, the term "Third Party," means any party that is, or may be, or is claimed to be responsible for illness or injuries to you. Such illness or injuries are referred to as "Third Party Injuries". "Third Party" includes any party responsible for payment of expenses associated with the care of treatment of Third Party Injuries.

If this plan pays benefits under this Guide to Benefits to you for expenses incurred due to Third Party Injuries, then the Plan retains the right to repayment of the full cost of all benefits provided by this plan on your behalf that are associated with the Third Party Injuries.

By accepting benefits under this plan, you specifically acknowledge the Plan's right of subrogation. In the event you suffer injuries for which a Third Party is responsible (such as someone injuring you in an accident), and the Plan pays benefits as a result of those injuries, the Plan will be subrogated and succeed to the right of recovery against such Third Party to the extent of the benefits the Plan has paid. This means that the Plan has the right, independently of you, to proceed against the Third Party responsible for your injuries to recover the benefits the Plan has paid. In order to secure the Plan's recovery rights, you agree to assign to the Plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the Plan's subrogation and reimbursement claims. This assignment allows the Plan to pursue any claim you may have, whether or not you choose to pursue the claim.

By accepting benefits under this plan, you also specifically acknowledge the Plan's right of reimbursement. This right of reimbursement attaches when this plan has paid health care benefits for expenses incurred due to Third Party Injuries and you or your representative has recovered any amounts from a Third Party. By providing any benefit under this Guide to Benefits, the Plan is granted an assignment of the proceeds of any settlement, judgment or other payment received by you to the extent of the full cost of all benefits provided by this plan. The Plan's right of reimbursement is cumulative with and not exclusive of the Plan's subrogation right and the Plan may choose to exercise either or both rights of recovery.

We shall have a first lien on such recovery proceeds, up to the amount of total benefits we pay or have paid related to the injury or illness. You must reimburse

## Chapter 9: Coordination of Benefits and Third Party Liability

us for any benefits paid, even if the recovery proceeds obtained (by settlement, judgment, award, insurance proceeds, or other payment):

- Do not specifically include medical expenses;
- Are stated to be for general damages only;
- Are for less than the actual loss or alleged loss suffered by you due to the injury or illness;
- Are obtained on your behalf by any person or entity, including your estate, legal representative, parent, or attorney;
- Are without any admission of liability, fault, or causation by the third party or payor.

No court costs or attorney fees may be deducted from our lien.

Our lien will attach to and follow such recovery proceeds even if you distribute or allow the proceeds to be distributed to another person or entity. Our lien may be filed with the court, any third party or other source of recovery money, or any entity or person receiving payment regarding the illness or injury.

If we are entitled to reimbursement of payments made on your behalf under these rules, and we do not promptly receive full reimbursement pursuant to our request, we shall have a right to set-off from any future payments payable on your behalf under this Guide to Benefits.

Our rights of reimbursement, lien, and subrogation described above, are in addition to all other rights of equitable subrogation, constructive trust, equitable lien and/or statutory lien we may have for reimbursement of these payments. All of these rights are preserved and may be pursued at our option against you or any other appropriate person or entity.

For any payment made by us under these rules, you are still responsible for your copayments, deductibles, timeliness in submission of claims, and other obligations under this Guide to Benefits.

Nothing in these Third Party Liability Rules shall limit our ability to coordinate benefits as described in this Chapter.

**Eligibility for Coverage**

**When You are Eligible for Coverage**

You may enroll in this coverage when you are first eligible according to your employer's rules for eligibility. If you do not enroll in this coverage when you first become eligible or by the first day of the month immediately following the first four consecutive weeks of employment, you will not be eligible to enroll until the next open enrollment period. *Open Enrollment* happens once a year. However, if we agree that there was unusual and justifiable cause for submitting your enrollment form late, you may enroll sooner.

**Categories of Coverage**

There are different categories of coverage you may hold.

- With single coverage, you the member, are the only one covered.
- With family coverage, you the member, and your spouse, and each of your eligible, dependent children have coverage. Each covered family member must be listed on the member's enrollment form or added later as a new dependent.

**Enrollment Process**

You must enroll your spouse or child(ren) by naming him or her on the enrollment form or other form and submitting it within 31 days of the date the spouse or child becomes eligible. If you do not enroll within this time frame, you may enroll at the next open enrollment period. Open enrollment takes place once a year.

