F.A.Q.

1

WHO IS ELIGIBLE FOR BENEFITS?

Full-time employees who work at least 30 hours per week are eligible to participate in our health benefits program.

2

WHEN DOES MY COVERAGE START?

Coverage for new hires, or newly eligible employees, begins on the first of the month following 60 days. Coverage for elections made during our annual open enrollment period begins January 1.

3

WHO CAN I ENROLL ON MY PLANS?

Qualified dependents include your spouse or domestic partner, children up to age 26, and disabled children over the age of 26.

4

CAN I MAKE CHANGES TO MY ELECTIONS?

Outside of your initial eligibility window and the open enrollment period, you may only make changes to your elections if you experience a qualifying life event such as having a baby, getting married/divorced, or losing/gaining access to other coverage.

5

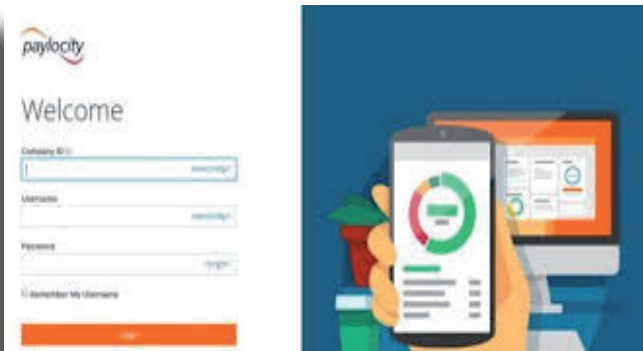

WHAT HAPPENS IF I HAVE A CHANGE IN STATUS?

If you change to part-time status or leave the company, your medical, dental, and vision plans will terminate at the end of the month following your last day worked. Participation in the Flexible Spending Accounts and life insurance will end on your last day. You may be able to port or convert your life insurance coverage.

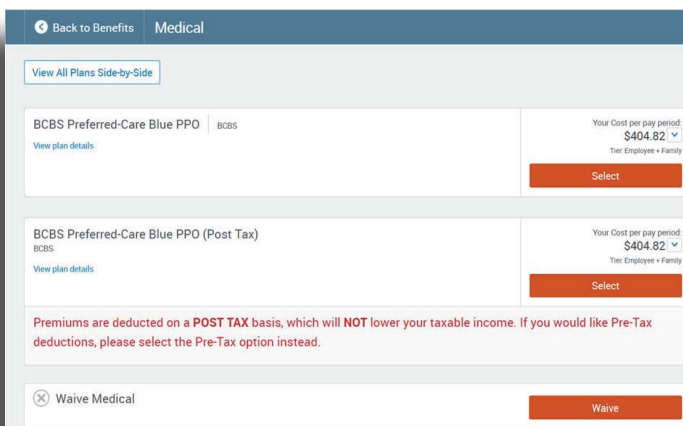

Enrolling in benefits....

Review your benefits

Review your benefit options and make your selections. Remember, your choices will be locked until the end of the plan year unless you have a qualifying event. This rule applies even if you waived coverage.

Paylocity - Online Enrollment

Once You've Reviewed All Your Selections:

I understand that the choices I've made are in effect for one full benefit plan year and cannot be changed until the next enrollment period unless I have a qualified status change. If I do have a qualified family status change, I have 30 days from the date of the life event to make changes to my benefit plans, and that I may be required to furnish proof of the event and/or be asked to furnish evidence of insurability for my eligible dependents or myself. Finally, I authorize payroll deductions, if required, for my contributions in the cost of the coverage I have selected.

I agree, and I'm finished with my enrollment.

After you complete your enrollment selections and are ready to finalize your plans, read the agreement and check the acknowledgement statement.

Your enrollment is complete!

 You may make changes to your elections until: **November 21, 2019**

You have completed your enrollment. Click the picture of a printer to create a printer friendly copy of your Confirmation Statement for your records or email yourself a copy of the Statement. If you would like to make changes to your enrollment, you are able to do so from returning to your home page. From your home page, while you are still within your enrollment window, you can click on the Enrollment Complete button to make any changes needed before your window closes.

Your Confirmation Statement is ready

Your Confirmation Statement is an overview of your new benefits and costs for your review and records.

Submit your final elections

Make your elections by the 15th of the month before your coverage start date. If you submit your enrollment after this deadline, the processing of your elections and your receipt of corresponding plan ID cards may be delayed.

What is a Health Savings Account (HSA)?

A Health Savings Account (HSA) is a tax-advantaged personal bank account that you own and manage. It's designed to allow you to set aside money through pre-federal tax payroll deductions to pay for eligible medical expenses with tax-free dollars. If you are enrolled in an HSA compatible medical plan, you may be eligible for a HSA.