If you decline enrollment in this plan for yourself or your dependents (including your spouse) because of other health plan coverage, you may be able to enroll yourself or your dependents in this plan at a later date if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). You must enroll by complying with our usual enrollment process within 31 days after the other coverage ends (or after the employer stops contributing toward the other coverage).

**What You Should Know about Enrolling Your Child(ren)**

In general, you may enroll a child if the child meets all of these requirements:

- The child is your son, daughter, stepson or stepdaughter, your legally adopted child or a child placed with you for adoption, a child for whom you are the court-appointed guardian, or your eligible foster child (defined as an individual who is placed with you by an authorized placement agency or by judgment, decree, or other court order).
- The child is under 26 years of age.

Also, you may enroll children who meet all of the criteria in one of these categories:

- Children with Special Needs

## Chapter 10: General Provisions

### • Children Who Are Newborns or Adopted.

#### Children with Special Needs

You may enroll your child if he or she is disabled by providing us with written documentation acceptable to us demonstrating that:

- Your child is incapable of self-sustaining support because of a physical or mental disability.
- Your child's disability existed before the child turned 26 years of age.
- Your child relies primarily on you for support and maintenance as a result of his or her disability.

You must provide this documentation to us within 31 days of the child's 26th birthday, or anticipated enrollment with HMSA, and subsequently at our request but not more frequently than annually.

#### Children Who are Newborns or Adopted

You may enroll a newborn or adopted child, effective as of the date listed below, if you comply with the requirements described below and enroll the child in accord with our usual enrollment process:

- The birth date of a newborn, providing you comply with our usual enrollment process within 31 days of the child's birth.
- The date of adoption, providing you comply with our usual enrollment process within 31 days of the date of adoption.
- The birth date of a newborn adopted child, providing we get notice of your intent to adopt the newborn within 31 days of the child's birth.
- The date the child is placed with you for adoption, providing we get notice of the placement within 31 days of the placement. Placement occurs when you assume a legal obligation for total or partial support of the child in anticipation of adoption.

#### Qualified Medical Child Support Order (QMCSO)

Qualified Medical Child Support Orders or QMCSOs are court orders that meet certain federal guidelines and require a person to provide health benefits coverage for a child. Claims for benefits for a child covered by a Qualified Medical Child Support Order may be made by any of the following:

- The child.
- The child's custodial parent.
- The child's court-appointed guardian.
- Any benefits otherwise payable to the member with respect to any such claim shall be payable to the child's custodial parent or court-appointed guardian.

If you would like more information about how HMSA handles QMCSOs, you may call HMSA's Customer Service. Our phone number is listed on the back cover of this Guide.

---

### When Coverage Begins

#### When You are Eligible to Receive Benefits

This coverage takes effect and you are eligible for benefits on your effective date, as long as:

- Your initial dues were paid; and
- We accepted your enrollment form and gave you written notice of your effective date.

---

### When Coverage Ends

#### Reasons for Coverage Termination

Unless prohibited by state or federal law, your coverage will end at the end of the month in which any of these take place:

- You choose to end this coverage. In this case, you must provide written notice of your intent to terminate 30 days before the termination date.
- You or your employer or group sponsor fails to make payments to us when due, or your employer or group sponsor decides to discontinue this coverage, and we have given 10-days advance written notice to your employer and the Director of the Hawaii Department of Labor and Industrial Relations.
- Your employer or group sponsor decides to replace this coverage with another coverage and there is no lapse in coverage.

## Chapter 10: General Provisions

- We end our agreement with your employer or group sponsor, and we have given 10-days advance written notice to your employer and the Director of the Hawaii Department of Labor and Industrial Relations.
- For *the member*, upon your retirement, termination of employment, severance from the group, or termination of this Agreement.
- For *the member's spouse*, upon your termination of coverage or upon the dissolution of the marriage.
- For *the member's children* when any of the following occurs:
  - The member's coverage ends; or
  - The child fails to meet the criteria outlined earlier in this chapter under *What You Should Know about Enrolling Your Child(ren)*.

### Notifying Us When Your Child's Eligibility Ends

You must inform us, in writing, if a child no longer meets the eligibility requirements. You must notify us on or before the first day of the month following the month the child no longer meets the requirements. For example, let's say that your child turns 26 on June 1. You would need to notify us by July 1.

If you fail to inform us that your child is no longer eligible, and we make payments for services on his or her behalf, you must reimburse us for the amount we paid.

### Termination for Fraud

Your eligibility for coverage will end if you or your employer use this coverage fraudulently or intentionally misrepresent or conceal material facts on your enrollment form or in any claim for benefits.

If we determine that you or your employer has committed fraud or made an intentional misrepresentation or concealment of material facts, we will provide you written notice 30 days prior to termination of your coverage. During that time, you have a right to appeal our determination of fraud or intentional misrepresentation. For more details on your appeal rights, see *Chapter 8: Dispute Resolution*.

If your coverage is terminated for fraud, intentional misrepresentation, or the concealment of material facts:

- We will not pay for any services or supplies provided after the date the coverage is terminated.
- You agree to reimburse us for any payments we made under this coverage.
- We will retain our full legal rights. This includes the right to initiate a civil action based on fraud, concealment, or misrepresentation.

---

### Continued Coverage

#### Continued Coverage Under Federal Law - COBRA Rights

When your coverage ends under this Agreement you may have the opportunity to continue your group coverage for a limited time under the Consolidated Omnibus Budget Reconciliation Act (COBRA). The act applies to employers with 20 or more employees.

#### Qualifying Events

COBRA entitles you and your eligible dependents, if already covered, to continue this coverage if coverage is lost due to any of the following qualifying events:

- Employer or group sponsor from whom you retired files bankruptcy under federal law.
- Death of the employee covered under this coverage.
- Divorce or legal separation.
- Child no longer meets our eligibility rules.
- Enrollment in Medicare.
- Termination of employment for reasons other than gross misconduct, or if your work hours are reduced to the point that you are no longer eligible for coverage.

Please note that dependents covered as domestic partners are not eligible for COBRA coverage.

## Chapter 10: General Provisions

If you lose your coverage, contact your employer or group sponsor immediately. You are entitled to receive a COBRA election form within 44 days if the qualifying event is a termination of employment or reduction in hours. If the qualifying event is divorce, legal separation, or a child ceasing to be a dependent child, the form and notice must be provided to you within 14 days after you notify your employer of the event.

**Please note:** You or your spouse is responsible for notifying your employer or group sponsor of your divorce or legal separation, or if a child loses eligibility status under our rules for coverage.

If you or your spouse believes you have had a qualifying event and you have not received your COBRA election form on a timely basis, please contact your employer.

### Payment of COBRA Premiums

If you or your dependents are entitled to and elect COBRA continuation coverage, you must pay your employer the premiums for the continuing coverage that may be up to 102% of the full cost of the coverage. In the case of a disabled individual whose coverage is being continued for 29 months, you or your dependents may be required to pay up to 150% of the full cost of the coverage for any month after the 18<sup>th</sup> month.

Within 45 days of the date you elect COBRA coverage you must pay an initial COBRA premium to cover from the date of your qualifying event to the date of your election. You will be notified of the amount of the premiums you must pay thereafter. If you fail to make the initial payment or any subsequent payment in a timely fashion (a 30 days grace period applies to late subsequent payments), your COBRA coverage will terminate.

### What You Must Do

If you wish to continue your coverage, you must complete an election form and submit it to your employer within 60 days of the later of the date:

- You are no longer covered; or
- You are notified of the right to elect COBRA continuation coverage.

You or your dependents must notify your employer in the following circumstances:

- If coverage for you or your dependents is being continued for 18 months under COBRA and it is determined under Title XVI of the Social Security Act that you or your dependent was disabled on the date of, or within 60 days of, the event which would have caused coverage to terminate, then you or your dependent must notify your employer of such determination. Notice must be provided within 60 days of the determination of disability. Notice must also be given within 30 days of any notice that you or your dependent is no longer disabled.
- If coverage for a dependent would terminate due to your divorce, a legal separation, or the dependent's ceasing to be a dependent under this plan, then you or your dependent must provide notice to your employer of the event. This notice must be given within 60 days after the later of the occurrence of the event or the date coverage would terminate due to the occurrence of the event.

If notice is not provided on time, COBRA coverage will not be available to you or your dependents.

### Adding Your Child

If during the period of COBRA coverage, a child is born to you or placed with you for adoption and you are on COBRA because you terminated employment or had a reduction in hours, the child can be covered under COBRA and can have election rights of his or her own. Please be aware that dependent children of domestic partners are not eligible for COBRA continuation coverage.