Who is eligible for a HSA / who can make contributions into a HSA?

- You must be enrolled in a HSA compatible medical plan, such as those offered here, to make contributions into an HSA.
- You cannot be enrolled or covered in another non-qualified health plan, including your spouse's non-HSA compatible medical plan or a Health Care FSA.
- You cannot be enrolled in Medicare, Tricare, or VA Benefits.
- You cannot be claimed as a dependent on someone else's tax return.

Once contributions are made into your HSA the funds are yours to use or keep, regardless of your employment status with the company or your medical plan enrollment. The funds can then be used for eligible medical expenses tax-free. Eligible medical expenses are expenses that are considered "medically necessary" and not covered by your medical plan (or dental & vision plans).

What are some examples of eligible medical expenses to use HSA funds on?

- Plan deductibles, coinsurance and copays
- Prescription drugs or drug copayments
- Dental and orthodontia expenses
- Prescription glasses, contact lenses, or Laser vision correction

Eligible expenses do not include cosmetic procedures, treatments not supervised by a qualified health care professional, premiums for employer-provided health care plans, or other expenses that are not medically necessary. Please refer to IRS guidelines available from their website: www.irs.gov for more details on what are eligible expenses.

2024 HSA CONTRIBUTION LIMITS	SELF COVERAGE IN HSA MEDICAL PLAN	FAMILY COVERAGE IN HSA MEDICAL PLAN
Total Annual Contributions	\$4,150	\$8,300

If you are age 55 or older and not enrolled in Medicare you may contribute up to an additional \$1,000 in a catch-up contribution.

DENTAL

Principal Dental

Our dental program through Principal offers coverage that can help you maintain proper oral health.

We offer two plan levels for dental coverage -- the Base plan and the Buy-up Plan. Both are PPO plan designs that give you the freedom to receive dental care from any licensed dentist of your choice. Keep in mind, you'll receive the highest level of benefits if you select an in-network dentist versus a non-network dentist who has not agreed to provide services at negotiated member rates.

VISION

Principal VSP

Eye health is another key component of living healthy. Like oral exams, eye exams can help identify early signs of serious health conditions such as diabetes and high blood pressure. Proper eye care can also lead to the early detection and treatment of vision-related complications like glaucoma and cataracts.

Vision insurance is offered through Principal® and VSP® Vision Care. It provides choice, flexibility and savings through a VSP doctor. Keep in mind, you'll maximize your benefits by accessing care through a network provider. If you access care outside of the network you may file for reimbursements based on a moderate schedule.

FLEXIBLE SPENDING ACCOUNTS

Flexible Spending Accounts (FSA) can help you pay for health or dependent care expenses while saving on your income taxes. This is because when you participate in one or both plans, you contribute funds into the account from your paycheck with pre-tax dollars.

Health Care FSA

MAXIMUM ELECTION AMOUNT

- \$3,200 per year

The Health Care FSA plan helps you set aside pre-tax funds to pay for a wide variety of qualified health care expenses for you and your dependents. You receive a debit card to use at the point of service, or to pay a bill. Be sure to keep track of your plan because you will lose any remaining balance in your account in excess of \$640 after the end of the plan year.

Please note, if you select an HSA medical plan option you are not eligible for this benefit since the HSA program provides similar benefits. Please see the Limited Purpose Health Care FSA below.

Qualified health care expenses include:

- Copays for health services
- Prescriptions
- Hospital services
- Drug addiction charges
- Chiropractic care
- Acupuncture treatment
- Prescription eyeglasses
- Contact lenses
- Dental deductible
- Orthodontia
- Fertility treatment
- Immunizations

Limited Purpose Health Care FSA

MAXIMUM ELECTION AMOUNT

- \$3,200 per year

The Limited Purpose Health Care FSA works the same as the Health Care FSA except the Limited Purpose FSA is only for those who are also enrolled in an HSA, discussed earlier in this guide. The funds in a Limited Purpose Health Care FSA can only be used for non-medical qualified health care expenses, such as dental and vision expenses.

Dependent Care FSA

MAXIMUM ELECTION AMOUNT

- \$5,000 per year

The Dependent Care FSA plan allows you set aside tax-free dollars to help pay for the care of qualified dependents while you work or seek work. Qualified persons include your children under age 13, and parents who are your legal tax dependents. Unused money at the end of the plan year will be automatically forfeited. Qualified expenses include:

- Before and after school programs
- Care in your home or someone else's home (as long as the care giver is not your spouse or dependent and is age 19 or older)
- Licensed child care center
- Nursery school or pre-school
- Summer day care (not overnight)