### Length of Coverage Under COBRA

Continuation coverage ends at the earliest of one of these events:

- The last day of the 18-, 29-, or 36-month maximum coverage period, whichever is applicable. If you or any of your dependents who has elected COBRA coverage is determined to be disabled under the Social Security Act during the first 60 days of continuation coverage, your COBRA coverage may continue for up to 29 months. The 29-month period will apply to you and your eligible dependents who elected COBRA coverage. You must provide notice of the disability determination to your employer within 60 days after the determination.

## Chapter 10: General Provisions

- The first day (including grace periods, if applicable) on which timely payment is not made by you.
- The date on which the employer ceases to maintain any group health plan (including successor plans).
- The date the qualified beneficiary enrolls in Medicare benefits. **Qualified Beneficiary** means, with respect to a covered employee under a group health plan, any other individual who, on the day before the qualifying event for that employee, is a beneficiary under the plan:
  - as the spouse of the covered employee; or
  - as the dependent child of the covered employee.
- The first day on which a beneficiary is actually covered by any other group health plan. However, if the new group health plan contains an exclusion or limitation relating to any preexisting condition of the beneficiary, then coverage will end on the earlier of the satisfaction of the waiting period for preexisting conditions contained in the new group health plan, or the occurrence of any one of the other events stated in this chapter.

If the new group health plan contains a preexisting condition exclusion, the preexisting condition exclusion period will be reduced by the qualified beneficiary's preceding aggregate periods of creditable coverage (if any). The creditable coverage is applicable to the qualified beneficiary as of the enrollment date in the new group health plan as long as there has been no interruption of coverage longer than 63 days. Creditable Coverage means any of the following:

- A group health plan.
- Health insurance coverage.
- Part A or B of Medicare.
- Medicaid.
- Chapter 55 of Title 10, United States Code.
- A medical care program of the Indian Health Service or of a tribal organization.
- A state health benefits risk pool.
- A health plan offered under Chapter 89 of Title 5, United States Code.
- A public health plan as defined in government regulations.
- A health benefit plan under section 5(e) of the Peace Corps Act.

You may request a certificate of creditable coverage by calling HMSA Customer Service. Our phone number is listed on the back cover of this Guide.

### Other Continuation Coverage

If you are not eligible for COBRA coverage, you may be eligible for one of HMSA's individual payment plans. Please call us for more information.

### Continued Coverage if Member Dies

Upon the death of a member, his or her spouse, if not eligible for group coverage, may become a member under an individual payment plan. In this case, all dependent children of such deceased member may continue to be enrolled as though they were dependents of such new member.

### Continued Coverage if You have Medicare

When you are no longer eligible for this coverage and are enrolled in Medicare Parts A and B, you may be eligible to enroll in another HMSA plan. If you would like more information, call us at the number listed on the back cover of this Guide.

### Confidential Information

Your medical records and information about your care are confidential. HMSA does not use or disclose your medical information except as allowed or required by law. You may need to provide information to us about your medical treatment or condition. In accordance with law, we may use or disclose your medical information (including providing this information to third parties) for the purpose of payment activities and health care operations such as:

- quality assurance;
- disease management;
- provider credentialing;
- administering the plan;
- complying with government requirements; and
- research or education.

### Dues and Terms of Coverage

<b>Dues</b>	<p>You or your employer or group sponsor must pay us on or before the first day of the month in which benefits are to be provided. We have the right to change the monthly dues after 30 days written notice to your employer or group sponsor. HMSA will accept dues payments directly from:</p> <ul style="list-style-type: none"><li>• you,</li><li>• your employer or group sponsor,</li><li>• your family,</li><li>• government programs,</li><li>• Ryan White HIV/AIDS programs,</li><li>• Native American tribal organizations and/or governments, and religious institutions and other not-for-profit organizations where the following criteria is met:<ul style="list-style-type: none"><li>– The assistance is provided on the basis of the insured’s financial need;</li><li>– The organization is not a healthcare provider; and</li><li>– The organization is financially disinterested (i.e., the organization does not receive funding from an entity that has a pecuniary interest in the payment of health insurance claims and/or benefits).</li></ul></li></ul> <p>In accordance with applicable law and regulatory guidance, HMSA declines dues payments from third-parties not included above. Notwithstanding the above, HMSA will not decline dues payments from third-parties for payments of dues for COBRA group health plan continuation coverage. Upon termination of a member’s COBRA continuation coverage, and subsequent re-enrollment in other (non-COBRA) HMSA coverage, the general prohibition on third-party payments described above will apply.</p>
<b>Timely Payment</b>	<p>If you or your employer or group sponsor fail to pay monthly dues on or before the due date, we may end coverage, unless all dues are brought current within 10 days of our written notice of default to your employer or group sponsor and the state of Hawaii Department of Labor and Industrial Relations. We are not liable for benefits for services received after the termination date. This includes benefits for services you receive if you are enrolled in this coverage under the provisions of the:</p> <ul style="list-style-type: none"><li>• Consolidated Omnibus Budget Reconciliation Act (COBRA)</li><li>• Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA)</li></ul>
<b>Terms of Coverage</b>	<p>By submitting the enrollment form, you also accept and agree to the provisions of our constitution and bylaws now in force and as amended in the future. You also appoint your employer or group as your administrator for dues payment and for sending and receiving all notices to and from HMSA concerning the plan.</p>
<b>Authority to Terminate, Amend, or Modify Coverage</b>	<p>Your employer or group sponsor has the authority to modify, amend, or end this coverage at any time. If your employer or group sponsor ends this coverage, you are not eligible to receive benefits under this coverage after the termination date. Any amendment or modification proposed by your employer or group sponsor must be in writing and accepted by us in writing.</p> <p>We have the authority to modify the Agreement as long as we give 30 days prior written notice to your employer or group sponsor regarding the modification.</p>
<b>Governing Law</b>	<p>To the extent not superseded by the laws of the U.S., this coverage will be construed in accord with and governed by the laws of the state of Hawaii. Any action brought because of a claim against this coverage will be litigated, arbitrated, or otherwise resolved in the state of Hawaii and in no other.</p>
<b>Payment in Error</b>	<p>If for any reason we make payment under this coverage in error, we may recover the amount we paid.</p>
<b>Notice Address</b>	<p>You may send any notice required by this chapter to:</p> <p><b>HMSA P.O. Box 860 Honolulu, Hawaii 96808-0860</b></p>

## Chapter 10: General Provisions

Any notice from us will be acceptable when addressed to you at your address as it appears in our records.

### ERISA Information

The Employee Retirement Income Security Act of 1974 (ERISA) provides that you will be entitled to:

- Examine all plan documents and copies of documents (such as annual reports) filed by the plan with the United States Department of Labor. You may examine these documents without charge at the plan administrator's office or at specified locations.
- Get copies of plan documents from the plan administrator upon written request. The plan administrator may request a reasonable charge for the copies.
- Receive a summary of the plan's annual financial report if your employer or group sponsor has 100 or more participants in your plan. The plan administrator is required by law to furnish you with a copy of this summary annual report.

In addition to creating rights for you and other participants, ERISA imposes duties upon the people responsible for the operation of your employee benefit plan. The people responsible are called fiduciaries of the plan. Fiduciaries have a duty to operate your employee benefit plan prudently and in the interest of you and your family members. HMSA and the plan administrator (your employer or group sponsor), are fiduciaries under this Agreement; however, HMSA's duties are limited to those described in this Agreement, and the plan administrator is responsible for all other duties under ERISA. No one, including your employer, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from getting a covered benefit or exercising your rights under ERISA. In general, federal law prohibits health plans from restricting benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a normal vaginal delivery, or less than 96 hours following a cesarean section. Plans may require authorization for lengths of stay in excess of these time parameters. If your claim for a covered benefit is denied in whole or in part, you must receive a written explanation of the reason for the denial. You have the right to request an appeal and reconsideration of your claim. Under ERISA, there are steps you can take to enforce the above rights.

For instance, if you request plan documents from the plan administrator and do not receive it within 30 days, a federal court may require the plan administrator to provide the materials and pay you up to \$110 a day until you receive the document, unless the document was not sent because of matters reasonably beyond the control of the plan administrator.

If you have a claim for benefits that is denied or ignored (in whole or in part), you may file suit in a state or federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person or entity you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous. If you have any questions about your plan, you should contact the plan administrator, i.e., your employer or group sponsor. If you have questions about this statement or about your rights under ERISA, you should contact the nearest Area Office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your phone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, NW, Washington, D.C. 20010.

**CHAPTER**  
**11**

<b>Accidental Injury</b>	An injury, separate from a disease or bodily infirmity of any other cause, that happens by chance and needs medical care right away.
<b>Actual Charge</b>	The amount a provider bills for a covered service or supply.
<b>Acute Care</b>	Inpatient 24-hour hospital care that needs physician and nursing care on a minute-to-minute, hour-to-hour basis.
<b>Admission</b>	The formal acceptance of a patient into a facility for medical, surgical, or obstetric care.
<b>Advance Care Planning</b>	Advance care planning (ACP) prepares members in the event they become very sick. Members discuss with their doctor what matters most to them and document the desired care. ACP becomes important when a member cannot communicate decisions.
<b>Agreement</b>	The document made up of: <ul style="list-style-type: none"> <li>• This Guide to Benefits;</li> <li>• Any riders or amendments;</li> <li>• The enrollment form submitted to us; and</li> <li>• The Agreement between us and your employer or group sponsor.</li> </ul>
<b>Alcohol Dependence</b>	Any use of alcohol that produces a pattern of pathological use that causes impairment in social or occupational functions or produces physiological dependence evidenced by physical tolerance or withdrawal.
<b>Allogeneic Transplant</b>	Transplant in which the tissue or organ for a transplant is obtained from someone other than the person receiving the transplant.
<b>Ambulance Service</b>	Air or ground emergency transport to a hospital.
<b>Ambulatory Surgical Center</b>	A facility that provides surgical services on an outpatient basis for patients who do not need an inpatient, acute care hospital bed.
<b>Ancillary Services</b>	Facility charges other than room or board. For example, charges for inpatient drugs and biologicals, dressings, or medical supplies.
<b>Anesthesia</b>	The use of anesthetics to produce loss of feeling or consciousness, usually with medical treatment such as surgery.
<b>Annual Copayment Maximum</b>	The maximum deductible and copayment amounts you pay in a calendar year. Once you meet the copayment maximum you are no longer responsible for deductible or copayment amounts unless otherwise noted.
<b>Applied Behavior Analysis</b>	The design, implementation, and evaluation of environmental modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including the use of:

## Chapter 11: Glossary

- direct observation,
- measurement, and
- functional analysis of the relations between environment and behavior.

<b>Arbitration</b>	When one person (an arbitrator) reviews the positions of two parties who have a dispute and makes a decision to end the dispute.
<b>Assisting Surgeon</b>	A physician who actively assists the physician in charge during a surgical procedure.
<b>Autologous Transplant</b>	Transplant in which the tissue or organ for a transplant is obtained from the person receiving the transplant.
<b>Benefit Maximum</b>	A limit that applies to a specified covered service or supply. A service or supply may be limited by duration or the number of visits. The maximum may apply per service or calendar year.
<b>Benefits</b>	Services and supplies that are medically necessary and qualify for payment under this coverage.
<b>Bereavement Services</b>	Services that focus on healing from emotional loss.
<b>Biofeedback</b>	A technique in which a person uses information about a normally unconscious bodily function, such as blood pressure, to gain conscious control over that function. The condition to be treated must be a normally unconscious physiological function. A device or feedback monitoring equipment (i.e., external feedback loop) must be used to treat the condition. The purpose of treatment is to exert control over that physiological function.
<b>Biological Products</b>	Biological products, or biologics, are medical products. Many products are made from a variety of natural sources (i.e., human, animal, or microorganism). It may be produced by biotechnology methods and other cutting-edge technologies. Like drugs, some biologics are intended to treat diseases and medical conditions. Other products are used to prevent or diagnose diseases. Examples may include: <ul style="list-style-type: none"><li>• Vaccines.</li><li>• Blood and blood products for transfusion and /or manufacturing into other products.</li><li>• Allergenic extracts that are used for both diagnosis and treatment, i.e., allergy shots.</li><li>• Human cells and tissues used for transplantation (e.g., tendons, ligaments and bones).</li><li>• Gene therapies.</li><li>• Cellular therapies.</li><li>• Tests to screen potential blood donors for infectious agents such as HIV.</li></ul>
<b>Biological Therapeutics and Biopharmaceuticals</b>	Any biology-based therapeutics that structurally mimic compounds found in the body. This includes: <ul style="list-style-type: none"><li>• recombinant proteins,</li><li>• monoclonal and polyclonal antibodies,</li><li>• peptides,</li><li>• antisense oligonucleotides,</li><li>• therapeutic genes, and</li><li>• certain therapeutic vaccines.</li></ul>
<b>Biosimilar Product</b>	A biological product that is FDA-approved based on a showing that it is highly similar to an already FDA-approved reference product. It has no clinically meaningful differences in terms of safety and effectiveness from the reference product. Only minor differences in clinically inactive components are allowable in biosimilar products.

## Chapter 11: Glossary
